Dole, Terrible Word.
Gin, Sin, Death.
Chile Can Teach Us.
The Most Useful Age.

—By ARTHUR BRISBANE—

RAMSAY MACDONALD, heading the coalition government with Labor control thrown overboard, tells Britain:

"A typhoon was approaching and unless we could do something to avert it, it would pass over us leaving widely strewn wreckage behind."

Britain has no monopoly of that typhoon.

The country should never cease prayers of gratitude that our trouble is too much of everything, complicated by the fact that we don't know how to start the wheels going again, or how to get surplus meat and wheat into hungry stomachs, or surplus money into empty pocketbooks.

SENATOR BORAH says:

"The rich must feed the unemployed whether they do it voluntarily or not. If the rich do not contribute, then the government will have to feed them and the rich 'in the upper brackets' will have to pay the taxes."

"As a rule the poor take care of each other, those that have a little helping those that have nothing. But, in the long run, this country, while it is waiting to back off the mud bank of depression, must do what is necessary. It cannot do it by spending $500,000,000 to employ 100,000, leaving 5,000,000 or 6,000,000 others looking for work.

IF THE GOVERNMENT must take care of as many as 5,000,000 idle, it cannot be done by spending $500,000,000 for every 100,000 of them. That would cost $25,000,000,000 too much. Five million families, however, could be kept from actual want with $2,500,000,000, giving $500 to each family, for absolute necessities.

The dole is a horrible word, but the result of leaving 5,000,000 or 6,000,000 families destitute throughout the winter, while you take care of 100,000 in certain trades, by spending $500,000,000, might be more terrible than the dole.

PROHIBITION CAMPAIGNERS will tour 260 cities, to "resell prohibition to the country."

In New York and Chicago, it would be a good idea for these salesmen to wear bullet-proof vests. To attract crowds they might employ "close harmony" quartets, including one bootlegger, one racketeer, one all-around gangster and one "horrible example."

The horrible example would be the citizen who thought that you could make men temperate over night by law.

MR. KOBLER'S tabloid newspaper finds a striking news headline. It reads:

"Gin, sin and murder."

A young girl, Catherine Cronin, with good religious bringing up, was invited to one of the modern "gin parties." The girl drank much prohibition gin, and was not responsible for her actions. A "petty gangster" took her to his apartment, and there she was strangled to death.

Gentlemen about to "resell prohibition to the United States" might start with the mother of that girl.

OUR GOVERNMENT might send a commission to Chile, to report on Chile's experience with airplanes.

Rebellious sailors took possession of Chile's navy. The government sent a tiny but loyal air fleet after them with bombs. Some sailors jumped overboard, others held up their hands and quit.

That mutiny is over. Airplanes were too much for floating ships, and Chile announces "an increased air budget, as the navy surrenders to bombers."

OUR GOVERNMENT might divert to airplane building some of the millions now thrown away on floating targets called battleships.

THE CENSUS Bureau reports more old and fewer young people than 10 years ago. At present 47,608,991 are under 19 years, 36,152,869 are between 25 and 44 years of age, called "the most useful years."

Fortunately for those older, some are found useful long after 44, for instance, Goethe, who finished the second part of Faust at 72, Voltaire, Michelangelo, Titian, who did great work after 80, and von Moltke, Pope Leo and Gladstone, in their prime of usefulness past 80. A cabbage is most useful at three months, oak tree, later.

KING GEORGE of England of his own accord, contributes $250,000 a year, from his "civil lists" to help British finances. His wife, Queen Mary, and their son, the Prince of Wales, contribute in proportion.

It is to be remembered that the King's income, amounting to some $3,000,000, is not a present from the British people. It is paid to the royal family, in return for the surrender of the crown estates that belonged to the royal family as much as their holdings in New York belong to the Astor family.

The British nation gets, from the surrendered property of the King, a bigger income than it now pays him.

King George and his advisers are wise. That is why he is still on the throne.

PRISON KILLING CAUSES RIOT

SALT LAKE CITY, Sept. 9—(AP)—Louis Deathridge, serving an indeterminate sentence for robbery, was shot and killed by a guard when he attempted to escape over the wall from the Utah State Penitentiary today and in the ensuing riot a convict and a guard were reported to have been wounded.

Deathridge had thrown a hook on the end of a rope over the prison wall and had started to scale a rope ladder when he was felled by the guard's rifle before he reached the top. His body was dragged toward a cell house by fellow convicts, who were reported to have obtained arms.

D. L. Ress and C. L. Christiansen, guards, were held captive by the convicts until Warden R. E. Davis, braving bullets of the inmates, persuaded them to release the officers.

Condition of Brown Shows Improvement

The condition of County Public Works Director Norman F. Brown, who underwent an appendicitis operation in Allegheny General Hospital yesterday, was reported as improving today by his physicians who said he probably would be able to leave the hospital at the end of the week.

Director Edward G. Lang of the Pittsburgh Public Works Department, also a patient in Allegheny General Hospital, for rest and treatment will be discharged within a few days, it was said today.

PROPOSE BAN ON TEACHERS WHO SMOKE

W. C. T. U. Members Favor Dismissals; Seek Survey To Determine Conditions

The cigaret smoking school teacher, here and elsewhere, would be a thing of the past if the Allegheny County Women's Christian Temperance Union had its way.

Refusal of employment to teachers adicted to the use of tobacco in any of its many forms was asked by the W. C. T. U. in a petition adopted unanimously at the fifty-seventh annual convention in the Downtown Y. M. C. A. yesterday.

The W. C. T. U. held that teachers should set an example for their pupils and forego smoking.

Copies of the petition are to be sent to Dr. Charles E. Dickey, Allegheny County school superintendent, and Dr. Ben W. Graham, superintendent of the Pittsburgh public schools.

The W. C. T. U. indicated they would assist school officials in making a survey to determine the number of teachers who smoke.

Hoover, Clara Bow Named in Land Deed

BRADENTON, Fla., Sept. 9.—(AP)—President Hoover, Mahatma Gandhi, Jack Dempsey, Will Rogers, Clara Bow and a dozen or so other notables have joint equities in a Florida farm—if they want to defend them against foreclosure proceedings.

Announcing he was about to lose the property, valued at $10,000, for taxes, George O. Lea, state legislator and farmer, deeded the farm to nearly a score of distinguished personages.

Mail Record Broken For Ship and Plane

NEW YORK, Sept. 9.—(AP)—A mail-laden airplane that was catapulted from the deck of the liner Europa 1,275 miles from New York landed here at 8:55 a. m. (eastern daylight time) today, in what was believed to be the fastest delivery of transcontinental mail via ship and plane. The plane, piloted by Joachim Blankenburg, German aviator, effected a saving of approximately 27 hours.

Sophie Tucker Home; New Play in Baggage

NEW YORK, Sept. 9.—(AP)—Sophie Tucker returned to America on the Ile de France today with a new comedy, but no plan to show it to her countrymen.

She said she bought the comedy, "The Music Teacher," in Vienna and intends to appear in it there next year. The comedienne sported a pair of blue afternoon pajamas, and said Europe "loves everything American" in the way of music and the stage.

Powers Held Immigrant From Holland

AMSTERDAM, Sept. 9.—Harry F. Powers, the Clarksburg "Bluebeard," accused of the murders of two women and three children was born in Holland and worked as a farm laborer in his youth, it was learned today.

Records revealed Powers' real name is Harm Drenth. He was born in Beerth, in the province of Groningen, Holland, November 17, 1892.

Drenth left his native village April 6, 1910, registering with the authorities notification of his intention of emigrating to the United States. In the official record, he gave his destination as "Yowah," by which he is believed to have meant Iowa. He was unmarried.

No definite facts of his early life were available, although local officials recollected Drenth had an unfavorable reputation.

ARRIVAL RECORDED

NEW YORK, Sept. 9.—(INS.)—A study of immigration records here today revealed that a man named Drenth went through the immigration office in New York, April 19, 1910, following his arrival from Holland. His name appeared in the records as Herman Drenth.

STEEL BREAKS UNDER $80

NEW YORK, Sept. 9.—United States Steel common broke under $80 a share this afternoon, the lowest price reached by the big leader since the bear market started two years ago.

Continued selling of the market carried many of the pivotal industrials to new low figures and further pressure on the rails was noted. Reduction of the New York Central dividend from $6 to $4 a year and adverse action by numerous other corporations added to the gloomy atmosphere of the street.

Heavy selling took place in General Motors. United States Steel preferred was conspicuously weak. Steel trade reviews said the industry was hopeful, but present business was very light.

FEARS GROW FOR PACIFIC AIRMEN

Anxious Throngs Wait Under Threatening Sky; Storms Peril Route Near Goal

International News Service.

BOEING AIRPORT, SEATTLE, Wash., Sept. 9.—As the hands of the airport clock crept past 10:30 a. m., Pacific standard time (2:30 p. m., Pittsburgh time), today, no word of the progress of Don Moyle and C. A. Allen, California airmen flying from Japan to Seattle, had been received here.

The two intrepid fliers had expected to arrive here at 8:30 a. m. They estimated it would take them 44 hours to make the 4,465-mile journey when they left Samushiro Beach, Japan. This period had elapsed.

Mr. Allen

A flurry of excitement was caused among the airport attendants, newspapermen and spectators at the field when a report was long-distanced from Port Townsend, Wash., to the airport building that a plane had been sighted over that city heading east at 7:35 a. m. Hope that this ship might have been that of the trans-Pacific fliers dwindled as an hour slipped by without a sign of the monoplane. It was then revealed that the ship was a news photo machine.

Mr. Moyle

As the 44-hour period passed, anxiety was apparent on the face of aviation officials.

Weather reports today along the route of the plane were anything but favorable. A storm which was reported west of Nome, Alaska, yesterday was moving eastward and a new storm was re-

Chief and Ex-Mayor Die in Street Duel

HARTFORD, Ala., Sept. 9.—(AP)—Chief of Police J. C. Roady and J. H. Radford, former Mayor of Hartford, shot each other to death on the main street here today after an argument over operating a road scraping machine in front of the former Mayor's home.

ARMSTRONG ALSO GETS BACKING

McGovern Silence Indicates 'Understanding' With Coyne, Ex-Secretary Says

County Commissioner Joseph G. Armstrong and Senator William D. Mansfield were linked as commissioner candidates in an indorsement today by James F. Malone, who recently resigned as Secretary of Property and Supplies in the Pinchot cabinet rather than support County Commissioner Charles C. McGovern, Pinchot leader in Allegheny County.

At the same time Malone insinuated there was an agreement between McGovern and Mayor Kline to back the city administration's candidate, Senator James J. Coyne, in the present campaign. He excoriated McGovern as a counterfeit independent because he did not support the late Judge Richard W. Martin in the latter's mayoralty campaign against Kline and Malone in 1929, and declared that McGovern's course two years ago had been helpful to Kline.

M'GOVERN DENIAL

Commissioner McGovern later issued a statement denying a tie-up with Coyne or anyone else and scored Malone for disloyalty to political benefactors.

Malone said that Mansfield is representative of the "three-quarters of a million people in the county outside the city," and that "they are entitled to representation." He added:

"Armstrong has covered a wide field, he made errors, and probably will make some in the future, but he has made many hits and scored many runs, and will continue to do so.

"I am satisfied that Allegheny County will be much safer for business and citizens as a whole if the political influence of the Mayor is prevented from spreading, and if this is to be the case there is only one way to make sure, and that is by voting for Armstrong and Mansfield. Make

Wife of Cramer Aide To Hunt Lost Fliers

GRAND RAPIDS, Mich., Sept. 9.—(AP)—Mrs. Oliver L. Pacquette, whose husband was lost August 10 with Parker Cramer on a flight from the United States to Denmark, today said she is planning her own airplane expedition in an attempt to locate the two men.

Mrs. Pacquette has refused to believe that her husband and Cramer lost their lives on the flight.

Own Arrest Approved by Judge Soffel

JUDGE SARA M. SOFFEL

Holds Officer Right As Driver Passes Red Signal

Hastening to a meeting of the Parent-Teachers' Association in Ingram last night, Judge Sara M. Soffel ran through a red light in Crafton and was stopped by police. Said Judge Soffel:

"We drove through the light just as it was changing to red. The policeman stopped us and said: 'You're arrested. You went through that red light.' I said: 'Yes, he (the driver) did. I'm Judge Soffel and I'm in a hurry. I'll pay my fine or you can have a summons sent to me.' The officer replied: 'You're going to the police station.'"

At the station, the case was settled. Judge Soffel added:

"He (the officer) did the right thing. My 'boy' violated the law. It was only right."

Judge Soffel arrived at the meeting two hours late.

Alfonso May Move Family to Argentina

LONDON, Sept. 9.—(AP)—Former King Alfonso, of Spain, was credited in the Daily Express today with the intention of buying a large estate in Argentina and moving his family there from Fontainebleau. Physicians, it is said, advise the change of climate for Alfonso's oldest son.

COURT HOLDS EXTRA BOOK LIST VOID

Christy Detects Apparent Attempt at Fraud; Quiz Subordinate Assessor

Judge James H. Gray today held ineligible to register or vote 922 persons whose names appeared on an extra First Ward assessment book, after an apparent attempt at fraud had been detected by Delinquent Tax Collector Walter J. Christy.

At the same time, Churchill B. Mehard, counsel for the Registration Board, was checking issuance of tax receipts in wholesale lots to political leaders, to determine whether a scheme was involved to qualify and vote "phantoms" at the primaries next Tuesday.

16 ARRESTED

Sixteen men some charged with being repeaters and others with giving fictitious addresses, were being held today following a roundup by state police last night as the second registration day closed.

Christy, in a statement, declared that his suspicions had been aroused when, a day after all assessments were supposed to be in the hands of the delinquent tax collector, an additional book bearing the 922 names of First Ward residents was brought in. He continued:

"Since September 4, I endeavored to get information from the board (Assessment and Revision of Taxes) about this First Ward book and was not convinced that it was a legitimate assessment."

Christy took the book to Judge Gray, who questioned at length Subordinate Assessor Alpert, who had prepared the book, Christy's statement set forth. A number of the names appeared as coming from the Keystone Hotel, Forbes street.

MANAGER QUIZZED

Judge Gray quizzed the manager of the hotel, Christy said,

Bayles Hops West On Mercy Errand

SPRINGFIELD, Mass., Sept. 9.—(AP)—Lowell R. Bayles, winner of the Thompson trophy race at the national air races at Cleveland Monday, took off from Springfield Airport early today for Ashtabula, O., planning to bring back here for treatment Harry Jones and Nelson Lundgren, Gee Bee mechanics critically injured in a motorcycle accident near Ashtabula yesterday.

Bayles, who abandoned a plan to attempt a new assault upon the three-kilometer speed record at Cleveland to undertake his errand of mercy, made a quick flight here from Cleveland yesterday.

Spiritualists Hear Doyle 'Message'

THE HAGUE, Sept. 9.—(AP.)—Delegates to the world congress of Spiritualists, meeting here today, heard Mrs. Madge Donohue, attending from London, read this message, which she said she had received from the late Sir Arthur Conan Doyle:

"All's well; kind regards to everyone."

Wood Weeps as He Denies Tricking Don in Race

DETROIT, Sept. 9.—(AP)—Gar Wood, pilot of Miss America IX in the Harmsworth trophy races, today contradicted statements attributed to him Monday to the effect that he had deliberately drawn Kaye Don, British challenger in Miss England II, over the starting line, causing disqualification of both boats.

Deeply affected by comment which followed the second heat of the race on Monday, in which Wood and Don were disqualified for beating the starters' gun, Wood said the only thing he had in mind was to "beat Don over the line." He said:

"We wanted to get over first. I had ridden in Don's wash for 30 miles Sunday afternoon, and I knew what it was like. We felt if we got away first, we'd have a chance to keep the lead."

Wood said that he instructed his mechanic, Orlin Johnson, to "beat Don over the line at any cost." When they saw Don start for the line, he said, they speeded up and passed him. He continued:

"It was this earnest desire on Don's part to get the lead and our determination that he would not get the jump that caused this unfortunate mixup."

Wood wept as he discussed the statements attributed to him after the race on Monday, to the effect that he had tricked Don into beating the gun.

Five Election Officials Get Workhouse Terms

Workhouse sentences were imposed today on five members of the election board of the Fifteenth district of the Sixth ward who were found guilty last March of conspiracy to violate the election laws.

The sentences were imposed by Judge James H. Gray. Frank J. Skibo, inspector, and Robert Dizewiecki, judge, were sentenced to three years. They were found guilty of five counts. Stanley Zbrkowski, judge; Joseph Bentz and Frank Szoskoick, clerks, were sentenced to two years. They were found guilty of three counts.

During the trial, Assistant District Attorney Roy Clunk charged that 100 ballots in the O'Malley-Sullivan congressional fight had been altered by pencil marks in the primaries of May, 1930.

Attorney Charles B. Prichard, defense counsel, planned to appeal the case to Superior Court.

M'DONALD ASKS DICTATOR'S POWERS FROM PARLIAMENT

PREMIER COPIES GERMAN CRISIS PROCEDURE

Coalition Ready to Launch Rigid Economy Program To Save Pound Sterling

By OTTO D. TOLISCHUS
International News Service

LONDON, Sept. 9.—Prime Minister J. Ramsay MacDonald, presenting the coalition government's anxiously awaited national economy bill to the House of Commons today, demanded practically dictatorial powers from that body to enable him to balance Britain's top-heavy budget.

Among the powers asked by the British Premier was authority to slash the budget wherever necessary, and to impose new taxation through orders in council.

Such authority would be similar to that vested in the German Chancellor recently through the now famous financial decrees and would amount to a "democratic dictatorship."

With its position made temporarily secure by a vote of confidence of 309 to 250 returned by Parliament at the conclusion of its first day in special session, and by a second victory today on a closure motion, the coalition cabinet was prepared to launch the controversial economy measures designed to forestall a budget deficit and save the pound sterling.

COURAGE WINS PRAISE

The press was united in praise of MacDonald for his courageous step in asking a vote of confidence on the opening day of the session. The House reassembled today to pass the necessary formal resolutions for closure procedure, which will insure speedy consideration of the government's economy program.

Chancellor of the Exchequer Philip Snowden, the vitriolic financial genius who stood by Premier MacDonald throughout the crisis, will hold the center of the stage tomorrow when he outlines for the first time his supplementary budget for the present fiscal year.

On Friday the supreme test will come when MacDonald reveals the jealously-guarded secrets of his cabinet's proposals, which by means of drastic cuts in expenditures and heavy new taxations are designed to meet the deficit, now reported approaching the $1,000,000,000 mark.

CONTINUED SUPPORT SEEN

What the exact outcome of the government's plans will be is unknown, but competent political observers believe the drastic measures, recognized as essential to meet the situation, will be passed.

The vote of confidence last night was given on a technical measure for appointment of a committee on ways and means. It is generally believed Conservatives and Liberals will accord the cabinet similar support even after Premier MacDonald has revealed the emergency measures whereby he will reach down into the pockets of all Britishers of all classes to supply the wherewithal to meet the situation.

The Premier created a profound impression by the revelation he was slashing $5,000 from his own none-too-liberal salary.

Three thousand London school teachers, scrapping professional traditions, will march through the city on Friday as a protest against a proposed 15 per cent salary cut in the interest of national economy.

Unemployment Gains In Great Britain

LONDON, Sept. 9.—(INS)—Unemployment is still gaining in Great Britain according to the official figures issued by the Ministry of Labor.

These figures reveal there were 2,762,219 persons unemployed in Britain on August 24, which represented an increase of 28,000 in two weeks. The total represents an increase of 700,000 over the corresponding date last year.

Mob Tries to Storm British Union Hall

BRISTOL, Eng., Sept. 9.—(INS)—A determined band of unemployed demonstrators attempted to storm the hall where the Trades Union congress was in session today. Led by women, the mob attacked guards who tried to resist the invasion. A number of employes of the hall were injured before police dispersed the mob.

Senator Neely's Son Reveals Elopement With Girl, 16

FAIRMONT, W. Va., Sept. 9.—(AP.)—The story of how he eloped to Cumberland, Md., with the 16-year-old daughter of a Fairmont metal worker was told to a weekly editor here yesterday by John Champ Neely, [illegible] son of United States Senator M. M. Neely.

Young Neely called at a local newspaper office and announced that he and Miss Kathryn Faust, a classmate in Fairmont High School, had motored to Cumberland August 1 and were married by the Rev. W. A. Eisenberger at the First Presbyterian parsonage.

The young man was asked:

"Aren't you Senator Neely's son?"

He replied:

"Yes, but you needn't mention that."

Senator Neely said today he had learned of his son's marriage only yesterday. He declined to comment further.

The young couple, seniors in high school, are making their home with the bride's father, Henry Faust.

LETTERS POUR IN

CLARKSBURG, W. Va., Sept. 9.—(AP)—Letters arriving from women all over the country are being traced by Clarksburg police in the hope they will throw new light on the operations of Harry F. Powers, 42-year-old matrimonial agent who has confessed slaying two women and three children.

More than a score of letters were received yesterday by Chief of Police Clarence Duckworth.

One letter, signed "A Young Widow," from Erie, Pa., told of a call made on her by a man who gave his name as George Payne. He told her she wrote that Cornelius O. Pierson, lock box 277, Clarksburg, W. Va., could get her a good job. He also advised her to write to box 100, Detroit.

Later she wrote she received two letters from Pierson in which he inquired about her funds and her family. She ceased corresponding. Powers used the alias Cornelius O. Pierson.

GAVE OHIO ADDRESSES

A Buffalo, N. Y., woman who did not sign her letter, said she had corresponded with Powers in 1925. He gave his address as Crestline, O., and Mansfield, O., the writer said. She received his picture and two letters.

Mrs. Jessie Shirren, Jackson, Miss., wrote that she was sure Powers operated in that state a few years ago. She suggested that inquiry should be made in East Chicago, Ind.

Powers recently confessed slaying Mrs. Asta Buick Eicher and her three children and Mrs. Dorothy P. Lemke. Their bodies were found in a ditch six miles from here.

Mrs. Eicher's Home Up for Auction Sale

CHICAGO, Sept. 9.—(AP)—The home and personal effects of Mrs. Asta Buick Eicher, Park Ridge widow, for whose slaying Harry Powers is held at Clarksburg, W. Va., will be sold at auction Friday by the Public Administrator.

Mrs. Eicher's home is mortgaged at $7,000 and is expected to bring no more than $4,000. Her personal belongings may aggregate $1,000.

FORMER CHIEF FACES CHARGE

William Campbell, former Swissvale chief of police, is charged with aggravated assault and battery on information by Steve Johnzowich, 31, of West Winfield, before Justice of the Peace Francis V. Sabino of Rankin. Campbell was released on a $1,000 bond.

Campbell declared Johnzowich ago at the request of the Borough Council after he was charged by Burgess William T. Pyle with conduct unbecoming an officer.

Campbell declared Janzowich was arrested August 1 and was injured in a police station of another borough where he was originally arrested.

DR. WISHART QUITS PULPIT

The Rev. Dr. W. I. Wishart, 68, pastor of the Eighth United Presbyterian Church, Perrysville avenue and Burgess street, since its inception more than 40 years ago and former moderator of the United Presbyterian General Assembly, tendered his resignation to his congregation Sunday, it became known today.

Dr. Wishart has been in ill health for more than a year and showing no improvement after his vacation, resigned on advice of his physician, according to his son, the Rev. W. L. Wishart. The congregation will act on the resignation next Wednesday.

His condition was said to have been rendered worse by the death yesterday of his sister, Miss Agnes Wishart, for many years city missionary in charge of the Good Hope Mission in the Penn avenue district.

The son also tendered his resignation Sunday as pastor of the Second United Presbyterian Church, Washington, Pa., to accept a call to the Sharon Presbyterian Church October 1.

RESERVE BANKS' AID IN RELIEF SOUGHT

Hoover Taking Active Part in Seeking Way to Help Sell Cotton and Wheat

By WILLIAM S. NEAL
International News Service

WASHINGTON, Sept. 9.—The Federal Reserve banks, with their tremendous cash and credit resources, were drawn into the depressing cotton and wheat picture today, although the exact part they may play in the relief role remained obscure behind a wall of official silence.

The belief persisted, however, that the administration is endeavoring to find a way for the banks either to finance cotton and wheat sales to foreign countries on long term credits or to finance directly the hard-hit producers in the South and West. The Federal Reserve System does not lend itself readily to such schemes, but nevertheless ways and means are being studied.

HOOVER ACTIVE

President Hoover, who last week announced acceptance of the Chinese wheat deal after the Farm Board had denied its completion, was taking an active part in negotiations to relieve the agricultural situation.

Meanwhile, apparently dissatisfied with the efforts of federal, state and municipal governments to relieve unemployment, the American Legion, with its membership of 1,100,000 World War veterans, has undertaken a peacetime offensive to alleviate economic depression.

OFFICIALS INVITED

Inviting governors, mayors, representatives of capital, labor and industry, the Legion today was preparing for an unemployment relief conference here next week. It will seek to draft a program destined to put millions of idle workers into contact with profitable jobs. Incidentally, it will mark the first time in the Legion's history that it has attempted national leadership in the solution of an economic problem.

The conference was called by Ralph T. O'Neil, national commander of the Legion, after President Hoover had declined to act. If the representatives of capital, labor and industry can agree upon a relief program, the Legionnaires will throw their vast nation-wide organization into the effort to carry it into effect.

The most significant feature is that the Legion has definitely taken up an economic issue on a national scale. It may well mark the first step toward fulfilling the recent prediction of Maj. Gen. James G. Harbord that it would soon "become the duty of the Legion to take control of the government."

Meanwhile instructions to local Red Cross chapters under which they may extend unemployment relief next winter were being drafted today at national headquarters.

John Barton Payne, national chairman, was preparing a letter to all Red Cross chapters instructing them to use their own funds for relief of the jobless if distress was not being cared for by other agencies.

18 Held in Attack On Clothing Plant

PASSAIC, N. J., Sept. 9.—(AP)—Eighteen men who police said stormed a clothing plant and chased its 200 workers into the street were charged with disorderly conduct and held without bail for hearing.

No motive was offered for the entrance into the plant of the Columbia Clothing Company. The 18 men charged into the second floor of the plant and amid shouting and alleged jostling, ordered the employes at work to leave.

[illegible] pilots, however, declared there was no cause yet for anxiety, pointing out that the fliers may have taken a longer route than originally planned in order to take advantage of more favorable weather.

They pointed out the plane carried fuel for at least 47 hours' flight and expressed the belief Moyle and Allen might remain in the air even long than their estimated period if they husbanded their fuel supply.

INSURED FOR BACKERS

TOKIO, Sept. 9.—(AP)—One of the last acts of Don Moyle and C. A. Allen before they took off on their flight to Seattle was to provide for reimbursement of their financial backers through an insurance policy in the event they perished.

Just before the takeoff at Samushiro Beach, the American fliers turned over to a friend for dispatch to Los Angeles a certificate of proof of their departure from Japan by airplane.

Romance Awaits Moyle, Reconciliation for Allen

LOS ANGELES, Sept. 9.—(AP)—Romance has grown out of the trans-Pacific flight attempt of Don Moyle and C. A. Allen.

Hoping to reach Seattle early today, Miss Frances Bresson, 28, fiancee of Moyle, left Riverside, Cal., yesterday by plane to meet him.

At Pomona, Miss Bresson and the plane pilot, Fritz Secor, picked up her brother, Frank R. Bresson, a backer of the Pacific hop, their mother, Mrs. Marie Bresson, and Miss Myrtle Green. The latter and Secor plan to be married in Seattle.

Allen is awaited here by his young wife, separated from him for some time, but she said today, estranged no longer. Mrs. Allen produced letters which she said he had written from Japan, indicating that differences which originated several months ago, had been removed. She said:

"My husband and I understand each other and he knows I am pulling for him with all my heart. The future is all that counts."

Mrs. Delphia Redfern, mother of Allen, said she and Cecil's half brother, Donald Redfern, would leave by airplane today to meet her son in Seattle.

Herndon, Pangborn Ask Hoover Help Lift Ban

TOKIO, Sept. 9.—(AP)—Hugh Herndon and Clyde Pangborn, American aviators, sent a cablegram to President Hoover today requesting him to aid them in obtaining a permit from Japanese authorities to start a nonstop flight from Japan to America.

The fliers appealed to the President after all other interests working in their behalf failed. Herndon and Pangborn were fined recently for having photographed Japanese' fortifications while flying from Siberia.

HOOVER LAUDS MOTHER OF RED CROSS

Takes Veiled Slap at Dole Move in Speech for Clara Barton Exercises

International News Service

WASHINGTON, Sept. 9.—President Hoover today led a nation-wide radio celebration of the fiftieth anniversary of the founding of the American Red Cross under the guidance of Clara Barton.

Speaking, with Gov. Roosevelt, of New York, and others on a general hook-up which specifically was directed to Dansville (N. Y.) where the famous nurse organized the Clara Barton Chapter, Number One, half a century ago, the President said:

"The 50 years which have passed since that pioneer beginning have written a chapter in the world-wide relief of human suffering which is a fitting memorial to Miss Barton and a proud tradition to her countrymen."

From the first chapter, Mr. Hoover noted, has grown an organization of some 3,500 chapters all over the country, numbering as high as 20,000,000 members in times of emergency, which has spent nearly a billion dollars in humanitarian work, He asserted.

"The national organization has become our nation's assurance of adequate, prompt and efficient handling of any catastrophe within our borders. It is the flowering of the spiritual impulse to serve the common need. It represents both the common impulse of sympathetic help and the mechanism for its practical expression. It stands as a monument to individual and local initiative. It proves the ability of a democracy to crate from the people themselves the agencies for their service."

The President particularly lauded the part women have played in building up the Red Cross, declaring:

"Women's interest in the prevention of suffering and in ministrations of mercy to those in sickness, peril and need is the foundation of the Red Cross organization, which has been fittingly described as 'the greatest mother of them all.' To Miss Barton, Miss Mabel Boardman, and the many thousands of other devoted women, in all localities of this broad land, the cause of prompt, effective and sympathetic alleviation of suffering and distress owes its debt of gratitude and remembrance. To the men who give their service—of whom there is no greater example than Judge (John Barton) Payne—I also pay tribute."

Miss Barton saw heroic service in the Civil War and Franco-Prussian War and later was in charge of relief in Cuba during the war with Spain. For a quarter of a century there was no disaster from flood, fire, famine or pestilence in the world that did not find her laboring for the cause of humanity.

She served as president of the American Red Cross for 23 years, retiring eight years before her death in 1912 at Glen Echo, Md., at the age of 91.

THOUSANDS AT DANSVILLE

DANSVILLE, N. Y., Sept. 9.—(AP)—A nation's tribute to Clara Barton, mother of the Red Cross, was offered today at a celebration in commemoration of the founding 50 years ago in this little health center of the first chapter of the American Red Cross.

The vanguard of an audience expected to reach 30,000 began gathering early in the day at Stony Brook State Park, one mile south of this village.

EDISON, 'FAILING,' SHUNS OXYGEN TANK, INSISTS ON RIDES

INVENTOR OUT DAILY IN AUTO WITH WIFE

Spurns Device as Relief From Dizzy Spells; Son Denies Mind Is Affected

WEST ORANGE, N. J., Sept. 9. (AP.)—Despite the opinion of his physician that he is slowly and definitely failing, Thomas A. Edison insists upon getting his oxygen in daily automobile rides and has firmly refused to take any from the tank which is kept in his room.

Dr. Herbert S. Howe, the inventor's personal physician, believes there is no reason for immediate concern. He explained:

"When I say that Mr. Edison is slowly and definitely failing, I do not necessarily mean that he cannot live. He might surprise us."

BALKS AT TANK

Edison, who suffered a collapse several weeks ago, has been suffering from uremic poisoning, diabetes, ulcers of the stomach and Bright's disease.

Dr. Howe said he had an oxygen tank placed in Edison's sleeping room, observing:

"I wanted the oxygen used to give Mr. Edison relief during dizzy spells he has been having lately, but he has firmly refused to take any."

Every day Edison insists upon taking an automobile ride with Mrs. Edison in an open car. Some days he goes out morning and afternoon, remaining two hours at a time.

DENIES MIND AFFECTED

Charles Edison, his son, while saying that his father was not quite as well as he was a week or two ago, denied that his physical condition has affected his mind. He said:

"The rumor that his mind is damaged is just silly and probably arose from the fact that after he collapsed some time ago he was a little delirious."

A day and a night nurse are in attendance at the Edison home in Llewellyn Park and Dr. Howe makes daily visits.

Edison passed a "fair" night last night, his physician said. This morning he took his usual automobile ride, climbing into his car unassisted.

GANDHI TAKES FLING AT U. S.

ABOARD S. S. RAJPUTANA, Sept. 9.—(Universal, by Radio.)—Mahatma M. K. Gandhi, leader of India's nationalist millions, today drew a parallel between Britain's government of India and the United States' rule in the Philippine Islands.

Gandhi, en route to the second all-India round table conference at London, said:

"The nations must curb their desire to exploit weaker races. America has no right to exploit the Philippines, nor Britain India. Both are equally wicked."

The mahatma today found himself no longer a novelty to the other passengers aboard the Rajputana. Almost neglected, he squatted over his spinning wheel in the stern of the ship, while passengers played quoits within five yards of him, completely unconcerned at his near nakedness.

Struck With Bottle Woman in Hospital

Mrs. Stella Wapinska, 45, of 3717 Butler street, was in St. Francis Hospital today with a possible fracture of the skull suffered, police said, when she was struck on the head with a bottle during a fight at 3433 Butler street, last night.

At first she said she was struck by an automobile, but later told police she had been hit by Viola Trojan, 42, of 3433 Butler street. Mrs. Trojan, Mrs. Mary Isle, 45, and John Supehock, 35, all of 3433 Butler street, were arrested.

ACCUSE POLICE IN GAMBLER'S KIDNAPING

Probers Charge Chicago Thugs Bought Freedom; Five Held in Abductions

DECATUR, Ill., Sept. 9. (AP.) — Lieut. William Cusack, of the Chicago detective bureau, said today James Hackett, Blue Island (Ill.) gambler, had positively identified Monte Moore, under arrest here, as one of the men who kidnaped him for $75,000 ransom last May.

Cusack expected to take Moore and four other prisoners to Chicago today. The other men are Morris Littrell and John Essinger of Springfield, arrested with Moore; Joseph Yates, who was picked up early today as a friend of Moore, and William Wallace.

WILL BE GRILLED

Yates and Moore were also to be questioned as possible suspects in the kidnaping of John J. Lynch, millionaire Chicago turfman, who was released after his friends were reported to have paid $50,000 ransom.

Wallace was arrested today. He, Moore and Yates were arrested in St. Louis last July with $23,000 in securities in their possession that had been stolen from the Sheridan Trust and Savings Bank of Chicago. That case later was dismissed. Hackett was kidnaped last May. He was released when his wife was reported to have sent $75,000.

BRIBERY CHARGED

Pat Roche, chief investigator for the Cook County (Chicago) state's attorney, charged in Chicago today that Hackett's kidnapers were arrested last May and "bought their freedom with a $50,000 bribe." Roche refused to reveal the source of his information and said he did not know whether the officers supposedly involved were local, county or state.

Roche was in charge of the Lynch kidnaping investigation. He at one time ordered the arrest of "Scarface Al" Capone. The order has not yet been carried out.

Mother-in-Law Slain, Wife Shot by Vet

WABASH, Ind., Sept. 9.—(INS.)—Mrs. Sam Eckles, 57, was shot and killed and her foster daughter, Mrs. Emory Templeton, 30, was wounded when Emory Templeton, 35, World War veteran, ran amuck with a .32-caliber automatic at the Templeton home near here today. Mrs. Templeton is expected to die.

Templeton fled and a large posse was searching for him. Templeton and his wife had been estranged since she filed an insanity charge against him.

CAPONE INCOME TAX TRIAL SET

CHICAGO, Sept. 9.—(AP.)—A showdown between the government and Alphonse Capone was a step nearer today.

This became apparent when the status of the charges against the gang chief was cleared somewhat by Federal Judge James H. Wilkerson yesterday in granting Capone permission to withdraw his plea of guilty to an indictment charging conspiracy to violate the prohibition law. At the same time Judge Wilkerson set October 6 as the date for Capone to go on trial on a charge of income tax delinquencies totaling about $2,000,000.

Michael Ahearn, the gangster's lawyer, moved immediately to quash the liquor indictment, but hearing on this question was continued indefinitely.

Judge Wilkerson said he allowed the defendant to change his pleas of guilty to not guilty because of a compromise agreement in which the court could not concur.

BOY SHOT, SEEK PLAYMATE

A 9-year-old boy lies in McKeesport Hospital today with a bullet wound in his neck, while constables from Glen Mawr, McKeesport community, are seeking a playmate charged with the shooting.

Jack Ring, the injured boy, told constables from Justice of the Peace Bernard Volk's office that he was playing in his yard with a paper-wad gun when a neighbor child joined him late yesterday.

The second boy, who Jack said was about 14, had a 22 caliber revolver.

He pointed it at the younger boy, according to the latter's story, and pulled the trigger. It failed to fire. He tried a second time, Jack said, and the bullet struck him in the neck.

Although the Ring boy denied knowing the other youngster's name, the constables said they knew his identity and expected to question him today.

WILKINS' MEN 'REVEL' AMID STEAM BATHS

ABOARD SUBMARINE NAUTILUS, Longyear City, Spitzbergen, Sept. 9. — Battered by the Arctic, the Nautilus put in to the harbor at Longyear City late yesterday just three weeks and a day after her departure on the hazardous cruise toward the North Pole.

The sharp nose of our staunch little craft shoved into the harbor to find comparatively calm weather after a severe storm.

SPECIMENS PACKED

All our crew were well, but happy to get ashore, especially to enjoy the steam baths readily obtainable through the courtesy of A. A. Sgaard, mine manager here.

Scientists aboard the Nautilus have been busy checking their observations and packing the specimens obtained from the depths and bottom of the Arctic Ocean.

It will take us a day or two to prepare the Nautilus for another sea journey. As yet we have not decided whether we shall proceed in a direct line for New York, via Iceland, or return via Bergen, Norway.

Sverdrup and Dored, Norwegian scientists, have decided to go to Norway on a steamer leaving for Horstad immediately.

THROWN FROM BUNK

Thrashing through the worst storm we have experienced since leaving New York, the Nautilus, bound toward Danes Island, was driven far south.

All hatches had to be battened down. The ship rolled to an almost impossible degree. Some of the crew, as well as the writer, were thrown clear out of their bunks during the night.

Fortunately no one was seriously hurt, although my ribs and left arm are black and blue with bruises.

The waves and wind combined swept away our slender radio mast. The deck had been cleared of everything except the mast and the thin steel lifeline. In Kross fiord we were able to repair the radio mast and readjust equipment, which had been piled to one side of the compartments by the storm.

HELPING HAND AIDS CANNING

Men of the Helping Hand, under supervision of experts of North Side food preserving companies, today began canning vegetables and fruits for needy families, in the plant of the former Lee Chattaway Jacobs Company, Spring Garden avenue.

Fifteen men went on duty at midnight, peeling bushels of fruit which had been donated by farmers and suburban residents. Eight hours later another group of men took up the more difficult task of preparing the fruit for canning.

Churches also began canning operations, according to reports reaching Harry I. Miller, one of the organizers of the Helping Hand and promoter of the canning drive.

Rare Serum Sped By Air to Save Woman's Life

BUFFALO, Sept. 9.—(INS.)—A rare serum designed to combat Addison's disease will be rushed by plane from here to Chicago late today in an effort to save the life of Mrs. Andrew Nelson.

The only supply of the serum in the United States is held by the University of Buffalo, which has agreed to sacrifice its supply at the urgent request of the University of Chicago.

Mrs. Nelson, mother of six children, was reported as having barely survived an attack of the heretofore incurable disease a week ago, and Chicago medical authorities stated that nothing except the Buffalo serumn, known as cortin, could save her life.

GUATEMALA OUT OF LEAGUE

GENEVA, Sept. 9.—(INS.)—The Guatemalan delegate today announced his government's withdrawal from the League of Nations Council, explaining that participation was "too expensive" during the present economic crisis.

M. Yoshisawa, Japanese delegate, told the council that his nation had gone the limit in the matter of disarmament. He said:

"Japan has disbanded four army divisions since the war, and the remainder represents 65 per cent of our pre-war strength.

"We hope that our neighbors, upon whom Japan's security depends, will equal Japan's intention."

Canada's support for the principle of "arbitration, security and disarmament"—the French formula—was announced to the assembly by Hugh Guthrie, Canadian delegate, who is making his first appearance at Geneva.

TRUCK CRASHES INTO BEDROOM

R. L. Smith, his wife and 17-month-old daughter, Loretto, of 331 West Carson street, were aroused from sleep at 3 a. m. today when a huge truck bumped against their bedroom wall, after crashing into Smith's confectionery at that address.

August Backaus, 44, of 323 Morgan street, Oakland, truck driver, was treated in Ohio Valley Hospital for cuts and bruises. Police said he lost control of the truck when the steering gear broke.

2 Youthful Killers Face Trial in West

DENVER, Sept. 9.—(AP.)—Two youths, who came from adjoining Illinois towns to become robbers in the West, were held here today, one for the slaying of a policeman and the other for the death of a hitch hiker he had first befriended.

Albert Carlson, confessed slayer of Patrolman William Keating in a robbery here a week ago, is awaiting trial. Police said the other, John Markham, has confessed he shot and killed Stanley Moore.

Boston Girl Sues Widow for $100,000

BOSTON, Sept. 9.—(AP.)—Miss Mildred King, of Boston, yesterday sued Mrs. Henrietta G. Hartford, wealthy Newport, R. I., widow, for $100,000, charging Mrs. Hartford failed to live up to agreements made regarding the widow's son and his affairs.

The suit says young Hartford was infatuated with a New York woman when Mrs. Hartford brought him to Boston to keep him from her.

Girl Film Aspirant Balked, Man Jailed

NEW YORK, Sept. 9.—(AP.)—Emily Grinnell, 15, 6 feet tall, weight 170 pounds, who hoped to become a movie star, left for her home in New Bedford, Mass., today accompanied by her parents, Mr. and Mrs. Lawrence Grinnell.

She was found in a hotel registered as Miss Betty Marshall. A 22-year-old youth, who police say is a student at the University of California, was arrested later and held as a fugitive from justice. He gave his name as Henry Bernstein.

Sea Fliers Ineligible For Seattle Prize

SEATTLE, Sept. 9.—(AP.)—W. W. Conner, governor for Washington of the National Aeronautic Association, today said no changes had been made in the terms of the $28,000 Seattle prize money for a non-stop Pacific flight so that Don Moyle and C. A. Allen might be eligible. He said:

"The terms of the Seattle prize call for a takeoff or landing within 50 miles of Tokio or a takeoff or landing within 10 miles of Seattle. Even though these men land here they did not comply with the rules when they took off from Samushiro Beach and can't be considered."

L. K. Clothier Killed With Flying Officer

Gold Star Mothers Attend Dawes Tea

LONDON, Sept. 9.—(AP.)—A party of 118 Gold Star mothers and widows, most of whom lost their sons and husbands at sea during the war, were guests of Ambassador Dawes and Mrs. Dawes at tea in the American embassy today. They will leave England tomorrow aboard the George Washington after having placed wreaths in Brookwood Cemetery.

Man in Oil City Plot Removed to Asylum

OIL CITY, Pa., Sept. 9.—John Bromley, 60-year-old locksmith who confessed sending threatening letters to Mrs. A. C. Merck, wealthy Oil City society woman, was removed to the State Asylum for the Insane at North Warren today, following recommendation of mental experts. Bromley had demanded $15,000 from Mrs. Merck on threat that she would be killed if she did not pay.

Elsie Janis Turns Sky-Writing Author

NEW YORK, Sept. 9.—(AP.)—Elsie Janis, erstwhile of the stage and now pursuing a writing career for the talkies, is en route by airplane to Hollywood, typing a story as she flies, it became known yesterday. Miss Janis said she found a plane an excellent place for working. She explained:

"You get that detached feeling. Nobody ever drops in."

JUDGE SOFFEL SLATES TALKS

Judge Sara M. Soffel, candidate to succeed herself to the County Court bench, will discuss the Juvenile Court branch over which she presides, in a broadcast at 3:15 p. m. tomorrow over KDKA under auspices of the Southwestern District of the Federation of Women's Clubs.

Yesterday's addition to the list of women's organizations that have indorsed Judge Soffel included: Wilkinsburg Council of Republican Women, Business and Professional Women's Club of Pittsburgh, Chartiers Valley Women's Association, Berkeley Hills Community Club, Seventh Ward Progressive Club, Dormont New Century Juniors, Italo-American Social Club of Beechview, Women's Republican Club of the Thirty-first Ward, Wilkinsburg Civic Club, Women's Advertising Club, Business and Professional Women's Club of Wilkinsburg.

She has been indorsed also by the Republican organizations of Scott and West Deer townships.

WOMEN HONOR EWING AT TEA

More than 300 women attended a tea given yesterday in the William Penn Hotel in honor of Attorney William M. Ewing, candidate for Judge of Common Pleas Court. Mrs. Ewing was hostess and Mrs. Fred Wagner presided. Addresses were made by Attorney Ewing and Judge Sara M. Soffel, candidate for a full term of the County Court bench.

Pointing out that Judges should not be under the influence of any political organization and that any appointment almost invariably indicated payment of political obligations, Ewing urged support for independent judicial candidates in speeches last night at Thaddeus Stevens School and at Lincoln Park.

COYNE BACKED BY RAIL MEN

Unanimous indorsement by Gettysburg Lodge No. 219, Brotherhood of Locomotive Firemen and Enginemen, has been given the candidacy of State Senator James J. Coyne for County Commissioner. Notification of the indorsement was forwarded to Coyne's headquarters by Lester B. Eidson, lodge secretary, and C. P. Wilson, legal representative.

Eidson explained that the indorsement was given after the lodge gave careful consideration to the candidates for County Commissioner and found that:

"James J. Coyne is worthy of indorsement and support for the excellent record he has as a member of the state House of Representatives and of the Senate."

INDEPENDENTS HOLD RALLY IN CARNEGIE

Smith and Corbett Address Voters at Lawn Meeting; Mismanagement Scored

James O. Corbett, independent Republican candidate for Recorder of Deeds, was host at a political meeting last night on the lawn of his home, 433 Beechwood avenue, Carnegie. Mrs. Sidney L. Davis, chairman of the women's division of the Corbett independents, presided.

Corbett and Ralph H. Smith, candidate for District Attorney, spoke in addition to two residents of Carnegie who are running for Judge of County Court, D. Paul [illegible] incumbent, and Clarence B. Nash.

Independent Republican candidates have been invited to join other aspirants for county offices [illegible] the Union High School, [illegible] Creek, under auspices of the Caledonian Club.

DORMONT RALLIES

Tomorrow night the independent candidates will speak at a rally at 7 p. m. in Washington School, where George Myers will preside, and at 8:30 p. m. in the Hillsdale School, Dormont, with Edmund H. Gittell in charge, at a mass meeting in Peabody High School, where Mrs. George H. Albertson and H. F. Scherrer will have charge, and at a rally in [illegible] Place School, Thirty-first Ward.

Ralph H. Smith will speak at a meeting of independent Republican women at 2 p. m. Friday in the Keystone Club. Mrs. Mary T. Horne will preside.

Next Monday night the Independent Republican candidates will address a mass meeting of Thirtieth Ward citizens in Knoxville Junior High School. The meeting will be in charge of H. B. McNutt, H. C. McCormack and Miss Callie Church.

TAX RAISE FEARED

In Carnegie last night Corbett said that the re-election of C. C. McGovern as County Commissioner was imperative.

In East End independent headquarters last night Miss Lois Walker, member of the National Suffrage League and the Pennsylvania Council of Republican Women, referred to the fight waged by McGovern in the interest of the people.

Other speakers included Attorney Edward O. Spotts, U. S. Vryan, candidate for Judge of County Court; Charles G. Notari, who spoke in behalf of the candidacy of Thomas M. Marshall for Judge of Common Pleas Court, and Attorneys M. A. Shapira and Fenton Wilt.

SEVENTH WARD MEETING

Independent councilmanic aspirants will speak at a meeting of the Seventh Ward Independent Republicans in Liberty school tomorrow evening.

Speaking in Tarentum, Natrona, the Schaeffer school, Twenty-eighth Ward, and in Samuel Hamilton school, Ross Township, last night, Henry Tranter, candidate for County Treasurer, pleaded for the nomination of the entire Independent ticket.

In a statement Senator C. M. Barr replied to Controller R. G. Woodside's radio address urging the election of Commissioner J. G. Armstrong.

John D. Houston, Independent candidate for Council, in a noon address today at Independent headquarters, said:

"The issues in this councilmanic campaign were created by six years of the Kline administration. These are the issues—high taxes, extravagance and racketeering."

OFFICIAL LAUDS ARMSTRONG

County Controller Robert G. Woodside, candidate for re-election, broadcast over KDKA last night in behalf of the candidacy of County Commissioner Joseph G. Armstrong, who is seeking another term. He said:

"I have grown to admire the ability, vision and integrity of the chairman of the board, Mr. Armstrong, and consider him one of the outstanding public officials of the state. He is without doubt the best qualified man who is a candidate at this time for the office of County Commissioner."

Referring to his own office, Woodside declared:

"When I took over the office I found it to be in a terrible mess. It took me six months to place records, which were scattered everywhere, in their proper files. Some documents are still missing, one being a warrant for $600,000. I am certain no real disciple of the great Roosevelt would permit his office to get into such a deplorable condition."

Woodside's predecessor in the Controller's office was County Commissioner C. C. McGovern.

Park's Work Lauded By Woman Attorney

Mrs. Lois Downs McBride, attorney, addressing women voters at a tea in the Fort Pitt Hotel today, praised the work of District Attorney Andrew T. Park. She said:

"There is an increasing number of boys and girls coming into Criminal Court each year. Mr. Park is vitally interested in the welfare of these young people. I know that Mr. Park has no political or other affiliations that would handicap him in serving everyone for the best welfare in Criminal Court."

Spanish Deputy Can't Stand King, Even in Poker

MADRID, Sept. 9.—(INS) Elimination of anything pertaining to royalty — including the kings in a poker deck — was recommended by a radical Socialist deputy to the constituent Cortes today.

The deputy announced he will submit a bill prohibiting makers of playing cards from including a king in the deck on the ground that it reminds people of royalty.

H[illegible], county poor director, is being swamped with requests for shoes for children of needy parents, also stockings and other clothing. The demand for assistance of this kind is the greatest in the history of the county.

McKeesport Club Indorses McGrath

Addressing the Seventh Ward Progressive Club of McKeesport last night, Attorney John J. McGrath, candidate for judge of County Court, declared that the increasing volume of business in the juvenile court branch has reached such proportions that a separate tribunal should be established to deal exclusively with youthful delinquents and dependent children. McGrath received the club's indorsement.

Sleep-Walking Wife, Man Fall From Roof

NOBLESVILLE, Ind., Sept. 9.—(AP) Emerson Isgrigg and his wife, a somnambulist, both were suffering painful injuries today. Isgrigg heard a noise yesterday and found his wife about to step on to a veranda roof, walking in her sleep. He reached her at the edge and his touch wakened her. She stumbled and fell off the roof, pulling her husband after her.

COURT BARS 922 FIRST WARD VOTERS

Christy Detects Apparent Attempt at Fraud; Quiz Subordinate Assessor

(Continued from Page One)

and this morning he reported to the court that while some of the persons named in the lists lived there they had tax receipts issued regularly through the Treasurer's office.

Judge Gray ordered Christy not to accept the extra book or to issue any receipts on it. Christy concluded:

"Of the 922 names assessed on the 'A. E.' (extra) book, 529 persons came in with certificates and obtained tax receipts September 2. The Judge instructed me to certify the names of 529 First Ward persons to the Board of Registration Commissioners so that if they have registered their names can be stricken from the registry."

While the Registration Board was busied in checking suspected illegal registrations on the first two registration days, the election fraud committee of the Bar Association was engaged in the office of County Treasurer John Francies investigating tax orders on which thousands of tax receipts were issued with the possible result that thousands of extra assessments made under the Coyne 50-cent poll tax law will be voided.

13 Arrested in Registration Disturbances and Fakes

A roundup by state police brought here to prevent cheating at the second day's registration last night resulted in the arrest of 13 men in connection with disturbances and fake registration in the Third Ward.

Two of the prisoners were charged with registration fraud and 11 Negroes with disturbances. Two others were accused of fraud in the Fourteenth Ward. Informations were filed against all today.

Anthony Siano, Sixth district chairman of the Third Ward, Leutenant of Alderman John J. Verona, troopers said, had a bundle of six "rubbed" tax receipts in his possession. Troopers also arrested Anthony Sivla after they saw him hand Siano receipts and money, they said. Both were charged with conspiracy to violate the registration laws before Alderman A. J. Henning by the Registration Board.

"Lakie" Grossman, attache of the Coyne-Kline headquarters, and Joseph Williams were charged with conspiracy to violate the registration laws and subornation of perjury in connection with alleged fraudulent registrations in the Fourteenth Ward.

Eleven Negroes, who are said to have created a disturbance at the Letsche School last night, were charged with carrying concealed weapons, carrying firearms without a license and inciting to riot.

Disorders were at a minimum at the registration polls last night, due to the presence of 32 troopers from Greensburg barracks, under Lieut. Thomas C. Martin.

FIFTY CITY OFFICERS

The state police were augmented by 50 city officers assigned to Downtown and Hill trouble zones and 10 county detectives detailed by District Attorney Andrew T. Park to duty under the Registration Commission.

Park has promised the commission that his office will co-operate in every way in prosecution of vote frauds.

Confessions from several of the alleged repeaters and "phantom" voters were taken by Peter A. Connors, chief investigator for the Registration Commission.

FRAUD FEARED

Members of the Registration Commission believed that hundreds of "phantoms" had been enrolled in other wards as well as in the Fourteenth and Second wards. Warrants will be issued for those implicated, Connors said.

Harold Clark, 223 Oakland avenue, was said to have confessed to Connors that he had been "hired" by Grossman to "become a registration man on legitimate tax receipts."

Clark was taken in a car with Williams and a Daniel Rebyer, of 1716 Wightmon street, and one other man, and registered in the Twenty-eighth District of the Fourteenth Ward as Milton Frost, of 1716 Wightman street, he said. He was held for perjury and Rebyer for subordation of perjury. Later, Abe Modele, of 2426 Fifth avenue, was apprehended in the same neighborhood and questioned.

"PHANTOM" SUSPECTS

As the polls were closing, Trooper Kirpatrick and registration investigators arrested Clayton Swisher, who said he was from Clearfield, Pa., but had lived at the Improvement of the Poor for the past 10 days, and William Lipanska, who gave his address as 2515 Aliquippa street. The youths, both about 22, had registered in the old city hall, Smithfield street, First District of the Second Ward.

Swisher told Connors he was "broke," and an unidentified man gave him 10 cents and a tax receipt to register. Lipanska lived in the Fifth Ward. He was uncommunicative, except to give four different names before he convinced Connors he was giving the right one.

Wool Frocks with Fur Jackets

In the Misses' Shop

$39.50

Sheer wool and fur are so closely allied in the new fashion picture, that five out of ten smart sheer wool frocks are either trimmed with fur or are completed by fur jackets.

In these particular costumes, jackets of beige lapin are worn over green wool dresses, and nutria-shade lapin over frocks in Spanish tile. And jackets of feather-light, imported sand weasel in soft, golden tones, go with frocks in green, Spanish tile or brown.

EXPECT BOOMERANG

[illegible]

[illegible] be an open intensity [illegible] bitterness of the campaign which heretofore has been much beneath the surface.

MALONE'S STATEMENT

One of the most important primary election campaigns Pittsburgh has ever faced is now on and the candidates for various offices will be nominated next Tuesday.

Politics affect business just as seriously as other economic questions affect business. The people have suffered severely from the present depression. Pittsburgh and Allegheny County have had their share of the suffering. In many respects they suffered more than other places because the suffering from the natural depression was enhanced greatly by reason of the political conditions in Pittsburgh and the kind of public service rendered.

"A serious crisis faces the people of Allegheny County in the selection of men to fill the various offices, especially the County Commissioners office. It is not necessary to emphasize to the people of Pittsburgh and Allegheny County the kind of government or politics that we have had in Pittsburgh in the last two or three years, under the leadership of the Mayor, and if the people are aware and I am sure they are, of the real conditions in Pittsburgh, they will be very hesitant in permitting those same conditions to extend all over Allegheny County, and that is just exactly what the Mayor is endeavoring to bring about, and if the people of Allegheny County are to at least hold their own, they must do some profound thinking and earnest working during the next week.

TWO TO BE NOMINATED

"There are two candidates to be nominated for the office of County Commissioner. To date the Mayor has indorsed only one candidate, Senator Coyne, and the Mayor and his lieutenants will put forth every effort to bring about the nomination of his candidate.

"There are three other well-known candidates, Armstrong, Mansfield and McGovern. It appears that all four candidates are running alone. Much has been said and printed, and extra efforts have apparently been extended to confuse the minds of the voters. The one important thing, above all others that the people should remember is that there is a determined effort to have the city organization take control of county affairs.

"There is hardly an adult in Allegheny County who has not had knowledge during the past two or three years of the manner in which public employes have been driven to distraction, how small and large business men, manufacturers and merchants have been harassed, coerced and intimidated, with tactics that would be a disgrace to Russia in her palmiest days. Sometimes there are many kinds of combinations that join, either directly or indirectly, to bring about desired results, and I am wondering whether or not at this time either a direct or indirect combination has been made by the Mayor with the city administration's candidate, Senator Coyne, and the so-called independent candidate, Commissioner McGovern. This may seem to be a strange thought, but let the people do a little thinking concerning the independence of Mr. McGovern.

McGOVERN SILENT

"In 1929 over 100,000 independent citizens of Pittsburgh were opposed to Mayor Kline's administration and voted against him, but does anyone recall Commissioner McGovern opposing Mr. Kline for Mayor? Did anyone hear Commissioner McGovern make any speeches or statements for Judge Martin? Independent citizens from every walk of life were in that contest against the Mayor, and supporting Martin or the other candidate, but McGovern was strangely silent. Ministers, merchants, manufacturers and workingmen took their part, but McGovern apparently did not want to oppose Mr. Kline, and sat very quiescent. Did McGovern enter into a pact with Mayor Kline at that time that is now being worked out? Scan the newspapers for the past few weeks during this campaign and see where McGovern has been criticizing everybody else, but try and find one word that he has said to date against either Kline or Coyne or their administration. Rumors are all over the streets that he has other men on his ticket criticizing Coyne and Kline, calling them all kinds of names, but is it not a fact that he himself does not utter one word of criticism against either?

"Under the guise of reform, much crooked work can be done, even to such an extent that the worst law violator might hesitate to equal it, and there have been times in the past when the public has been fooled, and only awakened after it was too late.

"Has McGovern a pact with Mayor Kline for the purpose of defeating Armstrong and Mansfield, the other two candidates, and thereby gaining control of the county's affairs for the benefit of the Mayor and himself? Is he asking his friends to support the Mayor's candidate for Commissioner, along with himself?

ARMSTRONG MAKES HITS

"Much criticism has been made of Armstrong by McGovern. None has been made of Mansfield by anybody. Armstrong may be justly criticized for some things, but like a ball player who covers a wide field, he will miss one occasionally. The greatest ball player that ever lived at times muffed the ball and struck out, but he led the league in hitting, fielding and scoring. Armstrong, too, has covered a wide field, he made errors, and probably will make some in the future, but he has made many hits and scored many runs, and will continue to do so.

"Mansfield is conservative, and has been successful in both private and public affairs, and will make an excellent Commissioner. Though nearly three-quarters of a million people in the county outside the city are entitled to representation, Mansfield lives among them and knows their needs. After analyzing every phase of the situation confronting the people at this time, realizing that it is necessary to nominate two men—and everybody should vote for two men—I am satisfied that Allegheny County will be much safer for business and citizens as a whole if the political influence of the Mayor is prevented from spreading, and if this is to be the case, there is only one way to make sure, and that is by voting for Armstrong and Mansfield. Make sure—vote for two, Armstrong and Mansfield."

McGOVERN'S REPLY

County Commissioner McGovern replied to Malone as follows:

"On account of a death and serious illness in my family, I can only say in answer to Mr. Malone's published statement regarding a political alliance between Senator Coyne and myself, or anyone else, is that it is absolutely false.

"Mr. Malone's conduct in this instance is only a continuation of a long series of intrigues and disloyalties to his many political benefactors, one of which ended recently with Gov. Pinchot, with whom Malone lasted only seven months.

"My political association with Mr. Malone was of just a little more than a year's duration, and it was only within recent months that I learned his true political history with many prominent men in the Regular Republican Organization."

COYNE DENIES PACT

Senator Coyne said:

"I have no alliance with McGovern or any one else. There was an alliance between McGovern and Malone that ended when McGovern caught Malone cheating. Malone has cheated a lot on his political associates. There was once an alliance between Coyne and Malone, but that ended when Coyne caught Malone cheating. Mayor Magee appointed Malone to the City Planning Commission in place of Magee's friend John S. Herron and Malone cheated Magee. Malone has cheated Mayor Magee, Mayor Kline, McGovern and myself. This is his record.

"If Malone wants to know anything about his work as a private detective in Shenandoah, Pa., and will come to me, I will tell him about it."

RALLIES FIXED BY SOCIALISTS

The Socialist Party of Allegheny County has arranged for the following open air campaign meetings:

Tonight, Forty-sixth and Butler streets; Thursday, Wylie avenue and Kirkpatrick street, Wallace and Swissvale avenues, Wilkinsburg; Friday, Frankstown avenue and Station street; Saturday, Federal and South Diamond streets, South Thirteenth and Carson streets, Second avenue and Glen Caladh street, Homewood avenue and Bennett street.

Prisoner at Etna Hangs Self in Jail

John Domitrovich, 50, of 56 Maplewood avenue, was found this morning hanging from the bars of a cell in the Etna Police Station, the officers there reported to the Coroner. Domitrovich was arrested last night charged with drunkenness and disorderly conduct. Police said his belt was strapped around his neck.

PHILLIPS LISTS RELIEF TALKS

Councilman John M. Phillips, candidate for a full term, will elaborate upon his plan for relieving the local unemployment situation in a speech tonight in Peabody High School.

Phillips also is scheduled to speak at a meeting tonight of the Eighteenth Ward Colored Republican Club in Krieger Hall, Sharon street and Arlington avenue. Chairman Ralph B. Mellix said Phillips will be indorsed. Another indorsement is scheduled at a meeting tonight of the Serbian-Croation Republican Club in the club's rooms, South Twenty-sixth and Jane streets.

The candidate spoke last night at meetings in St. James' School, Twentieth Ward; the Keystone Club, Thirteenth Ward, and the Fourteenth Ward Italian Republican organization, 700 Murray avenue.

PUBLIC WARNING

See That This Deception Is Not Practised Against You

THIS warning is printed to put the public on guard against a deception which may be practised against those who seek genuine Bayer Aspirin for pain, headaches or colds.

We take this means of warning you, so you may be able to protect yourself and your family against the results of such deception.

BEWARE!

Other preparations, we are informed, have been offered at times to those who ask for Bayer Aspirin; and even represented in some cases as being "the same as Bayer Aspirin."

Watch Out! Remember that years ago doctors warned the public against "headache remedies," some of which are heart depressants and unsafe for many people to take.

Then remember how Genuine Bayer Aspirin came. And was acclaimed the world over by leading men of science as SAFE relief for pain, and was prescribed without hesitation by eminent physicians. *For genuine Bayer Aspirin does not harm the heart.*

What folly, then, in the light of these things, to dose yourself with drugs of which you know nothing. Don't gamble—KNOW.

The genuine Bayer Aspirin tablets are made by a special process, under careful supervision of scientists, in the Bayer Laboratories with over 25 years of highly specialized experience.

So when you want SAFE relief for pain, cold or headache, ask for BAYER ASPIRIN. You have a perfect right to ask for what you want. And an equal right to get what you ask for.

Look for the name BAYER on the package. And the word Genuine in red. Insist on Genuine Bayer Aspirin and refuse substitutes.

DOES NOT HARM THE HEART

WALTER WINCHELL On Broadway

Stupid One

There was a little path she took
That led her to a desert place,
And down its slope with eager look
She turns her fondly foolish face.

Here is the moon that is too bright,
The magic that was too unkind,
But still she seeks the silver light
That found her mute and left her blind.

Here is the fire that left a mark
She will wear always like a flower,
But she will huddle in the dark
And warm her fingers by the hour.

She will not learn from dark or scar
But runs along on eager feet
Who knows what hidden joys there are
Or what new magic she may meet?

Imagine

The Boston Public Library contains a copy of Voltaire's "Candide," but you are not allowed to read it. It happens to be the edition illustrated by Rockwell Kent and is kept under lock and key in a reserved department. If you want to see the tome you have to tell them—and make them believe it—that you have a typographic interest in it. Then they tell you that you may look at the pictures but you must not read the text.

And they call it charity!

Buddy Rogers to Do Leads, Bits or What Have You Before December 1

By HARRISON CARROLL

HOLLYWOOD, Sept. 9.

Now that Buddy Rogers has cast his fortunes with the radio, it develops that Paramount tried to persuade him to be satisfied with a six months' leave of absence. Buddy argued that his broadcast work would just be in full swing by that time, and turned the offer down.

[illegible]

Between now and December 1 Buddy will make at least three pictures. The first is "Working Girls," the second one "Mary [illegible] Makes [illegible] and [illegible] the third [illegible] Walpole's "Ma[illegible] With Red H[illegible]" This last [illegible] [illegible] will be a serious role.

Plays, Players and By-Play

By WILLIAM J. LEWIS

Lenore Ulric, who tried "The Pagan Lady" out last season in the Nixon, has had that theater chosen for her next debut, which will happen when "Social Register" is presented in that house a few weeks hence. It is the joint product of John Emerson and Anita Loos. Sidney Blackmer, husband of Miss Ulric, a stage actor who has been popular on the screen, will head the supporting cast.

Small Timer, telling the girls of the audience he wants to be helpful, says long engagements make the prospective bridegroom's bank account short.

Victor McLaglen and Edmund Lowe eventually will be co-stars again in a piece of film to be titled "Disorderly Conduct," which is the kind of behavior it would be with these two heading the cast. But before that Vic will prowl through "While Paris Sleeps." He has just stopped work in "Wicked," with Elissa Landi opposite.

Small Timer says if he has the right of way and the other driver has a truck he concludes that right is wrong.

"The Cuban," new Lawrence Tibbett picture now being shot in Hollywood, will have Louise Fazenda and Jimmy "Schnozzle" Durante, eccentric comic of the stage, as showman and wife. Lupe Velez, Ernest Torrence and Karen Morley also will be in this shadow-play.

Small Timer says that just as he thinks he is making both ends meet he finds that one end has become a new hat on the top end of the missus.

Peter Higgins, a home-town boy out to make good in the big city, is a member of the company that Schwab & Mandel introduced to New York last night as the personnel of their new musical frolic, "Free For All."

Penn Scene of Audition In Talent Search

The local audition in a national search for new and untried talent for the stage, just launched by Louis K. Sidney, head of the production department of Loew's theaters, will be held at 9:30 o'clock Monday morning, September 14, in the Penn. The search is an effort to locate youngsters who have stage possibilities. Those showing promise will be given a chance to appear in the stage show. Auditions September 16."

Now 19% lower in price

KELLOGG'S Rice Krispies has been one of the most amazing successes of the cereal industry. In less than four years, it has grown to be the most popular rice cereal — and one of the largest-selling cereals in the world!

Now comes a 19% reduction in price to enable even more people to enjoy it more often than ever. At this new low price, Kellogg's Rice Krispies are one of the most economical, as well as delicious and distinctive of all cereals. Its cost is only about one cent a bowl.

Children love Kellogg's Rice Krispies. The crisp, nourishing rice bubbles snap, crackle and pop when milk is poured over them. Little folks who are hard to interest in food, dip into Rice Krispies eagerly — fascinated by the crisp crackling.

All your family will enjoy Kellogg's Rice Krispies. Not only as a ready-to-eat cereal — but to sprinkle over ice cream or salads instead of nuts — to use in soups as croutons and many other delightful ways.

Serve Kellogg's Rice Krispies often these hot days. They help you keep cool and fit. At the new low price, they also bring healthful economy to your table. Made by Kellogg in Battle Creek.

N. Y. Hotel Guest Ends Life With Cord

NEW YORK, Sept. 9.—(AP)—William B. Adair, 67, former president of the Omaha Building and Loan Association, of Omaha, Neb., committed suicide, police said, in his hotel room. A cord was wrapped around his neck and tied to a bedpost. His wife found the body. She was unable to give a reason for his act.

Nighties for Men Urged to Help Cotton Trade

AUSTIN, Tex., Sept. 9.—(AP)—Mrs. Lee J. Rountree, member of the Texas Legislature, has a solution for the cotton problem.

Mrs. Rountree suggested the Legislature require men to return to the old cotton night shirt and women to wear cotton petticoats not shorter than 14 inches from the ground. She said it might also be advisable to pass a law adding eight inches to the length of shirt-tails.

Civic Committee Supports Canuti

The candidacy of Attorney Frank F. Canuti for Judge of Common Pleas Court has been indorsed by the Homewood-Brushton Civic committee, according to word received at Canuti's headquarters in the St. Nicholas Building.

Unsung New Yorkers

There isn't much to the story of Margie. She is merely a product of the streets of New York—and there are hundreds of thousands just like her. They try to understand. They struggle to beat the game. And they lose.

MARGIE was born in one of the tenements on the west side of the town. Her father wasn't exactly a total loss as a drunkard, but he would certainly do until a drunkard came along. To complete the picture, mother wasn't above taking an occasional nip on her own account.

The social system, however, gave to Margie one advantage that neither her father nor mother had enjoyed. It gave her a preliminary education and two years in high school. It gave her some sort of understanding.

As the girl grew older her mother tried to tell her. In her own poor way she was trying to do some good.

"Margie," she told her one morning, "you're old enough to be understanding things now. You've heard your father and me arguin' for many a long year, and you know it's only because of his drinkin' that he's never been able to get nowhere.

"As soon as you can, Margie, you want to get away from this neighborhood and from pop and me.

"You're a pretty girl and a good girl. When you find the right kind of man, you just go and marry him no matter what pop or anyone else tells you."

When she reached 16 it was decided that Margie should go to work. She found a job in an advertising agency that employed a great many girls. By the time the girl was 20 years of age she was occupying a position of some importance.

Her parents died within a week of each other. Her father went into the beyond after a fight in a speakeasy.

As soon as possible Margie moved from the neighborhood. She found a little apartment in a decent residential district and furnished it to her humble taste.

Happiness sometimes runs in cycles and so it was with Margie. The moment she saw Pete in the office she knew this was her man. He was a young chap and he was tackling the game via the route that is humorously known as "starting at the bottom." Margie was nearing the top now, but she didn't mind the difference in their office status. She loved him and he very evidently loved her.

After two months of courtship they were discussing marriage. Margie was quite frank. She told him of her early life and of her [illegible] the havoc that drink could cause. She told him of the environment in which she had spent most of her life and the struggle she had gone through in order to get away from it. Pete kissed her tenderly as she spoke. But it was easily seen that he was none too impressed.

A short while later they were married. And Margie's happiness knew no bounds.

Within a year Pete had developed a strange complex. His wife was now one of the concern's most trusted employes—but he had advanced very little. Instead of rejoicing in his wife's success and enjoying it with her, he grew extremely bitter about the situation.

He began to drink much too heavily. He made unjust accusations. He quarreled with her on the slightest provocation. The arrival of a little girl patched up the situation, but for a few weeks only. The baby soon proved nothing more than an additional excuse for Pete to drink with his friends.

Margie had saved his job many times, but she finally could do nothing more. He was dismissed for good. The day that happened, they had their most serious quarrel. She offered to support both Pete and the baby. She was more than willing to do so.

"Don't you see, Pete," she cried, "that it's not a question of pride? I make enough for the three of us, so why shouldn't I do the work until you get settled? I love you more than anything else in the world, Pete. More, if possible, than my baby. Why can't we be happy together? Why must you resent my ability to earn a few dollars?"

Her husband was one of those birds who just wouldn't listen. He told her he hadn't reached the level where he would permit a woman to support him. The discussion ended with an ugly name as he walked from the house with his bag.

You can probably guess what happened. Margie is living with Pete today in the same neighborhood in which she was born. His job is driving a truck and her job has long since been forgotten. And Margie, who is not above taking an occasional nip herself every now and then, is waiting for the day when she can tell her little daughter how much she hopes the child will be able to find a good man and get away from the tenement environment.

* * *

So, you see, there isn't much to the story of Margie. She is merely a product of the streets of New York. These people try to understand. They struggle to beat the game. And they lose . . .

Scores of Jobless Hunt for Gold In Canyon

LOS ANGELES, Sept. 9 (AP)—Gold hunters of San Gabriel Canyon have appealed for the aid of the law. A committee of miners said there was no claim jumping and no fighting, but a traffic problem.

The miners asked for a motor patrol officer to untangle snarls of motorcars and pack burros. Unemployment has sent scores of men into the canyon panning gold.

GARAGE RAIDED, LIQUOR SEIZED

Two men were arrested and a large amount of moonshine liquor was reported confiscated by prohibition agents when they stopped an automobile in front of a garage at 900 Victoria street, Arnold, early today. A raid on the garage later yielded additional liquor, agents said.

The men arrested gave their names as Michael Rocco, 26, of Fifth avenue, Arnold, and Joseph Smegal, 3?, of Stanton avenue, Arnold.

The agents said they found 19 five-gallon cans of moonshine in the automobile, and 33 cans and a 15-gallon keg of the same liquid in the garage.

4 Hurt in Crash, 2 Autos Wrecked

GREENSBURG, Pa., Sept. 9.—When an automobile driven by T. A. Culligan, of Greensburg, collided with another driven by Victoria Boeria, of Latrobe, both cars were wrecked and four persons were injured.

Those hurt were Boeria's wife, 28; Joseph, 9; Thomas and Charles, her children.

Dogs Caught in Raid On Chicken Coop

WASHINGTON, Pa., Sept. 9.—Albert Louttit, of the Dry Run road, near Monongahela, heard a noise in his chicken coop and investigated. At the chickenhouse door he was attacked by a police dog and he slammed the door and called a policeman, who shot the police dog and captured a collie wearing a license tag issued to John Alexia, of New Eagle. The dead dog had no tag. Fifteen chickens were dead and several were injured.

"My sweetheart smokes 'em . . .

"NOW, you know, Bob was raised in a tobacco country. He has worked in two cigarette factories; and I have heard him say all of them are just the same. He says there are a lot of pipes and things like that running through the roofs of the factories and sometimes they look different, but that the way cigarettes are made is all the same.

"Bob says all tobaccos receive the same sort of drying—heat treatment, he called it. In one factory, he says, they may talk about 'baking' the tobaccos and in another they call it another name. He says what they actually do is to 'dry' the tobaccos—reduce the moisture in them—and that the machine that they all use is called a 'Dryer.'

"But when it comes to the quality of tobacco, that's quite a different story, so Bob says; some factories use mild, ripe tobacco, while others think that thick heavy tobacco is good enough. Bob knows tobacco and he tells me that it takes good tobacco—mild and ripe—to make a cigarette as good as CHESTERFIELD.

"You know how it is when a piece of fruit tastes just right—not raw or sharp or too ripe or tasteless—just pleasing and satisfying. Well, that's the way it is with CHESTERFIELD—they just suit me right down to the ground—they satisfy."

—And HIS sweetheart smokes 'em too!

Patricia Pitt's Sprightly Comment on Pittsburgh's Society Happenings

In Mayfair

—With—

Patricia Pitt

A very lovely wedding is taking place at 4 30 o'clock this afternoon in the Highland Presbyterian Church, when Mary McCrea Houston daughter of the Andrew Craig Houstons, of North Highland avenue becomes the bride of Thomas Joshua Griffin, of Los Angeles, son of the Samuel Green Griffins, of Hillsboro, O

The Rev Dr George C Fisher, pastor, is the officiant.

The altar is banked with bamboo, crotons, cibotium ferns and palms and yellow chrysanthemums and gladioli lighted by tall white tapers in Italian candelabra.

Wears Satin

The bride, given in marriage by her father, is wearing a distinctive gown of ivory satin having a yoke of old rose point [illegible] extending [illegible] the upper half of the satin sleeves. Her veil of tulle and lace is finished with a cap of lace and she is carrying a sheaf of calla lilies.

Mrs Samuel Craig Houston of Worcester Mass, as her sister-in-law's matron of honor wears a gown of [illegible] velvet having a lace yoke with an Empress Eugenie hat of brown felt and matching gloves.

Gowns of Velvet

The six bridesmaids include Margaret Hannah, Annabelle Eberhardt, Marie Chalfant and Miss Marjorie Zander of Pittsburgh, Rachel McCormick of Cedarpoint Heights and Agnes Squier of New York who are all wearing similar gowns of peach-beige velvet with brown plumed Empress Eugenie hats, and carrying fall flowers.

The little flower girl Jane McCrea Houston, daughter of the matron of honor, is appearing in a dainty frock of green organdie with a matching hat and carries a miniature Colonial bouquet.

Men in Party

Serving as best man is Stanley Preihoffer of Philadelphia and as ushers are Malcolm Zander, Leslie Allen and Howard Smallwood, Pittsburgh; Samuel Houston, Worcester, brother of the bride; Lawrence Gownsend Griffin, Cincinnati, brother of the bridegroom, and George McConnaughey of Cleveland, O.

The reception is in the University Club which is decked with chrysanthemums and gladioli in fall shades. The bridal table is centered with yellow chrysanthemums and [illegible] yellow and bronze gladioli, supplemented by tall tapers.

The youthful Griffins will leave for a western honeymoon and later will make their home in Los Angeles.

To Wed Oct. 24

Frances Henry, daughter of the James W Henrys of Bigelow boulevard, Schenley Farms, has named October 24 as the date for her marriage to James Samuel O'Neil of New York, son of Mrs James Denny O'Neil of Jackson City, Mich.

* * *

Dr Thomas S Baker, president of the Carnegie Institute of Technology, is in New York for a few days and is stopping at the Hotel Blackstone.

Leave for Resorts

The last golden moments of the few days remaining for society folk at the various summer resorts are being filled with many last-minute events. And some folks are planning late visits to some favorite spot.

Mrs James Watson Over of Peebles street, Sewickley and her two daughters, Miss Mary Over and Miss Katherine Over, left yesterday for Gloucester, Mass.

Mrs Arthur Over and her daughter Gladys Over of Amberson place are home from Bar Harbor. Mr Arthur Mead Over will return shortly from Camp [illegible]. Gladys will study at Miss Madeira's School in Washington this winter.

Pearl E. Smith Is Married to E. A. Bibey

Mr and Mrs J A L Smith of Chestnut street, Carnegie, announce the marriage of their daughter Miss Pearl E. Smith, to Earl A Bibey, which was solemnized on Saturday in the First Baptist Church, Carnegie. Officiating was the Rev A B Taylor.

The bride was unattended and only the members of the families attended.

After a wedding trip to Philadelphia and Atlantic City Mr and Mrs Bibey will be at home in Chestnut street, Carnegie.

* * *

Mr and Mrs W A McMillan of Venice road, McDonald, celebrated their sixtieth wedding anniversary on Saturday.

* * *

Miss Madaline Ruth Brackmann, daughter of Mr and Mrs W H Brackmann of Knoxville, entertained in her home Friday afternoon with a bridge luncheon honoring her cousin, Miss Marie Frances Brackmann, daughter of Mr and Mrs George H Brackmann, whose marriage to Arthur Nesbitt [illegible] will take place September 21.

Mr and Mrs [illegible] D Stricker of Penn avenue are returning from two months at Asheville, N C.

Mrs O B Hughes Resigns As Council President

On account of illness in her home Mrs O B Hughes has resigned from the presidency of the National Better Magazines Council and will be succeeded by the vice president Mrs Hubert W Chapman. Through one of its members the council is offering a $5 award to the member procuring the largest number of new members.

New Officers Elected By Temperance Union

Officers elected yesterday at the fifty-seventh annual convention of the Allegheny County Women's Christian Temperance Union are President Mrs Elizabeth J Gibson; vice president Mrs H B Littell; treasurer Mrs J J Walker; corresponding secretary Mrs Sylvia Means; recording secretary Mrs R H Hutchinson.

Among the speakers at the convention banquet which was held in McCreery's last night were Mrs Mary Harris Armour, Georgia temperance orator; Mrs Helen Barton of the Scotland W C T U and District Attorney Andrew T Park.

Mrs Armour scored several members of the Women's National Prohibition Reform Association and said she believed if America goes back [illegible] the world will feel its moral leadership has collapsed and missionaries might as well close shop. The South she declared will always vote against a wet man.

Mr Park gave as his opinion that securing convictions in liquor cases is getting easier from year to year and that today the percentage of liquor cases runs above the average of general convictions. If the prohibition act is given a fair trial it will be enforced the same as any other act is enforced, the District Attorney said.

Even prohibition at its worst is better than liquor traffic at its best, Mrs Barton said, as she appealed to young women to lift the burden of the prohibition fight from the older shoulders.

The Rev Dr Lee Anna Starr led the devotional exercises at this morning's session. There was routine business before a memorial service led by Mrs Littell and at this afternoon's meeting the introduction of the new presidents was one of the chief features.

Miss Virginia Wilson of Rennerdale, a Carnegie High School pupil, was awarded the silver, gold and grand gold prizes for the best temperance essay.

The first meeting of the Parent-Teacher Association of Morningside School, under the administration of Mrs Walter R Toerge, will be held tomorrow evening in the school auditorium, Greenwood and Jancey streets.

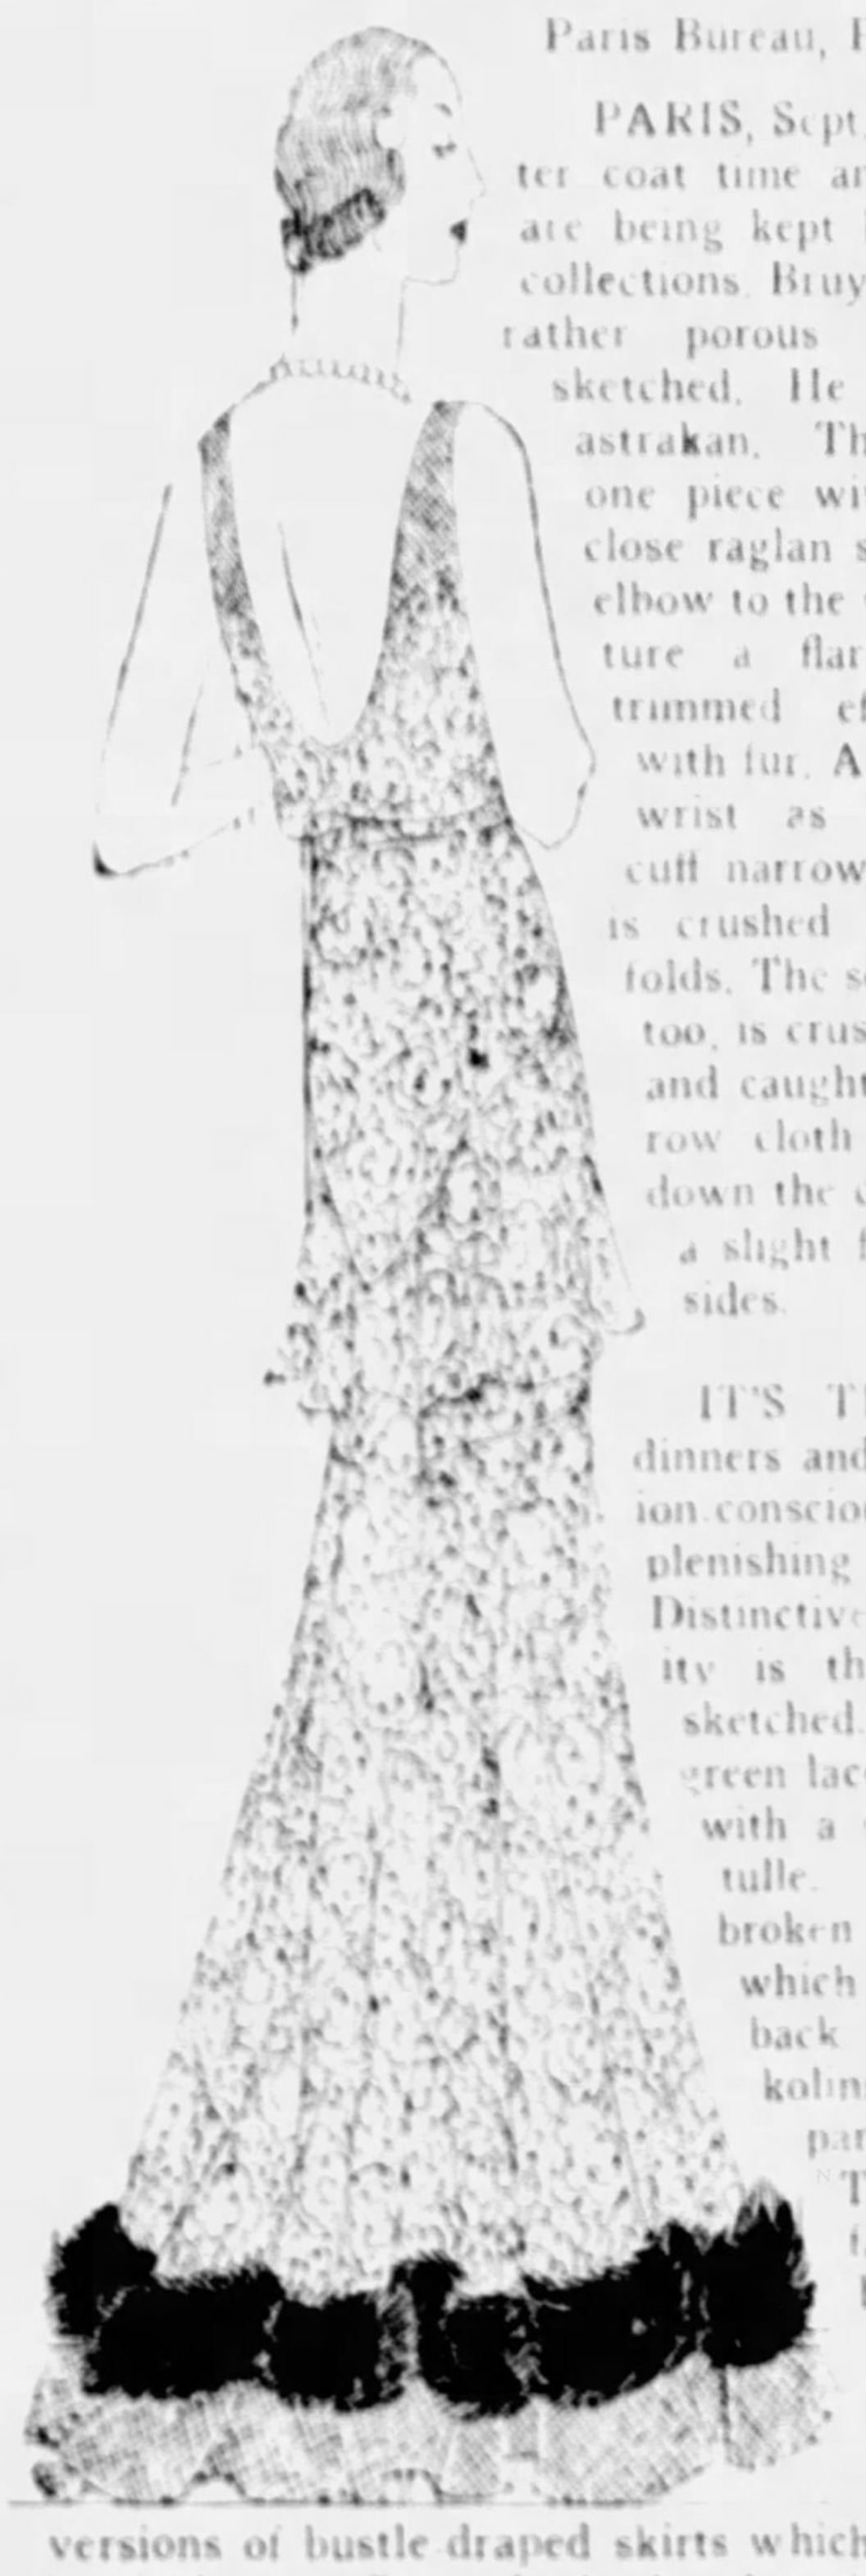
After the business session, a reception to the teachers and the principal J Foster Gehrett, will take place. Group singing during the evening will be under the direction of Mrs Frank Snyder, chairman of music.

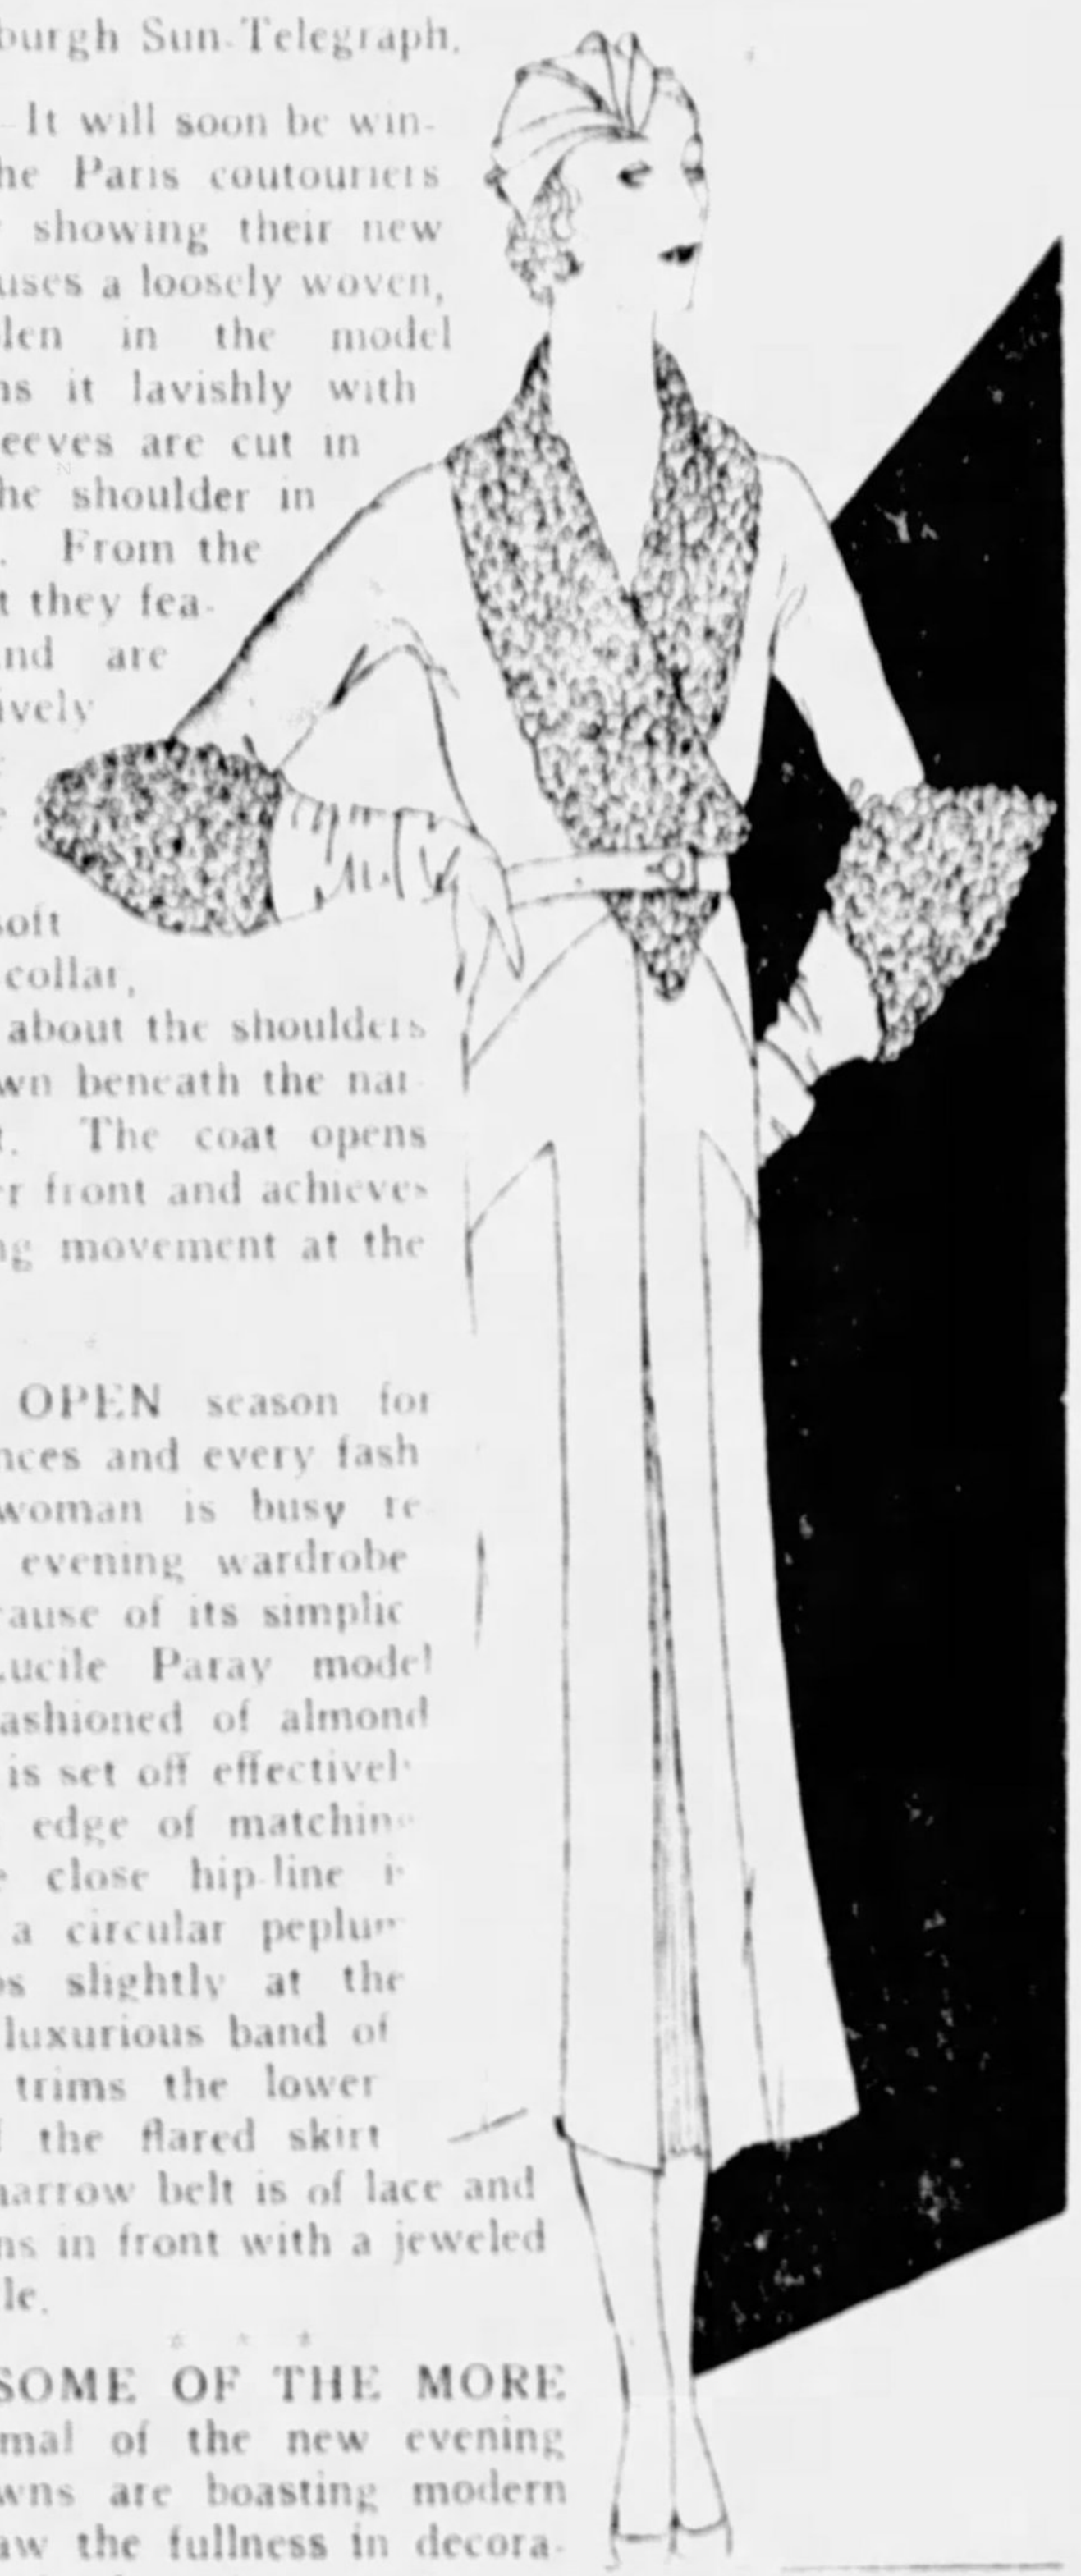
The welcoming and reception committee is composed of the chairman Mrs W J Sivitz, Mrs E E Comer, Miss Stella Burg and Mrs A B O'Brien. Mrs S R Harper is to be hostess and will be assisted by Mrs H F Steele, Miss Irene Snyder, Mrs Frank W Smith, Mrs T Ray McLain and Mrs Raymond H Schmidt.

The membership committee is at present visiting the homes under the direction of Mrs Harry F Holthaus the chairman. At each home visited a questionnaire is left on which the parents may indicate in what phases of Parent-Teacher work they are especially interested.

FEATURES OF THE LATEST PARIS COAT COLLECTIONS

—Sketched in Paris—





Paris Bureau, Pittsburgh Sun-Telegraph.

PARIS, Sept. 9.—It will soon be winter coat time and the Paris coutouriers are being kept busy showing their new collections. Bruyere uses a loosely woven, rather porous woolen in the model sketched. He trims it lavishly with astrakan. The sleeves are cut in one piece with the shoulder in close raglan style. From the elbow to the wrist they feature a flare and are trimmed effectively with fur. At the wrist as the cuff narrows, it is crushed in soft folds. The scarf collar, too, is crushed about the shoulders and caught down beneath the narrow cloth belt. The coat opens down the center front and achieves a slight flaring movement at the sides.

IT'S THE OPEN season for dinners and dances and every fashion-conscious woman is busy replenishing her evening wardrobe. Distinctive because of its simplicity is the Lucile Paray model sketched. Fashioned of almond green lace, it is set off effectively with a skirt edge of matching tulle. The close hip-line is broken by a circular peplum which dips slightly at the back. A luxurious band of kolinsky trims the lower part of the flared skirt. The narrow belt is of lace and fastens in front with a jeweled buckle.

* * *

SOME OF THE MORE formal of the new evening gowns are boasting modern versions of bustle-draped skirts which draw the fullness in decorative folds or puffs to the back, where it is raised to the waistline. In these the period influence is defintiely revealed. They're fussy, but they're very much in vogue and accepted by many very smart women.

The suit plays an important role in the fall wardrobe, with imported Tweeds and soft Woolens in the forefront. Some are quite simple with perhaps a care-free scarf or the brilliant colouring of a Rodier fabric to give them distinction. One fashion, which is finding great favor is the suit with its own fur-trimmed topcoat and hat.

Cables from Paris say that the Woolen Dress dominated the recent Openings. Grabowsky's sponsor the mode, devoting a large part of the fall collections to the idea. They are extremely smart, especially when worn with the short Fur Coat. The new colours, the new sleeves, the new necklines all interpret youth.

TELL IT TO SALLY -:- -:- Follow This Unusual Feature Day by Day -:- -:- By SALLY MARTIN

Don't Be a Sturdy Oak to Some Clinging Vine

Would you marry a girl who was "always tired?"

'N' refused to do anything about it?

Larry was engaged to such a fragile rose. He'd coaxed her to go to a doctor, or try a tonic . . . but she wouldn't. So he was beginning to wonder . . . should he marry her, regardless? or would he be sorry if he did?

"I'll say he'll be sorry!" snorts Allan, who fell for a lady like that, 'n' led her up the well-known aisle.

MOTHER DID WORK

The only difference between his Sweetie and Larry's was—but we'll let him tell that himself.

Dear Sally:

I've read Larry's letter about his Tired Sweetie, and I've simply got to tell him what happened to me when I got hooked by a girl who likes her rest. That boy is in a bad spot. He needs a warning, and here it is.

Of course, the girl I married was a little different from this one of his. She always liked to lie around and decorate a hammock, but she could work and she did. She worked hard at convincing me she was the one and only little woman I needed to take care of me. She would often invite me over and cook me a little snack . . . or sew on a missing button or something like that. That is—before we were married. And she always looked spruce and neat . . . but I found out that that was because her mother did her washing . . . I found that out after we were married, too!

So Larry has something on me, in one way. His romantic choice has given him fair warning of her laziness, and mine didn't. Mine did a clever job of camouflage 'til she had me hooked and hog-tied.

DEPRESSING ATMOSPHERE

Of course Larry may kid himself that this gal will "be different" once she has her own diggings to keep in order and be interested in. But he'd better not fool himself. Things won't get better. They'll get worse. He'll just be letting himself in for a sloppy, badly kept home, poorly cooked meals (now we're married, we eat mostly out of cans and delicatessen shops) and a general program of laziness and dirt that will drive him crazy, kill his ambition, and make his life a nightmare.

I can tell him just how it feels to never be able to invite a friend or a business associate home, even with due warning to the Little Wife, because there is dirt and disorder all over the place, she "isn't strong," and it is "too much trouble to fix for company," or cook a regular meal. And I can tell him just how it feels to live in such a whining, depressing, do-less atmosphere, too. It's plain hell to a man with any get-up or energy.

Of course, if he is willing to be ashamed of his home, and of his wife's lazy untidiness . . . for the chances are she'll be untidy; mine is . . . and to defeat his chances of getting ahead in this day when appearances are so vital . . . if he is willing to carry the heavy burden of a shiftless wife who will never help him to look ahead, then let him ride, unmolested, on his little red wagon. But he shouldn't squawk, when he finds out what it's like.

USUALLY MAN'S FAULT

I'll say right here that he'd better think it over, plenty, before he makes his fatal leap. And then decide not to.

ALLAN

Wise words, Allen! But what a lot of grief the average male goes through before he learns such wisdom! And he blames it on the girl—

Nine times out of ten, it's the man's fault. He's fooled because he wants to be fooled. He likes to feel that he's a sturdy oak to some clinging vine. But when the wedding bells have rung, and the Clinging Vine turns out to be Nitwit Nuisance—that's different!

Why is Larry hesitating about marrying his Limp Number? That's why — because secretly he's getting a Big Bang out of being the big bold protector.

And will he profit by our good advice? Maybe. But the chances are a million to one against it!

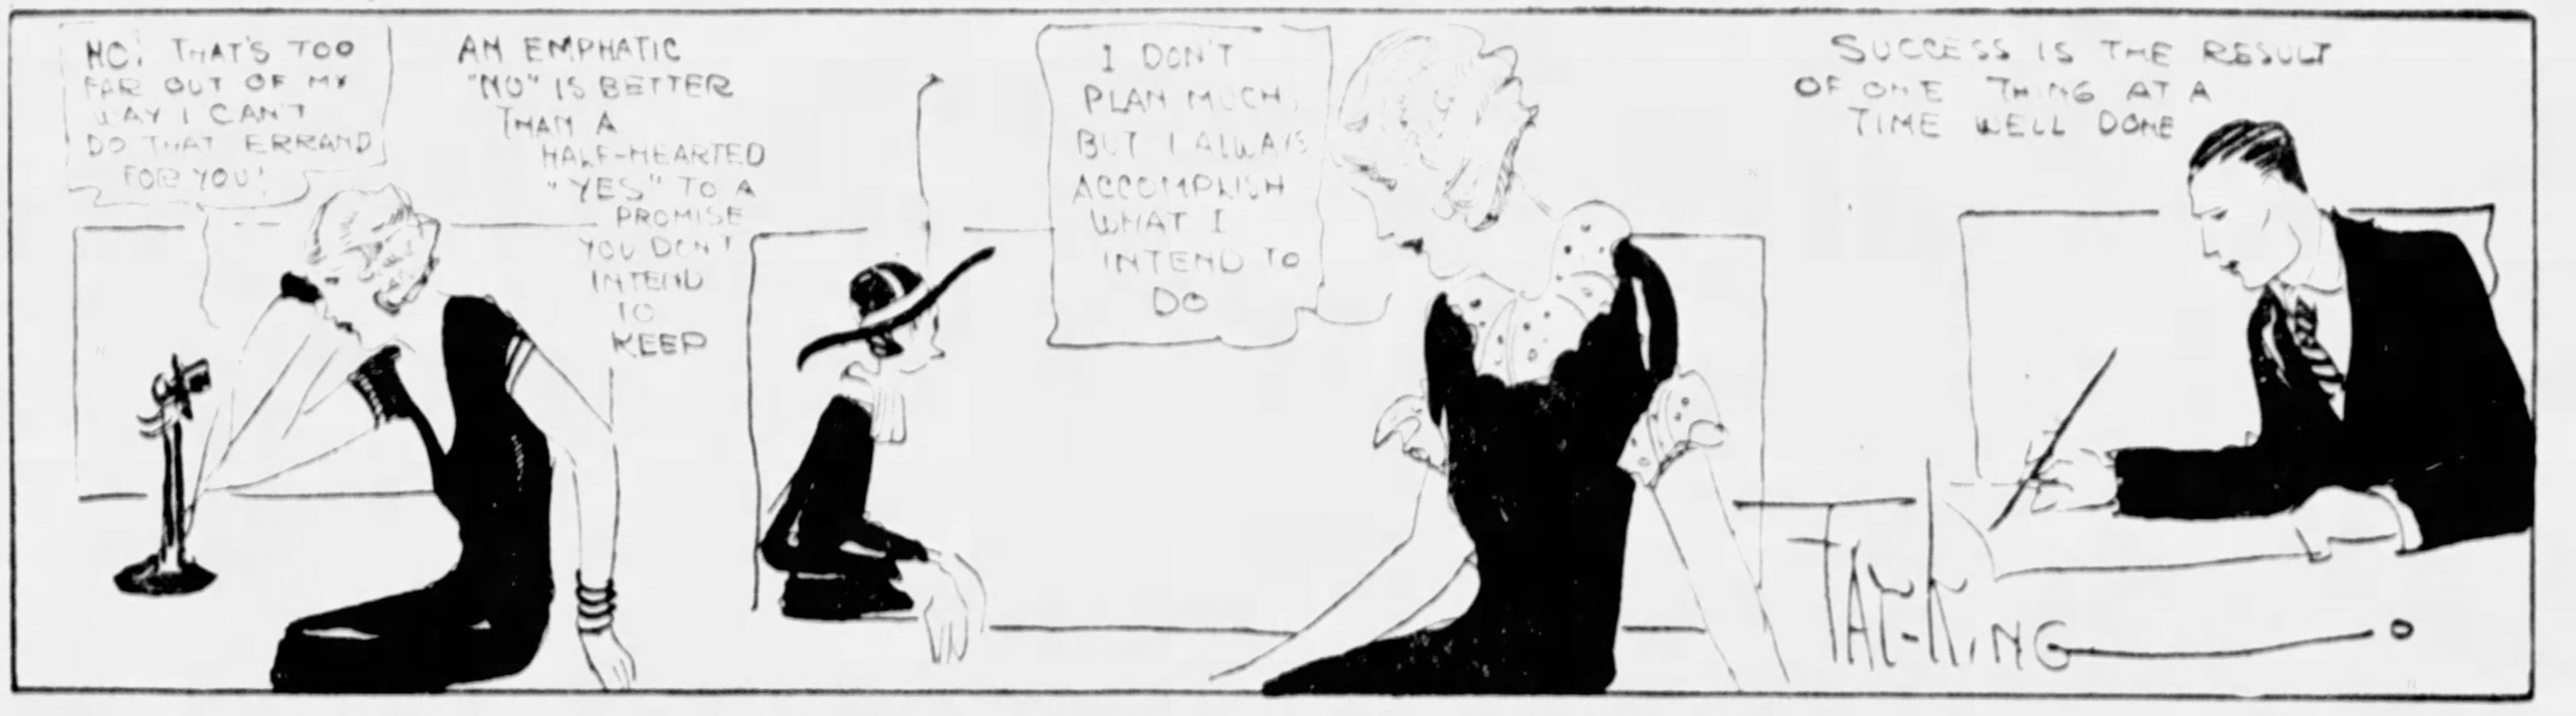
Plan One Thing at Time and Finish It to Best of Your Ability—Fay King



NO, THAT'S TOO FAR OUT OF MY WAY I CAN'T DO THAT ERRAND FOR YOU!
AN EMPHATIC "NO" IS BETTER THAN A HALF-HEARTED "YES" TO A PROMISE YOU DON'T INTEND TO KEEP
I DON'T PLAN MUCH, BUT I ALWAYS ACCOMPLISH WHAT I INTEND TO DO
SUCCESS IS THE RESULT OF ONE THING AT A TIME WELL DONE
FAY-KING

By FAY KING.

One of the easiest things in the world is to start anything, or to make promises one never intends to keep.

If one makes it an unfailing rule to finish whatever attempted, and without fail keep the word even the least matters in one's life would never be cluttered up with endless loose ends and little worries.

A friend whom I admire very much never buys a new book until she has read the one on hand. She divides her tasks into threes, and never lets anything interfere with her accomplishment of them.

Plan one thing at a time and finish it to the best of your ability. You have accomplished more than making a dozen plans you will leave off half done.

Lillian Presents a New Problem

"I agree with you," my father said gravely, when Lillian had finished her caution about speaking to Mother Graham concerning the baby's name before Dicky returned home. "It would be wiser to wait. Thank you so much for listening so long to an old man's prosing. I'll leave Dicky to you, and when you think the time is propitious for me to speak to Mother Graham will you let me know?"

"We'll do that little thing with gusto, also aplomb," Lillian said with her gamin-like grin. "We'll be right there with the messenger stuff."

The corners of my father's lips twitched but he did not smile as he bowed low in his courtly old-style way and walked through the door into the upper hall. Lillian looked after him with her face suddenly tender, wiped clear of the mirthful raillery which I knew she had assumed because she thought my father needed to dwell for a while on a lighter mental plane than the one he had occupied when he was talking of his old tragedy.

"The blessed old Chief!" she said. "He never will get over that old grief and remorse."

"I am afraid not," I answered, "but, have you noticed that he has seemed much happier since the baby arrived?"

"You must remember that I have not seen him except the last two or three days," Lillian answered, "but if being the fussiest father and grandfather in Suffolk County and parts west is any criterion of happiness, he's there. I haven't time to consider him any more. You remember that old story of the two friends who met after a long absence, the one said to the other: 'Now we'll even things up. You talk for a half hour and tell me how good you are and then I'll talk for the next half hour and tell you how good I am.' That's yours truly, also sincerely, at the present moment. I have got something I need advice on, and I don't mean maybe."

She paused and looked at me speculatively, and I smiled, for I did not need clairvoyant powers to know the topic on which she wished to consult me. Crushed in her hand ever since she came to the veranda was the special delivery letter for Marion which Jerry Ticer had brought, and which I had seen in Marion's hand a few minutes before as she raced downstairs in search of her mother.

"What particular excuse does Ronald proffer for seeing Marion soon?" I said, and noted the wry smile which twisted Lillian's mouth.

"I have to slip it to the lad," she answered. "He's pulling a plausible one. He says he has some Yale friends coming unexpectedly, and his mother is giving a house-party for them. That's probably the truth, too. Helena's idea of Heaven is a perpetual house-party either for old folks, college students or kindergarten youngsters—it doesn't matter much to her which, so long as she can stage a pretty picture."

"With herself in the center of it," I almost spoke the words aloud, only closed my lips in a panic just in time. Not for words would I utter any remark derogatory to Helena Brixton where Lillian would ever hear of it, but I could not conscientiously retract the thought which I had almost voiced. Helena Brixton's vanity and her love of admiration are pretty, as she manifests them, harmless enough, too, but they are very real attributes of her character. But I knew that I must make some kind of remark or Lillian might guess the one I had suppressed.

"It probably wasn't very difficult for Ronald to summon some Yale friends," I said. "He has undoubtedly been pulling wires for this surprise party ever since Marion left."

She assented drily. "He writes that they need another girl besides Marion to fill the quota of feminine guests and asks Marion if she thinks Mary can come with her. Of course, Helena will write to both girls, inviting them. In fact, letters are probably even now on the way. But every time Ronald has an extra thought he puts it in a special delivery letter and forwards it to Marion."

"Your voice sounds exactly as though you had just bitten through a pickle," I told her, and she wrinkled her nose at me.

"I can taste the pickle," she retorted. "We have had nothing but house parties and camping trips for months in the Connecticut Hills. I did hope I'd be able to put my foot down for a week or two without finding Ronald under it."

"That's the penalty you have to pay for having a daughter as winsome and attractive as Marion," I told her smilingly. "You'll have more than one young man under foot before that young woman marries and settles down."

"I suppose so." Lillian's tongue was tart. "But discussing my daughter's charms isn't going to solve this problem of the house party invitation. Of course, she's wild to go and of course, she'll be very resentful and not understand our action if we do not permit her to accept the invitation. I'm not keen for her going. However, I wouldn't thwart her pleasure under the circumstances. But—do you think we'll dare let her go as long as this Chinese thing is in the offing?"

I asked the obvious question. "Why don't you ask Harry that question?" I said.

She looked at me with oddly hesitant eyes.

"I don't dare," she said.

-:- Hints for the Household -:-

Constant pinning of baby's stockings wears them out at the knee. Perhaps the rest of the stocking is perfectly good, and to throw them away would be an extravagance. Cut them off at the knee and crochet a shell stitch in a pale shade at the top for a finish. A summer's wear as socks is then guaranteed.

An excellent shampoo for the home beauty expert is made from a bar of pure castile soap cut into small pieces. Put them in a pan and pour enough boiling water on them to make a thick jelly. Cook until thickened. This can be kept in a bottle in the bathroom ready for use, in fact, it is better for standing a couple of days.

Articles of clothing, no matter how old, should never be hung on nails. Even if the nail does not rust the material it is bound to pull it out of shape and then cause a nasty hole. If you haven't a regular clothes hook, place an empty spool over the nail so the clothing has some sort of protection.

A few drops of benzine added to the mixture when cleaning a copper kettle with cleansing powder will brighten the kettle and keep it shiny for a much longer period.

To remove stains of perspiration from the washable clothes, soak the garments in strong salt water before laundering them.

The Beauty Box

By HELEN FOLLETT

Foul, stale air is narcotic poison. In a room that is not properly ventilated the cheeks flush, nerves suffer from excitement, the skin takes on a grayness, a feeling of lassitude descends upon one. A brisk walk every day should be on every girl's beauty program. Her lungs will laugh and be happy, she will enjoy a sense of well-being, digestive organs will be benefitted, the figure will take on more supple lines.

Nail polish of gilt, silver, purple or green has had its day and now is shelved. The proper tint is a deep coral, such as healthy nails should display, and which they do display if a girl is healthy, strong, vigorous and blessed with a good circulatory system.

How to Keep Well

By DR. ROYAL S. COPELAND

Poor Posture Causes Many Aches and Ills

Dr. Copeland

It was almost 200 years ago that attention was first turned to the importance of good posture. At that time Andry, who was the head of the French faculty of medicine, stated that most of the diseases of childhood and many of the diseases and deformities of later life were caused by faulty and poor posture of the body.

This theory was never seriously considered until about 25 years ago. There is an increasing number of eminent authorities on the subject who present definite proof of the importance of posture clinics and posture treatment.

Orthopedic surgeons, as well as baby specialists, have noticed that many children fail to gain in weight and have marked digestive disturbances. Although there is no trouble in the diet and there is plenty of food, the complaints of these children are usually associated with poor body posture. As soon as the body has been trained to the proper posture, and as these men call it, in "proper body mechanics," there is an increase in the weight and the digestive disturbances disappear.

For many years it has been definitely known that sluggish bowels, which are irregular and tend towards constipation, become active and regular when there is improvement in the body posture. There is no doubt that increase in body vigor, as well as mental alertness, go hand in hand with improvement in the body posture and muscle tone.

Many individuals who do not hold themselves properly and who neglect the proper erect position often complain of body disorders. They are likely to have actual pain which is explained by the irritation of the spinal nerves due to bad posture. These signs all disappear with the correction of the posture and the taking of body exercises.

It is interesting to note that in the study of the posture of students of the entering classes of Harvard and Yale Universities, over 80 per cent were found to fall into posture groups designated as "poor" and "bad." Although statistics collected during the World War are incomplete, they tend to show that only 50 per cent of the young men of the country presented good body posture. Many men were rejected for service not because of any definite organic disease, but because of poor physique.

Thus we see that this condition, in addition to its personal appeal, has a great deal to do with general health. There is no doubt that if this condition could be entirely corrected many chronic disorders of the body could be eliminated.

Correct Manners

By MRS. CORNELIUS BEECKMAN

A Sense of Manners

Dear Mrs. Beeckman:

The other evening the young man I am going with brought another young man to dinner. I had never met this other young man. We went to the movies after dinner and the theater was crowded. There were two seats together . . . that left it so one of us must sit alone in some other part of the theater. The young man I go with (if I hadn't pinched his arm) was going to sit alone and let the strange young man sit with me. He still claims that he was quite right, because he wanted to treat the man right! I do not think so. I think the strange man should have sat alone. Even if he had not been a stranger, he should have taken the other seat. Am I right?

E.

I admire very much the social judgment and exquisite sense of manners that your friend has. He was quite right in thinking that it would be kinder to the guest to have him sit with you, rather than to have him the one who was elected to sit alone. He was overwhelmingly right, my dear girl . . . thoughtful and well-mannered, and gracious to his guest. Watch his instincts in this sort of thing . . . they are worth watching!

Informal Wedding Attire

Dear Miss Beeckman:

My sister is going to be married soon and I would appreciate it if you will please tell me how she should dress for a ceremony at the minister's house about 6:30 p. m.

She isn't sure whether she wants to dress in the bridal gown of white, so would appreciate it if you will give us an answer as soon as possible.

BROTHER

For a wedding of this informal kind, it is best for the couple to dress informally. The bride-to-be should wear a simple day attire, or often she very appropriately wears her going-away costume.

A Matter of Grammar

Dear Mrs. Beeckman:

Will you be so kind as to tell me if at any time the phrase "aren't I" is correct? I have heard it used quite frequently, and have often wondered if it was proper.

B. M. E.

This isn't grammatically correct. You can test it by seeing how wrong it sounds when you turn it around . . . "I aren't." Our British cousins are fond of using this form, but even with this justification, we'd best say, "Am I not?"

GROUP NAMED BY JUDGE TO ACT AT ONCE

Gray Notices Emergency Exists in Home Affairs; 3 Lawyers to Investigate

Investigation of the accounts of the Allegheny County Board of Poor Directors by a committee of three visitors appointed by Judge James H. Gray will be made quickly, certainly before election, unless it is blocked by legal appeal filed by counsel for the poor directors.

Judge Gray's opinion takes judicial notice of "the fact that an emergency exists in the affairs of the home concerning which the board members have failed to give facts to the public, raising the question of the right of the public to supervise the management and business of the home." Judge Gray ruled that the Act of 1852, providing for a board of visitors, applied to the Poor Board.

3 LAWYERS NAMED

He appointed three attorneys, E. H. Wicks, G. M. McDonald and Paul E. Hutchinson as visitors.

Attorney Harry W. McIntosh, solicitor for the Board of Poor directors, said there will be a conference today of directors of the poor and their attorneys to decide whether an appeal will be taken from Judge Gray's decision.

McIntosh opposed the appointment of a board of visitors in accordance with the Act of 1852, claiming that this act was superseded at least by implication by the Act of 1913.

WILL SPEED ACTION

Attorney Wicks of the board of visitors declares that he favors an immediate investigation to give public the facts which he believes they are entitled to have. Attorney McDonald stressed the fact that the visitors will be entirely independent and able to reach an impartial decision. Attorney Hutchinson is absent from town on business for several days, but has been informed of his appointment.

IMPROVEMENT OF SCHOOLS URGED

Junior Mechanics to Press Betterment Campaign In Sessions Held Here

Approval of the William Randolph Hearst program for improved public schools today was given by W. W. Shiplett, of Altoona, state councilor elect of the Junior Order United American Mechanics, which is in state convention at the William Penn Hotel.

The state council of Daughters of America is meeting simultaneously in convention. Both sessions close tomorrow with the election and installation of new officers. Mr. Shiplett will become head of the state council through elevation from the office of state vice councilor.

INDORSES PLAN

Declaring the Junior Order through its local councils and legislative committee works continuously for the betterment of public schools, Shiplett said of the Hearst plan:

"The effort to improve public school structures and increase facilities for better teaching must be indorsed. Our organization works throughout the year for this goal. All legislations or moves that might weaken the present structures are opposed. Such opposition was given the Rooney bill seeking elective school boards at the last legislature. We give fullest support to all movements for improving the public schools. I hope that marked progress can be made during my term of office."

Legislative matters occupied the Juniors' sessions today. The nomination of officers will take place during the afternoon with a fight centered on the office of vice councilor. Two candidates are expected to seek this post. They are Leslie R. Workman, of Uniontown, and Oscar P. Poorbaugh, Johnstown. The election is scheduled tomorrow.

BANQUET TONIGHT

The Daughters of America opened its first business sessions today. Nominations of officers was an important event. The election will be held tomorrow also.

A joint banquet and dance will be held tonight. Omer C. Stubbs, of Covington, Ky., past national councilor, and Hester Runner, national vice councilor of the Daughters of America, will be the principal speakers. Sightseeing trips and other social events divide the programs for the women visitors.

SUSPECT HELD IN HAZELWOOD BANK ENTRY

Youth, Caught After Wild Chase, Identified as Man Who Fled by Window

Despite his vigorous denials, Cyril Kellar, 21, of 416 Flowers avenue, was held for court by Magistrate William McNamara, in Oakland Police Court today, accused of entering the Hazelwood Savings and Trust Company, Second and Hazelwood avenues, early yesterday. Kellar was also charged with attempted felony.

Kellar was arrested after a wild chase through Hazelwood streets in which several shots were fired by police.

Patrolman James O'Connor positively identified Kellar as the man he had seen climbing through a rear window to escape.

Gordon Flanagan, 30, of 4367 Chatsworth street, alleged to have been with Kellar a short time before the chase, was exonerated at a hearing yesterday.

THREE WOMEN SEEK DIVORCE

Charging the cruelty and indignities of her husband broke up their marriage of a few months, Mrs. Clara Rooney, 5629 Hobart street, asked a divorce from George A. Rooney, Hotel Pittsburgher, in Common Pleas Court. They were married May 23 last.

Her husband has married a second time without obtaining a divorce, Mrs. Coraneile J. Stouffer, 1145 King avenue, averred in her divorce suit against Elwin A. Stouffer, of Akron, O., filed in Common Pleas Court. She stated she married him May 24, 1927, and that since that time he knowingly entered into a second marriage with Elizabeth Webster.

Mrs. Ruth R. Fox, 2721 Delger street, asked a divorce from Reynard W. Fox, 2136 Perrysville avenue, charging cruelty and indignities. They were married February 24, 1926.

Frank E. Stewart, 4911 Gertrude street, granted a divorce from Georgia Stewart, 368 Flowers avenue, by Judge Samuel H. Gardner in Common Pleas Court, testified his wife went on week-end trips with another man.

WILL DISPOSES OF $235,000

An estate valued at $235,000 was disposed of by the will of Thomas E. Long, Dawson avenue, Bellevue, probated in the office of Register of Wills Joseph N. Mackrell.

Bequests of $1,000 each were given the Bellevue Methodist Episcopal Church, the North Avenue Methodist Episcopal Church and the Loudonville (O.) Public Library, and $1,000 each to brothers and sisters. His wife, Mrs. Frances Scott Long, was given their home and two-ninths of the remainder of the estate. Two daughters, Elizabeth Long and Mrs. Mary S. L. Ryland, were each given two-ninths, and a son, Thomas E. Long, Jr., given a life estate in two-ninths with remainder to his children. Mrs. Long and the Real Estate Savings and Trust Company were named executors.

MITCHELL WILL JUDGE HORSES

Gen. Mitchell

Gen. William G. Mitchell, former head of the United States air forces, will be judge of the hunter and jumper classes at the Pittsburgh hunt horse show Friday and Saturday. David I. McCahill, show chairman, today announced Gen. Mitchell had accepted the invitation to act as judge which Richard K. Mellon had extended.

Gen. Mitchell will arrive Thursday from his farm at Middleburg, Va. He is to be the house guest of Mr. Mellon. Members of the Rolling Rock, Sewickley, Indiana, Westmoreland and Pittsburgh Hunts and the Erie Saddle Club will show more than 100 horses in 26 classes. McCahill and Mellon, members of the show committee, are assisted by a large number of prominent society folks.

Rare Fish Exhibition To Open Sunday

The Pittsburgh Aquarium Society is to open its annual free show on Sunday at the Phipps Conservatory, West Park, North Side, at which fancy native and tropical fresh water fish are to be exhibited.

According to Joseph Smith, president of the society, this is to be one of the largest and most complete exhibits of rare and valuable fishes ever held. Specimens of Chinese walking fish and the famous Siamese fighting fish are to be the unusual features of the show. The school children and the general public have been invited to attend.

Florists Attend Atlantic City Meet

Among the Pittsburgh florists attending the national convention of the Florists' Telegraph Delivery Association in Atlantic City are Ed Ludwig, Mrs. H. C. Shraff, Miss Emma M. Brunner, H. J. Hook, F. J. McCallom, W. H. Cooper, F. H. Rieggelmier and Lubin & Smalley.

Robbers Get $15, Kill Fish Worth $1,000

Robbers who entered the Art pet shop, 104 Smithfield street, early today obtained $15 and caused the death of tropical fish valued at $1,000, the manager reported to police today. The robbers left open a window and chill wind blew on to tanks, killing the fish.

Boy Feared Kidnap Victim to Shun Road

NORTHPORT, N. Y., Sept. 9.—(INS)—Edgar F. Hazleton, Jr., 16, who was hitch-hiking and railroading his way around the country while everybody thought he was kidnaped, is back at home today and resolved to stay there.

Today he told friends of his travels covering a large part of the country.

Coraopolis Mystery Blast to Be Probed

Fire Marshal Thomas L. Pfarr today was to conduct an investigation of a fire which followed a mysterious explosion, destroying the home of Dominick Cutere, 36, of 731 Fifth avenue, Coraopolis, and causing damage estimated at $10,000 early yesterday.

The explosion broke windows in a nearby store, endangered several nearby dwellings and aroused scores of residents from their beds. Cutere, absent with his family, was sought for questioning, according to police.

Chile Opens Drive On Red Agitators

SANTIAGO, Chile, Sept. 9.—(INS)—Drastic measures to suppress Communist agitators held responsible for the naval rebellion in Chile were being planned by the government today.

Preparations are being made for court-martial of the alleged leaders of the revolt.

Sea Rescue Hero, Jailed in U. S., Dies

VANCOUVER, B. C., Sept. 9.—(AP)—Capt. Robert Pamphlet, colorful British Columbia seaman and hero of a rescue at sea in 1924 which led to his serving a prison term in the United States on a charge of violating federal prohibition laws, died last night.

PATIENTS AIDED BY NEW DEVICE

A new electric device, in operation in St. Francis Hospital, enables bedridden patients and convalescents to keep in physical trim without voluntary effort, physicians say.

The mechanism, attached to a Westinghouse motor, sends interrupted electric currents through the patients' muscles, causing rhythmic contraction equivalent to actual exercise.

Use of the device for an hour and a half is said to be equal to 36 holes of golf. It has been successfully used in treatment of lumbago and stiff neck and for persons who have suffered broken limbs which it is necessary to keep in casts.

Royal Funerals Held In Vienna, Budapest

VIENNA, Sept. 9.—(INS)—Pompous royal funerals were held today for the Archduchess Isabella, aunt of former King Alfonso, of Spain, and for the late Archduke Leopold Salvator, head of the Tuscan branch of the Hapsburgs.

Cardinal Seredi officiated at the Isabella funeral in Budapest, while Cardinal Piffl officiated at the rites in Vienna for the dead Archduke. Numerous royalties attended both funerals.

The Austrian government ordered military honors for the Archduke as he formerly was a general in the Imperial Army. Vienna Socialists announced they would stage counter-demonstrations.

WILL ROGERS SAYS

BEVERLY HILLS, Cal., Sept. 9.

To the Editor, Sun-Telegraph:

No dullness over this weekend's news. King of England and the Prince of Wales set a fine example and get the merit badge.

Will Rogers

Our Bill Murray made a good speech. When everybody has had their say on a subject, Senator Bill Borah says that "It's all right to say the government don't support the people, but who got the people in the shape they are if it wasn't the mismanagement of the government?" Them's true words Willie—no wonder they won't run you for President.

Yours, WILL.

Woman, Hurt, Sues Landlord for $20,000

Mary E. Naylon, Boulevard of the Allies, asked $20,000 damages from George Snow in a suit filed in Common Pleas Court, alleging she broke her left leg August 23, 1930, on the rear porch of the house at 1347 Bluff street, owned by Snow. She lived on the second floor of the house, and the rear porch was negligently repaired after she reported it in bad condition, she charged. She slipped and fell because of its sloping condition after the repairs, she stated.

TRADE BOARDS HOLD OUTING

The twenty-fifth annual outing of the Allied Boards of Trade is being held this afternoon at the country home of Dr. A. L. Lewin, a charter member and past president. Judges, city and county officials and members of the Board of Education are among guests.

An elm tree planted in honor of the two hundredth anniversary of the birth of George Washington was a feature. The principal address in the formalities accompanying the tree planting was by Judge A. B. Reid, vice president of the Historical Society of Western Pennsylvania. Other features of the outing include a mushball game, a tug of war and a dinner in the evening.

Owner of 'Lost Ring' Has Finder Arrested

North Side police today held Minerva Groah, 22, of 517 East Lacock street, alleged by Katherine Connelly, of 110 Daisy street, to have found her lost ring and refused to return it to her. The girl, charged with being a suspicious person, said the alleged owner did not give a complete description.

New Carrick School Damaged by Fire

The new St. Basil's grade school at Concordia and Crailo streets, Carrick, was damaged to the extent of several hundred dollars by fire yesterday afternoon. The blaze broke out in new window frames stored in the building. Boys playing with matches were believed to have caused the fire.

Mayor Walker's own accounts were obtained just prior to his departure for Europe.

This Flier Faces Menace of 30 Days, $25,000

By ARTHUR 'BUGS' BAER

Those two boys flying the Pacific used to sell washing machines and motorcycles.

So the noise of the engine won't bother them any.

That Moyle man is between the weevils and the slump. If he gets here he faces a rap of 30 California days for driving while woggle-eyed.

Both of them are as reckless as an honor student on a stolen bicycle. You've got to be that way to fly across 4,500 miles of salt extract.

We hope they get across safely, now that Sir Hubert Wilkins is on the way back again.

Sir Hubert jammed his submarine under a mile of ice, which shows a bad ear for music and a very poor idea of real estate values.

If Allen and Moyle make it, they get $25,000 and that ain't apples.

And it will be the greatest stunt in aviation since bank stock flew off the handle.

MEMBERS OF AUXILIARY OF JUNIOR O. U. A. M. THRONGING WILLIAM PENN HOTEL . . . . . STATE SESSIONS OPENED TODAY

Smell-Appeal in Selling Vital, Ad Club Hears

When the cardboard of that cereal box smells like food, or a rubber band or hot water bottle possesses the aroma of flowers it is all because of the consumer, Prof. Donald A. Laird, of Colgate University, yesterday told members of the Pittsburgh Advertising Club in the William Penn Hotel.

It is due to the consumer unconsciously buying on finish and appearance rather than quality, he related. The perfume chemist has developed his industry until fish can smell like roses, Prof. Laird added. Citing the cause of this advance in merchandising he declared:

"The consumer unconsciously buys for good smell, eye appeal, lack of noise and elegance. Thus quality products that in their natural form contain an odor, not obnoxious, but nevertheless some kind of a smell, are passed up. The manufacturer has had to change the appearance. Imitation leather or oil cloth can carry the odor of Russian leather. The inks of magazines today are treated in many cases to eliminate the ordinary smell that sometimes is objectionable. Some paints in which banana oil is an ingredient now eliminate that smell. It is a day of reodorizing. General manufacturers who had difficulty in keeping the odor of cardboard and ink from mixing with the cereal now have containers that contain a food smell."

3 Families in One House Boost Rival Candidates

If the saying "a house divided against itself must fall" is true, then 2718 Sarah street is doomed to destruction before the September primaries, for banners proclaim that the occupants of the first floor are supporters of James Coyne, the second floor seems to be casting its vote for Joseph G. Armstrong, and Charles McGovern is claiming the influence of the third floor residents.

George Bune and family on the first floor announced that they would throw all their influence to the Coyne camp, and immediately posted signs and banners in all their windows to that effect.

In retaliation, the second floor residents, who include Mrs. T. Erdel and family, raised an Armstrong banner. Finally Thomas Whalen, who occupies the third floor, entered the free-for-all by placing two flaring banners across the front of the building, announcing that he was for McGovern.

TWO MEN ROBBING AUTOIST FLEE AFTER COLLISIONS

BANDITS FAIL TO GET LOOT IN EAST END

Same Pair Blamed in Two Attacks on Motorists; Pedestrian Beaten, Robbed

Two armed men who stopped two automobiles and searched the driver of one of them were sought by police today.

William Alter, of 865 Fifth avenue, New Kensington, reported to East End police that two men jumped on the running board of his car at Larimer avenue and Broad street early today and told him to drive on. In his confusion Alter [illegible] toward [illegible] motorcycles and an automobile.

The motorcycles were owned by Fred Lapp[illegible], of 362 [illegible] street and Henry Barton, of 7806 Margaretta street. The automobile was owned by Benedict Sintes, of 605 Chianti street. None of the machines was damaged. In the confusion the two men ran away.

A short time later two men believed to be the same bandits crawled into the automobile of William Pommer, of 76 D[illegible] street, McKees Rocks, at Penn avenue and Whitfield street and ordered him to continue driving. During the half hour that followed they rifled his pockets and finding nothing of value left the car near Webster Hall.

James Clark, of 7241 Race street, reported to police that two men slugged him at Albion street and Hamilton avenue shortly after midnight and robbed him of a check for $85, a watch valued at $20 and $5 in cash.

George Kosk reported thieves had entered his home at 69 Vespucius street and stole a ring valued at $35 and $19 in cash.

SEEK PAYROLL BANDIT

Police today had found no trace of the bandit who stole the $1,100 payroll of the Consolidated Cleaning Shops, Inc., North Euclid avenue and Bryant street and a diamond ring from Nathan Roth, of 5422 Wilkins avenue, president of the firm, yesterday.

The holdup man seated himself in Roth's automobile while Roth was drawing the money from an East End bank. When Roth returned he pointed a revolver at him and ordered him to drive to Highland Park where he robbed him of the payroll and ring valued at $250.

ACCUSED IN PARK THEFTS

John Kowalski, 24, of Altoona and Perry Lamont, 24, of Cedar avenue, were to be arraigned in the North Side Police Court charged with robbing three men in East Park. One of the victims, Ben Bulkar, an employe of the Allegheny General Hospital, identified them as the pair who stole $2 from him.

The prisoners were caught by police after a chase through North Side streets.

Gen. Foulois Takes Army Air Chief Post

WASHINGTON, Sept. 9.—(INS)—Brig. Gen. Benjamin D. Foulois today became chief of the Army air corps as Maj. Gen. James E. Fechet, present chief, began a three months leave of absence. Fechet's tour of duty expires December 21.

Gen. Foulois, already designated by the President for a four-year term, becomes acting chief during Fechet's absence.

SUSPECT HELD IN HIT-RUN AUTO DEATH

Driver Arrested After Car Hits Man, 50; Boy Loses Eye in Bicycle Collision

Michael Dempster, 28, of 247 Reifert street, Knoxville, was being held by homicide detectives today as the hit-and-run driver whose automobile struck and fatally injured Thomas Hogan, 50, of 2332 Library road, Overbrook, at McKinley avenue and Brownsville road last night.

Hogan died in South Side Hospital this morning. Three youths who saw the victim struck down obtained the license number and gave it to police. Through it police arrested Dempster in his home two hours later.

Gerald Glick, 13, of 6496 Monitor street, suffered the loss of his left eye, cuts and a possible fracture of an arm when he was thrown through the side window of an automobile with which his bicycle collided at Tilbury street and Beechwood boulevard yesterday. He is in Pittsburgh Hospital. Howard D. Bills, 17, of 3184 Shady avenue, alleged driver of the car, was arrested and released on $1,000 bond.

Injured when an automobile in which he was a passenger crashed against a pole in Glenshaw last night, Alfred Hine, 15, of 1401 Beechwood boulevard was taken to St. Francis Hospital. Hine suffered a probable fractured skull.

Suffering concussion of the brain and body bruises when struck by an automobile at South Twelfth and Sarah streets last night, Richard Cutowski, 5, of 1121 Freyburg street, was in South Side Hospital.

BOY, 13, SAVED FROM LEDGE NEAR TUBES

Lad Playing 'Bandit' Unable To Ascend From Retreat; Police, Firemen to Rescue

None the worse for his experience, Joseph Kozuba, 13, of 1344 Vickroy street, today was telling his schoolmates of his thrilling rescue last night from a ledge high above Second avenue, near the Armstrong tunnels.

Joseph and several companions were playing "cops and bandits." The boy chose the ledge of a rock about 100 feet below the Boulevard of the Allies for a hiding place and found he could not climb back.

He was there for two hours before police and firemen lowered a rope and pulled him to the boulevard. Motorcycle policemen in Second avenue played their searchlights on the hillside while other policemen and firemen lowered the rope and rescued the boy in view of several hundred motorists.

After the rescue, Joseph said:

"It was a good hiding place. It was easy to get down, but when I tried to climb up, the stones became loose and fell down on me."

27th Ward Board Upholds Coal Plan

Sponsoring of a coal conference in the tri-state district by the Allied Boards of Trade was indorsed at a meeting of the Twenty-seventh Ward Board of Trade last night. George A. Young, president, and John B. Vico were appointed to attend the conference.

Dear Senator:

It is a great pleasure for the Officers of the Pennsylvania Federation of Labor, to give endorsement to your candidacy for Commissioner of Allegheny County.

In examining the records of the vote on labor legislation for the sessions of 1923, 1925, 1927, 1929 and 1931 of the General Assembly, of which you were a member, we find that you consistently supported legislation that was for the benefit of the workers, and during the 1931 session of the General Assembly rendered great service to the Officers of the Federation.

Wishing you success in your campaign, we remain

Very truly yours,

John A. Phillips President

POTATO-TOMATO TWINS!

JOE KOSTYAN WITH HIS UNIQUELY GRAFTED PLANT

SEEK TO NAME FREAK PLANT

While horticulturist Joe Kostyan of Castle Shannon, inventor of a double plant that bears a tomato on one end and a couple of potatoes on the other, is vainly searching for a name for his new plant, suggestions are pouring in on all sides.

Such obvious "words" as pomato and totato are ruled out by Joe, who wants a long, dignified name for the product. Although he was able to raise only one plant this year, he expects to increase his yield next season by planting the seeds of the grafted plant. In the meanwhile Joe claims he is open to suggestions on what to name his new hybrid.

GIVES OFFICERS RAIDING LIST

County detectives today were watching the action of constables of Braddock and Duquesne who yesterday were handed a list of 35 alleged resorts and speakeasies in their respective bailiwicks. The list was given them by Judge Frank P. Patterson, sitting for the "blue" men's parade yesterday after they had joined with Pittsburgh constables in announcing their districts free from sin. Judge Patterson said:

"If it is found on Monday that these places are running and the constables say they are not, the constable will be liable to perjury before the court."

Chief George W. Murren of the county detectives said that his men would take no action until after the first of the week.

Flying Dry Agents Downed Near River

PORTSMOUTH, O., Sept. 9.—(AP)—Prohibition Agents Williams and Lamb of Wheeling, W. Va., returning to their home from a visit in Indiana, made a forced landing in an airplane 15 miles west of here, narrowly escaping a fall into the Ohio River. Both escaped injury.

Gas Fatal to Baby, Mother Accused

LANCASTER, Pa., Sept. 9.—(AP)—Police here said Mrs. Frank Parks would be charged with murder for the killing of her 2-year-old daughter.

The baby died in a hospital after Parks found his wife and daughter unconscious, having inhaled illuminating gas. Mrs. Parks is expected to recover.

Pittsburgh Woman Held in Auto Death

LOCK HAVEN, Pa., Sept. 9.—(AP)—At a coroner's inquest here Mrs. Minnie Brown of Pittsburgh was held responsible for the death of Mrs. Elizabeth Pancon in an automobile collision on the Horseshoe Trail Sunday evening.

Thieves Carry Away, Loot 150-Pound Safe

TITUSVILLE, Pa., Sept. 9.—Thieves breaking into the William Kightlinger residence, in Pleasantville, carried away a safe weighing 150 pounds and took it into Warren County where they rifled it of valuable papers and jewelry. It is not known if there was any money in the safe.

MAN KNOCKED FROM TRESTLE

Thomas Bowden, 56, of 822 Mifflin street, Hays, was in South Side Hospital today with grave injuries suffered when he was attacked by a man on the Pennsylvania Railroad trestle in Hays last night. His skull is believed fractured.

Bowden fell from the trestle into a creek after being struck. Police dragged him from the water and took him to the hospital. Bowden, unable to ascribe any reason for the attack, said:

"I was walking on the bridge when someone from behind hit me on the head, and I fell into the creek."

County Worker Dies At Front of Camp

A man believed to be William Reilly, 50, of 4612 Liberty avenue, died while sitting in front of the Happy-Go-Lucky camp, Hardy Station, Hampton Township, last night, morgue attaches reported today. He was believed to have been a county employe. A post-mortem is to be held.

INTERNATIONAL AMERICAN ART JURY NAMED

Two Ex-Pittsburghers on Committee of Selection For 30th Carnegie Show

The five members of the American Committee of Selection for the thirtieth Carnegie International are Eugene Speicher, Jonas Lie, Randall Davey, Ernest Blumenschein and Charles Rosen.

The committee first meets in New York on September 10. The second session is in Pittsburgh September 21, when paintings submitted here are selected.

Penelope Redd

Three of the committee of selection, Speicher, Lie and Davey, will represent the United States when the international jury of award convenes in Pittsburgh on September 22. At that time, acting with Le Sidaner of France, Oppo of Italy, and Nash of England, the Americans will award the Carnegie Prize and determine the Albert C. Lehman Prize and Purchase Fund.

Speicher and Lie have both similarly served the Carnegie Institute several times within the past decade. Speicher, at less than 50 years of age, is the almost undisputed "first" painter among his colleagues. Unfairly enough he has never won the first Carnegie prize and loses his chance again this year by serving as a juror.

Lie had a sensational success in youth. His prize painting of boats at sunrise was purchased by Carnegie when he was about 30. He has since sustained his early triumphs.

Davey, the third United States juror, deserted his vocation as an architect to become one of the group of younger painters whose work is untouched by foreign influences.

EX-PITTSBURGH PAINTER

Ernest Blumenschein resides in New Mexico as does Randall Davey. His subjects are almost entirely of the landscape and Indians native to his chosen land.

Blumenshein and Rosen are two boys on an old home trip who made good in the wider world, Blumenschein having been born in Pittsburgh, and Rosen having come from the vicinity of McKeesport.

Charles Rosen has had a more varied career in his painting than any other of the committee members. Having enjoyed national honors as a poetic landscape painter, he courageously abandoned that certainty to blaze his own path to a greater artistic glory.

Extortion Plotter Placed in Asylum

OIL CITY, Pa., Sept. 9.—(AP)—John Bromley, locksmith, who pleaded guilty to charges of extortion last week in connection with an attempt to obtain $20,000 from Mrs. Anne Morck, wealthy widow, was placed in the state asylum for the insane at North Warren yesterday.

CLASS DEMANDS TRAFFIC LIGHT

Three hundred and fifty adult Bible school members of the Swissvale Methodist Episcopal Church, through a petition, have demanded that the borough council place a stop and go sign at Braddock avenue and Westmoreland street, Swissvale, after the second member had been killed at that intersection within a year.

Benjamin Mitchell, 75, of 8012 Westmoreland street, Swissvale, a member of the Choir Corner class, died last night in the Braddock General Hospital from a fractured skull suffered Sunday when he was struck by an automobile at the intersection.

A year ago Carl Vetter, of Columbia avenue, Swissvale, also a member of the class, was fatally injured by an automobile at that corner, which is near the church.

24 ADMITTED AS CITIZENS

The Federal Naturalization Court resumed yesterday after being closed during the summer. Twenty-four aliens swore allegiance to the United States and were admitted to citizenship by Judge Nelson McVicar.

The court will continue until 30 days before the general election in November and resume immediately afterwards.

SHOES DONATED FOR MINERS

More than 500 pairs of women's and children's shoes have been contributed by two North Side merchants to the Socialist Party Miners Relief fund, the committee announced today, enabling many children of the striking miners to attend school.

Contributions of men's shoes also are being sought. Socialist headquarters is at 613 Lyceum Building.

A FINE EIGHT AT VERY LITTLE MORE THAN THE COST OF A SIX . . .

DRIVE AN OAKLAND! It's the only way to learn how well it performs

Never quite at your ease in heavy traffic? Try it with an Oakland Eight. . . . You will find no effort, no clatter, in those smooth Syncro-Mesh gears. And the "second" gear, you discover, is really *quiet*. You *can* relax now, can't you?

Pride in power and speed? Well, few cars will ever pass your Oakland Eight when you really step out.

Hills? Pick out one you have always regarded as a Tartar, and see how you "high-gear" it into submission. No sign of faltering or laboring under the Oakland hood. That's *power*.

You may not expect such a fast, powerful, sizeable car to handle easily. But you find it does. Women drivers say that's one of the best things about Oakland.

How long will Oakland continue to give such outstanding performance? The answer is this: We have designed and built and tested the Oakland Eight not just to win but to *hold* the esteem and friendship of every owner. It is a car you can depend on for faithful service as long as you have it.

You can buy an Oakland Eight 2-door Sedan or Coupe in Pittsburgh for $986. Sport Coupe $10[illegible]. 4-door Sedan or Convertible Coupe $10[illegible]. Custom Sedan $1146. All with bodies by Fisher. Equipped with front and rear bumpers, four hydraulic shock absorbers, six wire wheels and extra tire, tube and tire lock. You may have the advantages of favorable G. M. A. C. terms.

LAWYER RAPS ATTACKS ON JUDGES

Declares Bench Aspirants' Campaign Lacks Dignity; Cites 7 Jurists' Records

John E. Laughlin, member of the committee of 400 lawyers supporting the seven present Judges of Common Pleas Court seeking to succeed themselves, last night replied to candidates trying to supplant some of the sitting Judges. He said:

"It is the opinion of the average lawyer that the campaign conducted by some of the opposing candidates is not in accord with the best traditions of Allegheny County or in keeping with the dignity of the high office to which they aspire.

"Any lawyer will admit merely because a man happens to be appointed to a judicial vacancy that is not sufficient reason why he should be elected. At the same time, if he is logical, he will also declare that it is no reason why he should be defeated.

"Qualifications and record on the bench are of vital importance in considering judicial candidates and Judges Gardner, Reid, Dithrich, Snee, Stadifeld, Egan and McNaugher have shown themselves fitting in both."

LINDSAY ANSWERS

Charging that George E. Alter, former Attorney General of Pennsylvania, was beclouding the issue in stating that the appointed Judges hold their offices constitutionally, Alexander P. Lindsay, candidate for Judge of Common Pleas Court, said the question was whether the people should merely ratify political appointments or elect Judges who are independent of political influence.

Judges should not hold themselves aloof from their fellow men, Attorney John F. [illegible], candidate for Judge of Common Pleas Court, declared yesterday at his Plaza Building headquarters. He said:

"To keep up with the times, it is essential that Judges mingle with their fellow citizens and know what is going on. If nominated and elected, it is my purpose to make myself accessible to every one having reason to consult with the court."

City Solicitor Charles A. Waldschmidt, candidate for Judge of Common Pleas Court, is centering the last week of his campaign in the boroughs and townships of the county. Being a member of Mayor Kline's cabinet, it is assumed Waldschmidt will have the support of the city administration, although his friends insist his candidacy is on an independent platform.

DUFF TALKS ON RADIO

Beginning today J. Boyd Duff, candidate for Judge of Common Pleas Court, will broadcast over WWSW at 7:45 p. m. every day for the balance of the campaign. He is scheduled to discuss important practical phases of the court work.

In a speech at the Mellon Plan School in Patton Township last night, Representative M. A. Musmanno, candidate for Judge of County Court, declared a Juvenile Court Judge should assume a "big brother" attitude toward children brought before him. He said:

"The children of today are the citizens of tomorrow and if a child is so treated that he acquires a resentful attitude toward society, he not only ruins his own life but plays havoc with the ideals and aspirations of his companions."

Closer co-operation between the probation officers of Juvenile Court and the school authorities was urged by Attorney Clarence R. Nixon, candidate for Judge of County Court, at a meeting last night in the home of James O. Corbett of Carnegie borough. Corbett is the independent Republican candidate for Recorder of Deeds. Nixon said:

"For the last five years I have been a solicitor for the Carnegie school district during which the Superintendent of Schools and I conferred as a matter of policy on each juvenile delinquent in or out of school. In my opinion, there should be a unification of effort on behalf of delinquent school children."

YOUNG JUDGE NEEDED

Attorney James Philip O'Connor, candidate for County Court Judge, broadcast last night over WWSW in behalf of his candidacy and will make radio addresses at 6:30 p. m. every night this week. He also spoke last night at meetings in St. James School, West End, in the [illegible] Township High School and at gatherings in Oakland and Squirrel Hill. The keynote of his speeches was:

"One should not forget the important matters that come before all branches of the County Court and that a young, active and capable Judge is needed to hear the cases and to render prompt and just decisions."

Judge D. M. Miller, for 20 years a Judge of County Court, who is a candidate for Judge of Common Pleas Court, has mailed a letter to voters in which he stated:

"Without any disrespect to the sitting Judges, the voters should consider the training and experience of the candidates rather than blindly follow the selection of any one man even though he be the Governor of the Commonwealth. I ask the voters to compare my preparation for the job of Common Pleas Judge with the training of any of the other candidates."

Babcock Predicts Armstrong Victory

In a letter to Clarence V. Tiers of Oakmont, president of the Allegheny Valley Improvement Association, County Commissioner Edward V. Babcock predicted the re-election of County Commissioner Joseph Armstrong by an unprecedented majority.

Mrs. Sarah L. Gardner of the [illegible] Ward, Knoxville, has issued a statement praising Armstrong for his loyalty, efficiency and foresight.

Reich Denounces Hand-Picked Slate

Speaking before an audience in Laurel Gardens last night, Attorney Joseph H. Reich emphasized the necessity for maintaining the independence of the judiciary as an argument in behalf of his candidacy for Common Pleas Judge. He declared:

"As one who firmly believes in the principle of an uncontrolled judiciary and who helped conduct the fight for Judge James H. Gray and Frank P. Patterson and the late Judge Richard W. Martin, I know that the voters of Allegheny County do not favor any hand-picked 'slate' of candidates for any judicial position."

Boys Club Director Commends Foster

Gen. A. J. Logan, member of the board of directors of the Boys Club of Pittsburgh, located at 4412 Butler street, has commended Judge D. Paulson Foster, candidate for another term on the County Court bench, for the latter's appreciation of the club's results in reducing juvenile delinquency. Gen. Logan said:

"Just recently I heard Judge Foster describe his work in the Juvenile Court. It was a revelation to me, the work accomplished under his administration and I am especially impressed with the importance that he assigned to the work being done by the Boys' Club, of Pittsburgh, in reducing delinquency in this community."

Armstrong Speech Scheduled Tonight

A meeting to boost the campaign of Joseph Armstrong for re-election as County Commissioner is scheduled for tonight in Mannerchor Hall, Nineteenth Ward. Speakers will include the candidate, Ben L. Anderson and Ward Chairman Samuel L. Reno. The meeting will be in charge of John L. Welch and Ralph A. McGiffen.

Judge Kennedy's reputation as an arbiter of domestic difficulties is such that frequently he is called upon by prominent parties to adjust these matters out of Court. These cases never appear in Court and their names do not appear on the Court records—Judge Kennedy's disposition of them in a friendly way being accepted as final.

We Now Present

By Darrell V. Martin
Radio Editor

Darrell V. Martin

THE DAY IS NOT far off when a sound-effects man will be able to produce a train wreck or ocean squall over the radio within a few seconds of being notified . . . phonograph companies have utilized idle machinery by a mass production of electrical transcriptions of sound effects that will enable stations to simulate everything from the drop of a pin to the sinking of the Titanic . . . and all on the studio turntable which is an exact facsimile of your home phonograph . . . thus, instead of having a studio crammed with sheet iron for thunder, fog horns, halves of cocoanuts for horses' hoofs and whatnots, a phonograph album with records properly indexed will furnish all the sound effects necessary . . . **The Federal Radio Commission is responsible**, having recently authorized the use of electrical transcriptions for sound effects without making it compulsory that the station mention how the imitations are produced.

Good tonight? **Well, there's Gladys Rice and ensemble in "Gems from Pinafore" on WCAE at 8:30 and Gladys herself singing the much-popularized "Estrellita"**; it's always **a** fine show with the "First Nighter" on KDKA at 9, which hour brings also **a symphonic dance arrangement from bits of Delibes' "Coppelia" and the Barcarolle from "Tales of Hoffman," through WCAE**; Paul Oliver singing "Rose in the Bud," Olive Palmer touching the high notes in the Bird Song from "Pagliacci" and the Ponce Sisters as guest artists, supplement the always superb entertainment of the Revelers Quartet on WCAE at 9:30 . . . **Ann Pennington, whose talent has always been in her toes, promises us a surprise by singing on WJAS at 10** . . . Big Bill Tilden, tennis star, is Grantland Rice's guest on WCAE at 10:30.

Jewett Critical

Ted Jewett, NBC announcer, is in a critical condition in a New York hospital following the death of his three-month-old bride from infantile paralysis. Ted was in the hospital suffering with a fractured hip when his wife died in another ward. He was not notified immediately, but when the news was broken to him he had a relapse. Ted's wife was the former Grace Fisher, whom you have heard often as violin soloist in the Parnassus Trio over WCAE.

Sponsors of "20 Fingers of Sweetness" are reluctant to start their programs just now so tonight's scheduled performance at 7:15 has been postponed indefinitely . . .

Speaking of two piano teams (what a flock of them!) we picked up some snappy rhythm in WCAE studios yesterday with Ralph Federer and Kathryn Rickert at the keyboards . . .

Alicia Fuller, KQV organist, was at the airport yesterday to see Capt. Frank Hawks come in . . . Alicia, you know, has a pilot's license . . . returns to the air this Saturday after a brief vacation . . .

J. L. Kaufman, of WCAE, will be careful of his challenges after this . . . his offer of $1 an ear to members of the Noon Novelties cast eating the most corn at his party last night cost him $32 when Dave Olsen and Ford Miller consumed 16 ears apiece.

NBC page boys and hostesses are to produce their own sketch over the WJZ network next Wednesday night . . . a play, "The Duel," written by Daniel Green, 20-years-old page boy who worked his way through college, is to be presented with the boys furnishing their own announcer and sound effects man . . .

Senator Smith W. Brookhart, of Iowa, is to be heard with Congressman LaGuardia, of New York, when Uncle Henry resumes his Magazine Hour over NBC-KDKA this Sunday night . . .

Rev. S. C. Michelfelder, who presented the last of his Gospel Gems over WJAS at noon today, was never late for a service in four and a half years of broadcasting . . . he leaves tomorrow for a new call, the St. Paul Lutheran Church in Toledo, O. . . .

E. I. Clark, the harmonica expert of Pittsburgh playgrounds, has added a bass harmonica to his 8:30 program on KQV tonight . . .

Helen Maree Greenwood? We miss her too. But she's too busy with her novelty shop in East End to make many radio appearances.

The Loudspeaker

By LOUIS REID

NEW YORK, Sept. 9.—The microphone mahatmas are having a hard time finding the American who looks most like George Washington. And they're searching everywhere.

Lincoln is easy for them. They can bring, my dear Drinkwater, any number of English actors to the assignment. But Washington eludes them. . . . We can recall only one actor, the late Joseph Kilgour, who even remotely resembled the paintings of Washington. . . . Why should the broadcasters be so faithful to detail.

Maybe they're getting ready for The Day. Der Tag to the broadcasters is, of course, television. . . . Old reporters continue to be herded before the microphones. But where are the rewrite men and the copy readers? Can't they also be persuaded to tell their secrets: building an obscure paragraph into a page one story, dashing off the headlines that he who runs may read.

At last we have had song from Paree. From no less a Parisian than Sophie Tucker. Most everything from Paris on the radio is Americanized. . . . They could be more native, though. They could give us some of their chefs, telling us how to cook a lobster, press a duck, prepare clotted cream for raspberries. . . . Radio has made us more familiar with other American towns than all the propaganda issued by chambers of commerce. . . . The contact is chiefly musical.

Here comes Hartford into the pop concert field. . . . And there's not a crossroads that does not know "St. Louis Blues." . . . Mountain climbers have not yet come into the broadcasting corral. Strange, their delay! . . . Even Russia is sending piano teams to the salons. . . . Dullest of all sports reports that of the amateur golf tournament. Without Jones to set the pace, no one cared a hoot. . . . Tenors are the most occupied people in the radio studios. There's always a job for a man who can sing "I love you" as if he meant it.

Best baritone voice heard on the microphones in the last two years is that of John Charles Thomas. Happily, too, Thomas does not Kipling his way to popularity. . . . Don't hear so much any more about collegiate jazz bands. Competition became too keen. . . . The Boswell Sisters are never billed as radio's prettiest sister act. Yet they could be. Strange the scarcity of beauty in broadcasting studios! . . .

According to B. A. Wolfe the whole world is dancing to the American fox trot . . . Our own Tin Pan Alley is the world's music capitol. Yet you never hear of vast revenues being collected there any more . . . Irving Berlin is still the richest of the songwriters, but he made most of his money before the advent of broadcasting . . .

So Meyer Davis has the Waldorf-Astoria music assignment. Davis has become the General Motors of dance bands. . . . Radio's hillbilly singers are delaying their trek back to their cabins and cowboys (there are a few left) are buying more one-way tickets than ever to broadcasting salons.

DELAY NO BAR TO SUCCESS OF HARRIS

Bill Harris

A SINGLE GAME, of course, cannot be called a conclusive test of a new pitcher in the major leagues. Victory the first time [illegible] does not always mean continued [illegible] success. But when a [illegible] just brought in from the minors starts off by pitching a shutout there can be little doubt that he is well supplied with slab stuff and his prospects must be rated as quite a bit better than those of the average newcomer.

What Bill Harris will do later for the Pirates can only be conjectured, but his flashy start offers a whole lot of hope. A chucker has got to have something to pitch shutout ball, even against the [illegible] Reds, and the fact that it was his first appearance in his belated return to the majors, an occasion when many recruits are unsure of themselves and inclined to unsteadiness in consequence, indicates that Harris' heart and head are in keeping with the mechanical stuff he displayed.

IT WAS [illegible] that kept Harris [illegible] given his first big league trial in 192[illegible] [illegible] defeated [illegible]. Going to the [illegible] Bill [illegible] in 22 games [illegible] back [illegible].

The fact that eight years have elapsed since Harris, now 30, had his first tryout is no bar to success in the majors this trip. That time record has been beaten even by one of Bill's present mates on the Pirate staff. Remy Kremer came back at 28 and proved a star after a nine-year fadeout, as the Giants dropped him in 1915 and it was 1924 when he joined the Bucs. Dazzy Vance spent six years back in the thickets after his early big league failures with the Pirates and Yankees, returning at 29.

IN [illegible] colorful [illegible] Nick Maddox [illegible] on September 21, 1907, when Nick [illegible] the Pirates [illegible] St. Louis [illegible] first game [illegible] as well as Maddox did, however [illegible] to do some [illegible].

For after beating St. Louis again in his second game 4 to 2, Nick let Brooklyn [illegible] in his third start at Exposition Park on September 20, 1907, the only major league no-hit game ever pitched by a Pittsburgh hurler except that turned in by Frank Allen, of the local Federal League club, against the St. Louis Feds on April 24, 1915.

IF THE THREAT of a shakeup had come earlier in the season the Pirates might be getting somewhere right now, judging from the clip at which they have been going since it became known that drastic changes were planned. As it is, the Bucs' longest winning streak of the year, in which they have taken seven games in a row, doesn't promise anything more than the retention of fifth place unless the slide of the demoralized Cubs continues. At that, to beat out Chicago the Corsairs will have to win in their remaining 18 games six victories more than the Bruins score in the 15 contests they have yet to play.

Hal Finney

YOUNG HAL FINNEY [illegible] back to the Pirates [illegible] catcher [illegible]. Finney on August [illegible] was optioned to the Hazleton club of the New York-Pennsylvania League in order that he might get some needed work. He [illegible].

In less than six weeks Hal caught in no fewer than 35 games for Hazelton, or an average of close to 10 games a week. He made himself one of the outstanding catchers of the league and he featured one recent game by throwing out five baserunners in attempts to steal. In addition to his fine catching, he hit the ball well enough to place an average of .320 to his credit.

LEFTY GROVE, who [illegible] his [illegible] victory yesterday, equaling the total of last year [illegible] a mile ahead of all other major league hurlers [illegible] but if the season had a little longer [illegible] Pat Caraway might outstrip him from another angle. The White Sox southpaw might lose more games than Grove could win.

Caraway [illegible] Yesterday he suffered his twenty-third defeat of the year against 10 games won. He has taken part in 47 games, leading both leagues, has completed only 11 contests, has been lifted 21 times and has worked as a relief man 15 times. He has gone the distance only once in 15 starts since June 30.

FOUR MORE ON the chin would give Caraway a new American League record for defeats in a season. The high mark in that circuit is 26, set by Jack Townsend, of Washington, in 1904, and duplicated by Bob Groom, of the same club, in 1909. Lack of time, if nothing else, will save Caraway from equaling the record for all major leagues. George Cobb, of the Baltimore Nationals, established that when he lost 39 games in 1892. The modern record is 29, charged against Vic Willis, one-time Pirate, while he was pitching for the Boston Nationals in 1905.

EARLY LAST FALL Pop Warner [illegible] He so far [illegible] that he had the best football material in years at Stanford. He could see nothing but the Coast championship. Then Southern California steam-rollered his team 41 to 12.

But this year Pop is back in his old form. He's not going to make any more mistakes like that one. He says he hasn't any chance at all against Southern California and is also in deadly fear of U. C. L. A. Now he'll probably win both of those games.

IN PHILADELPHIA TONIGHT Tommy Loughran [illegible] his campaign [illegible] title chance by taking on Jack Gross for the third time. Loughran won the first bout [illegible]. The second ended in such a dispute that the third match grew out of it.

A verdict given to Gross was protested so vigorously that the commission investigated. Referee Frank Floyd, it was announced, had tripped up in his arithmetic in the difficult problem of counting the round awards on his score card, so the decision was reversed and given to Loughran. Tommy hardly will leave any room for mathematical blunders tonight. His boxing skill figures to win for him handily.

Marty Brill

ONE THING THAT'S going to play a bigger part in football this year than ever before is blocking. Gridiron men everywhere realize now that this item has been a powerful factor in the success of Notre Dame's teams. Marty Brill, the master blocker of them all, has been selected by Lou Little to teach the art to his Columbia players, and other coaches elsewhere are giving increased attention to it. Too, the fame won by Brill has had the effect of making the average back more willing than in the past to fill blocking roles. As one veteran puts it, aspiring backs who have subconsciously shied away from blocking as unworthy of their talents as ball carriers and headline hunters, recall vividly that Brill, through specializing in the usually ignored mopping-up assignment, made the all-America team last year and was one of the outstanding aces of the season. They know there's reward for a blocker if he's first-class.

COVENANTERS' BACKFIELD UNCERTAIN

(This is the third of an annual series of special articles written by Jess Carver, Pittsburgh Sun-Telegraph football writer, dealing with the prospects of tri-state district college elevens. The article on Pitt, with photos of the Panthers at their training camp at Camp Hamilton, will appear in tomorrow's issue.)

By JESS CARVER,
Staff Correspondent

BEAVER FALLS, Pa., Sept. 9.—If Howard Harpster gets a backfield together and gets it to click he's going to have a pretty nifty football team here at Geneva College this fall. If he doesn't, well, that will be another story entirely.

The former Carnegie Tech all-America quarterback star, in his second year as the Covenanters' head coach, has been handed a hefty schedule, a right encouraging outlay of line material and a wrecked backfield. Geneva lost Earl Ewing and Johnny Knapic from last year's team, two ace performers. Ewing was accounted the most valuable back in the tri-state territory last year. Knapic was a runner par excellent, a fine booter and passer. Ewing cleared the way and Knapic did the running, and on occasion, Ewing took a slice at tackle or bumped his way into the line and usually right on through.

NEW BACKFIELD NEEDED

The loss of this pair played havoc with the backfield and it remains for Harpster to construct practically an entirely new one for this season. He has the clever southpaw quarterback Art Grahame back along with Herman Pietsch, of two years ago, and Paul Heffley, Art Weigle, Bill Sauer, Guidio Troiano and Carson Robbins, holdovers from the '30 squad.

The situation as regards the line is almost the opposite. From such sturdy gridiron yeomen as Sam Cooper, Cliff Aultman, Dock McKee, George Johnson, Johnny Hill, Willard Howell, Wilbur Granley, Bob Donohue, Ray Turpin, Kent Sole, Tommy Stauffer, Eddie Rodemeyer and Capt. Alured "Slim" Ransom, Harpster and his able assistant, Don Lovewell, himself another former Carnegie star, will be able to build a rush line

Fresh from their longest winning streak of the season, the Pirates today greeted the Robins who are here for a stopover game through the arrangement of the unusual schedule in operation this season. Uncle Robbie is not supposed to lie down and roll over for Ol' Boy, but the Buccos are aiming to use the Flatbush Flock as patsies of the second part in an eighth straight success for the Freebooters.

Maharajah Ens was not sure as to his slab selection this morning. It is Heinie Meine's turn to go to Logarty Knoll, but the Luxemburger has been under the weather with a severe cold. In the event that he is held back for future reference, Remy Kremer will get the slab ticket. Kish has had sufficient rest since the veteran smacked down the [illegible] Redbirds of St. Louis.

The Brooklyn boys will move on to Cincinnati after today's game, their departure to make room for John J. McGraw and his [illegible]

EXPLANATIONS OF RIPLEY'S CARTOONS OF YESTERDAY. M. FRANCOIS DANGUIN HAS BEEN A CHOIR SINGER FOR 79 YEARS—A few years ago a curious inquiry was started in an effort to ascertain who was the eldest choir singer in France, and brought to light the unusual record of M. Francois Danguin, of the little village of Ternand, in the Diocese of Lyons, to whom the honor was conceded. M. Danguin, now in his 94th year, still is singing in the parish church. He was regularly installed as a member of the choir at the age of 15. His 79 years of service do not include the years prior to those when he wore the red cassock of an altar boy. M. PITT TO STAGE FIRST SCRIMMAGE TODAY

TARTANS MAY PLAY GAME TOMORROW

By Staff Correspondent

CAMP HAMILTON, WINDBER, Pa., Sept. 9.—Although Jock Sutherland may change his mind at the last minute, the Pitt Panthers are probably due for their first scrimmage of the season this afternoon.

Yesterday the Pitt mentor laid off the rough work at the tackling and blocking dummies, and in the afternoon, while the practice was long, it wound up by a game of fast-ball, a game of Sutherland's own invention, and which has rules taken from various sports. It is closest to football, although there is no tackling.

NO REGULAR GAME

Ordinarily this game is not played until the final seige of hard, grueling work is begun, and when it came yesterday the natural thing was to expect scrimmage for today.

If an inter-club battle is held, the second team probably will furnish the initial opposition for the Varsity. These second-stringers gave the Varsity three close calls in spring practice, and will be out to show up their teammates in today's drill. There will be no regulation game, however.

The first team probably will have Hirshberg and Collins, ends; MacMurdo and Meredith, tackles; Milligan and Morris, guards; Tormey, center; Cutri, quarterback; Heller and Reider, halves, and Clark, at full.

The second club will have Daily and Sklanany, ends; Cuba and Valenti, tackles; Hartwig and Seigel, guards; Daugherty, center; Alpert, quarterback; Simms and Sebastion, halves, and Luch, fullback.

HARD WORKOUTS

Despite the fact there was no rough work yesterday, all of the players were glad when the afternoon practice came to a close. The drills were long, especially the period devoted to individual instruction under the various coaches. It was in these workouts that Johnny Meredith and Tarcisie Onder, sophomore tackle and guard, respectively, showed up well. Their work at pulling out of the line to get into the interference was highly pleasing to the coaching staff.

In the kicking practice, Hogan and Odell continued to outdistance the rest of the field, the former particularly getting off consistently long boots. This will be in his favor when it comes time to select the quarterback for the opener with Miami.

TECH MAY PLAY TOMORROW

A continuation of yesterday's long signal drills is the program for today in Carnegie Tech's training camp. Judge Steffen, with his available material card-indexed after the first week of scrimmage sessions, is starting to fashion his offense to the possibilities of the men he has at hand. With no speed boy of Eyth's abilities, no fullback as powerful as Karcis, and no passer of the talents of Harry McCurdy, a plain revision of Carnegie's methods of advancing the ball is necessary.

Visitors have not been welcome at Carnegie's morning sessions the last several days, while Steffen has been attempting to work out his plans for 1931.

Yesterday the squad was distributed among three teams. Steffen followed one, Bob Waddell took another and Doc Marks chaperoned a third while they went through the few plays that were given out over Saturday and Monday.

It was tedious work and after another session of it today, the coaches believe the boys will be anxious for another big scrimmage, which has been planned for tomorrow. At that time an actual game may be played.

DUKES SHOW CLASS

Nothing unusual occurred during the full day's workout of the Dukes yesterday, the boys going through both morning and afternoon drills with precision and a show of some class. The big want on the Bluff still remains a good passer and capable receivers. If nothing develops in that line soon the Duquesne University season opener with Geneva at Forbes Field here on the night of September 18 will perforce be confined to the ground.

Just how effective the Dukes can be in a campaign which is exclusively ball-carrying and with no aerial alternative, is problematical. Another disquieting factor lies in Silvio Zananelli's lack of experience as the punting mainstay of the team.

SOCCERITES IN CONFAB

The only changes offered after yesterday's West Penn soccer meeting were differences in referees' fees. Pittsburgh Celtics meet Swissvale, and the Celts play Switch and Signal in Saturday's games. A final confab is to be held Tuesday night at Leslie Park. Six clubs are on this year's roster.

verified by the Archbishopric of Lyons. TWELVE INCHES ARE NOT UNIVERSALLY A FOOT—While every nation has a unit of measure called "a foot," its value differs from the foot current in the United States and from each other. Thus the Canadian foot measures 12.8 English inches, the Brazilian "pe" 13.122 inches, the Argentine "pie" 11.365 inches, the Mexican 10.995, the Swedish "fot" 11.689 etc. The variance is due to the varying sizes of the human foot on which the measure was originally based.

up Giants, who still may have some flag dreams. The Broadway outfit will be the attraction at the Oakland Orchard for the remainder of the week.

RECRUIT HERO IN DEBUT

Pittsburgh fans today were discussing quite warmly the actions of the latest addition to the Pirate family, William (Bill) Harris, righthand pitcher, purchased a few days ago from the Fort Worth club of the Texas League, was loaded up with the responsibility of continuing the Buccaneer winning streak. The 30-year-old recruit showed the proper appreciation by winning a shutout success over the Reds. The score was 3 to 0.

Harris was bought at the recommendation of Scout Bill Hinchman. It seems that eight years ago, Bill was a rookie member of the Reds' pitching division. That was in the late days of the lamented Pat Moran's reign. Anyhow, Harris did not make the grade and he was passed along. He was a total stranger to most of the present-day Rhinelanders as he suddenly appeared to deal them out nine goose eggs, he yielding only five hits. Harris, a rangy fellow, showed considerable speed and quite a repertoire of offerings. And he was beautifully handled by Eddie Phillips.

OGDEN IN RARE FORM

On the other hand, the Reds dished up a pitcher who really was more impressive than the new Pirate. Johnny Ogden, after a mate had kicked a grounder, yielded three runs in the first inning, but from that point he held the Pittsburgh batters hitless through six rounds before making way for a pinch-hitter. Only two hits were made off Ogden and one of these, the Paul Waner single, which drove in two runs, was a fluke thing to right. The Pirates made only four hits all told, they getting their second brace of safeties in the eighth.

L. Waner opened the game with a walk. Durocher fumbled Jensen's grounder and runners were on first and second. Grantham sacrificed and Traynor walked. With the bases filled, Brother Paul dropped a Texas Leaguer in right and Piet followed with a single to left, the two hits producing all the runs of the game. The contest was run off in less than one and one-half hours.

The game was the last of the season between the two clubs, the Pirates showing a marked supremacy over the Reds in the long grind. They won 16 of the 22 contests.

TEAM GOLF FINAL TODAY

By VERN SWARTSFAGER

The West Penn Golf Association team championship final got under way at the Westmoreland Country Club at 10 o'clock this morning. Play for the Claude F. Pugh vase will continue this afternoon.

Oakmont, Fox Chapel and St. Clair are fighting for the crown won last year by Highland Country Club. Sam Parks, Jr., is captain of the defending champion.

The city open championship date has been changed to October 5, and will be 36 instead of 72 holes as originally announced in the Pittsburgh Sun-Telegraph.

LINCOLN FIELDS MUTUELS

CHICAGO, Sept. 9.—(Special.)—The mutuels on the seven races at the Lincoln Fields track yesterday paid a total of $350.22.

Says Nick Altrock

(Baseball's Comedian)

PHILADELPHIA, Sept. 9.—I see old Hack Wilson is suspended for the rest of the season. Well, some guys have all the luck. Can you imagine dragging through the tail end of a pennant race that's already over when it's much better weather to go fishing?

Nick Altrock

So far as I can see, the National League deadened the 1931 baseball so there wouldn't be so many home runs, and then they gave Hack the gate because the idea worked out just right.

Hack's best chance now is to get traded to Philadelphia. In that Phillies Park you have to bunt to avoid hitting homers. It's like giving your batting average a jab of cocaine.

FAVORITES WIN IN GREENSBURG NET PLAY

By PAUL G. SULLIVAN
Staff Correspondent

GREENSBURG, Pa., Sept. 9.—Second and third round men's singles frays feature this afternoon's program of festivities in the first annual Greensburg Country Club invitation tennis tourney in progress here since Labor Day on the G. C. C. clay courts.

Stars fresh from the Morgantown conclave concluded yesterday are slated to appear for Westmoreland action today. B. F. Arkle, Wheeling ace; Sam Cohn and Aubrey Smith, crack Beckley doubles outfit; Dr. John O'Loughlin, Pittsburgh Athletic Association mainstay; Ed Alcorn, Mount Lebanon youth who will captain Pitt's 1932 net crew; Frank Smith, crack Edgewood leader; Frances Grimes, Mountaineer feminine flash; Miriam Sullivan, West Penn women's titleholder, and Betty Cochran, National Capital luminary, being among those billed for competition.

BROIDA ADVANCES

A light card prevailed yesterday, favorites coming through handily in the two cases in which seeded entrants were called upon to engage. Frank Broida, winner of the recent Pittsburgh Sun-Telegraph Pittsburgh Public Parks conclave, continued his brilliant play by lashing out 6-2, 6-0 decision over Dillinger Hixson, veteran Greensburg entrant, to ease into bracket three.

Billy Ramsay, Lafayette College crack from Uniontown, likewise justified confidence reposed in him by the seeding committee by driving and smashing to 6-3, 6-2 verdict over the Westmorelander, Bill Spiegel. Dr. Dave O'Loughlin, P. A. A. flash and No. 1 of the select group, arrived late in the day only to find that his opponent, Charles Mills, of Pittsburgh, had defaulted to him.

HAMMER VICTOR

Tack Hammer, Westmoreland County premier since the memory of man runneth not to the contrary, carried too much artillery for Malcolm Hay, hard-hitting but erratic Pittsburgh Golf Club cavorter, and slashed out a 6-1, 6-1 decision.

Two vigorously-fought frays were halted by darkness. Ed Rhea, Winged Head newcomer from Oxford, stood a set up on Father Bernard, St. Vincent's College professor, 6-4, dusk halting frame two at the 7-7 stage after the Red and Gray representative had dropped a 5-3 advantage, while Chuck Boyd, Wash-Jeff husky, led R. C. Bruner, hustling Jeannette volleyer, 6-1, 8-8, as twilight failed. Women's singles pairings:

First round—Frances Grimes vs. Miss Webb; Betty Cochran vs. Mary Lynch; Miriam Sullivan vs. Miss Rodd; Vida Hoyt vs. Miss Steele.

Second round—Catherine Ciele vs. winner of Rodd-Sullivan match; Helen Carson vs. Miss Ora; Rose Straub vs. winner of Steele-Hoyt match.

MITCHELL TOPS ARKLE

MORGANTOWN, W. Va., Sept. 9.—(AP.)—Dooley Mitchell, of Washington, D. C., displaying the same flashing form he has revealed throughout the tournament, yesterday conquered B. F. Arkle, of Wheeling, 6-1, 9-7, 6-4 to retain the singles crown in the final of the annual invitation meet at the Morgantown Country Club.

In the doubles final, Arkle and his partner, William Abrams, also of Wheeling, triumphed over Sam Cohn, Beckley, West Virginia closed champion, and Aubrey Smith, Beckley, by scores of 6-3, 6-4, 6-4.

WITTMER RECOVERING

PRINCETON, N. J., Sept. 9.—(AP.)—The condition of Albert F. Wittmer, head football coach at Princeton University, who underwent an emergency operation for appendicitis yesterday, was reported as satisfactory by Princeton Hospital authorities.

WOOD, HUGHES MEET DEFEAT

FOREST HILLS, N. Y., Sept. 9.—(AP.)—The upper crust of the lawn tennis world took another severe beating yesterday in the third round of the national championships at Forest Hills as two Davis Cup stars fell before opponents so obscure they scarcely have been heard of outside their home districts.

Sidney B. Wood, Jr., blond young New Yorker, was the day's outstanding fatality as he fell before the smashing strokes of Frank Bowden, an unheralded New York youngster, in five furious sets. The scores were 2-6, 6-0, 6-8, 6-3, 6-3.

George P. Hughes, who played on Great Britain's Davis Cup doubles team, was the second to find the door slammed in his face. Robert Bryan, of Chattanooga, Tenn., sending his noted opponent down by scores of 2-6, 6-0, 6-3, 8-6.

Favored stars who survived included Johnny Doeg, Ellsworth Vines, Frank Shields, George Lott, Jr., Clifford Sutter and Johnny Van Ryn, of this country, and Frederick J. Perry, of England, and Christian Boussus, of France.

Gregory Mangin, of Newark, provided another defeat of a seeded player when he eliminated Andre Merlin, of France, 6-3, 6-2, 6-1.

Frank Shields, lanky New Yorker, eliminated Bruce Barnes, Texas star, 6-0, 6-3, 6-1. Vines, the tournament's first seeded player, defeated Lenoir Wright, of New Orleans, 6-3, 6-3, 6-8, 6-2, but Doeg, the defending champion, had a merry battle before he put out E. T. Herndon, of New York, 10-8, 6-8, 10-12, 6-3.

GRID MEETING TONIGHT

By TOM BIRKS

With five teams all set to go, members of the Western Pennsylvania Independent Gridiron Conference probably will select the sixth and last member of the loop at a meeting in the Pittsburgh Sun-Telegraph sports department this evening at 8 p. m.

Which club will be the sixth member to open the season with the Majestics, West View, McKeesport Olympics, Dan Burns, of New Kensington, and East Pittsburgh Firemen, remains to be seen.

At the present time Christy Park, Linwood, East Liverpool, McKeesport, playing from Rainbow Gardens, and Hazelwood are eager to get the remaining berth.

His right hand injured in training and of little use to him, Jimmy Belmont of Braddock continued his climb up the fistic ladder last night by winning an unanimous decision over the veteran Bucky Lawless of Syracuse in the 10-round main bout in the Meyers Bowl, North Braddock.

Jimmy didn't need the right hand to win although if he had had the full use of it he might have scored more decisively and might even have stopped his man. There were many times when he had Lawless badly shaken up with left hooks to the body and head and a good right might have finished the job. In the main, however, he had to be satisfied with sinking the right into the soft part of the body at close quarters.

LAWLESS STARTS WELL

Cheers greeted the decision, to be followed by prolonged booing from the back seats, but there was no question that Belmont was the victor. What heavy hitting there was he did. His solid lefts to the head and body had Lawless almost constantly on the run, and Bucky lacked the punch to hurt Jimmy, although he did cut and discolor the local man's right eye almost at the start and drew blood from his nose with his left jabs later. Lawless was unmarked at the finish but he had been on a bicycle throughout, showing a great deal of respect for the youth who in his last two previous starts had scored knockout victories over Buck McTiernan.

Bucky started at a fast clip and in the first two rounds and again in the sixth and seventh it appeared as if he might win from Frank Klaus' rugged protege, but he was unable to keep off Belmont. Jimmy had to rally and do some hard hitting to even up the opening round in which he was outboxed and the second went to Lawless on his forcing and light but rapid-fire scoring.

JIMMY LAGS, RALLIES

Lawless continued the aggressor in the third until they went to the canvas together in some close-range mixing with Lawless on top. When they arose Belmont cut loose and punched out an edge for the round. He made Lawless hold with his hard hitting in the fourth and also carried the fifth and then seemed to go dead tired. He couldn't get going in the sixth and seventh and Lawless came on to step around him and make him miss repeatedly, the while Bucky scored at will.

Just when it appeared that the tide had turned definitely in Lawless' favor, Belmont got his second wind and he came out forcing the fight and drove Lawless before him and made him clinch at every opportunity in the eighth and repeated in the ninth, being warned for a low left during the latter session. They slugged it out in the tenth with honors even, but Belmont had won five of the 10 rounds, with two even and three of his sessions were carried by wide margins.

Lawless scaled 149½ pounds and Belmont 148 at 3 p. m.

WEST STOPS SOLOMEN

Mickey Solomen of New Castle, just a shell of his old self, was a punching bag for Tiger Joe West of Brookline in the scheduled eight-round semi-final, put on after the main bout, and Referee Al Grayber stopped the bout to save him from further punishment after 2 minutes and 35 seconds in the fourth round. Mickey had taken two counts of nine from lefts to the jaw in the first round, was down for three in the second and for nine before collapsing as the bell ended the third. He had to be carried to his corner and revived and he mauled and held until sent down again in the next frame, whereupon the cease firing signal was given. Solomen weighed 156 pounds and West 158½.

The second bout also was stopped in the fourth round with Sunny Jim McVey, local Negro, 168½ pounds, a technical knockout victor over Chuck Taggart of Butler, 175½. Taggart started off like a whirlwind but was in trouble before the end of the first round, was down twice in the second, down for nine and groggy at the bell in the third and on the floor again for nine and five before the finish after 1 minute and 13 seconds of the fourth round.

GOLDBLATT VICTOR

Benny Goldblatt of the Hill, 137½, won handily over C. S. Carpenter of New Kensington, 132, in the six-round opener, slugging his way to the victory.

A fair-sized crowd witnessed the show. Jimmy Beeson and J. K. Meininger were the judges and Tommy Grant and Norman Bosland the timers, with Ray Eberle doing the announcing.

Between Rounds

The Meyers Bowl will not operate again until Wednesday night of next week, passing up the usual Monday date because it is the night before Election Day and also [illegible] Election Day. An attempt is being made to secure an opponent for [illegible] in the main bout.

A change has been made in the opening bout on the Hickey Park card in Millvale tomorrow night whereby Marty Gold of Philadelphia, and not Harry Fierro of Chicago, will box Jackie Wilson, local Negro bantamweight, Fierro having canceled. Young Saylor, of Chester, meets Tiger Joe Randall, of Elizabeth, in the main bout. Buddy McArthur, of McKeesport, and Bruno Sala, of Donora, are in the semi-final and Charley Butler of the North Side meets Andy Andrews of the East End in the second event. Each bout will be of eight rounds.

Heavy Pressure on G. M. And Sogginess of Rails Turn Market Downward

NEW YORK, Sept. 9.—(AP)—The stock market poked its head up today only to attract a fresh volley of selling.

A little flurry of short covering sent several shares up a point or so at times in the morning, but heavy pressure against General Motors and further sogginess of the rails and utilities [illegible]. There were [illegible] point [illegible]. The bond market was disturbed [illegible] issues.

General Motors sagged more than a point [illegible] International Harvester and National Biscuit were sold [illegible] losing more than 2 points to record new minimum levels. Dupont sagged in sympathy with General Motors losing more than [illegible]. Miscellaneous issues losing a point or two included Consolidated Gas, Columbia Gas, American Telephone, National Power and Light, Eastman, Gillette, Woolworth, Atchison, Union Pacific, New York Central, Illinois Central, Nickel Plate, Reading and others. Some of the gold mining issues were bid up, however, notably Alaska Juneau and Homestake, the latter recording a new high for the year. Air Reduction rallied on announcement of its regular and [illegible] extra dividends.

The midweek business statistics provided little impetus to the market in either direction and the price movement appeared to be governed largely by uneasiness over dividends. The further cut in New York Central's quarterly payment from $1.50 to $1 after the reduction from $2 earlier in the year had been fully discounted by recent selling of the stock, which recorded a record low for the century [illegible].

Consolidated Gas [illegible] maintenance of the $4 annual rate by [illegible] fell in [illegible] with brokerage house gossip that the rate may be reduced to $2.50.

The regular payment announced by Western Union yesterday has caused a little more cheerful attitude toward communications issues, and brokerage circles are now inclined to look for the regular quarterly payment of 50 cents by International Telephone when directors meet tomorrow.

There have been further rumors of selling from abroad in the stock market this week, particularly from London. The German situation, however, continues reassuring.

The weekly steel trade reviews showed a moderate curtailment of ingot output, largely as result of the Labor Day holiday. A quick rebound to the level of a week ago is expected. Several observers expect operations to rise from the present level of around 30 per cent of capacity to about 40 per cent before the year end. Freight car loadings rose about 15,000 cars in the week ended August 29, the best gain in some time, but still under the [illegible] for that period for several years.

PUBLIC IN MOOD TO BUY GOOD VALUES

Alert Executives Scrap Obsolete Machinery to Cut Price of Product

By MERRYLE S. RUKEYSER

Universal Service

NEW YORK, Sept. 9.—Apart from stimulants, business equilibrium can be hastened by acceding to the current mandate for economy and the elimination of economic waste.

The public, skeptical and [illegible], is nevertheless in a mood to buy a greatly improved product for less money.

Mr. Rukeyser

Alert executives are taking advantage of the lull to scrap obsolete and inefficient machinery and to substitute new, better and more economical instruments of production. Many of the plans for such substitutions, however, are lying in the offices of engineering firms waiting for release when executives feel more optimistic about the business outlook.

PROJECTS AWAIT

Gano Dunn, president of the J. G. White Engineering Company, in response to my inquiry, said:

"There are indeed a large number of projects in our office awaiting both financing and construction. I only wish we could get started on them."

C. P. Wood, of Lockwood Greene Engineers, Inc., in a message to this column, said:

"We do have in our office a number of projects that have been suspended by the business depression, but we are not at all sure about how much restoration of confidence will be required to cause the normal resumption of industrial activity.

"We believe that we have our share of whatever work there is, but nothing indicates that our business will be up to normal within the next few months."

CHANGE APPARENT

In setting forth the larger philosophy behind private capital improvements at this time, a leading southern engineering firm pointed out:

"Out of the welter of efforts, new methods, new processes, new machines, new projects and products are emerging—all to the one common end that things may be made to sell for less, but at a profit.

"It is the first signpost of stabilization and the returning sense of security.

"It can be hastened in proportion as the best methods, the most suitable equipment and facilities are searched out, developed and applied over the breadth of all industry."

TIDE TURNED

The new and improved management of the Kroger Grocery and Baking Company has succeeded in turning the tide of profits, but is not yet satisfied.

Albert H. Morrill, the president, told me:

"The first six months of 1930 was for Kroger an abnormal period, a hangover from 1929 of high-priced merchandise. Complete change of management and the installation of new methods caused earnings to approach the vanishing point. The improvement in the first six periods of 1931 over 1930 was nothing more than a return to normal. The ratio of net profits to sales is still too low to be comfortable.

"This ratio can only be increased with improved personnel and management."

Board of Trade May Lower Charges

CHICAGO, Sept. 9.—(AP)—A special Board of Trade committee began a study of the market situation today with a view to removing restrictions and obstacles impeding the volume of grain trading.

Prices and volume of trade have fallen week by week until some members concerned over the dearth of business feel there should be a reduction in commissions on cash grain and futures transactions as well as in elevator charges.

Lone Star Gas Displays Steady Tone; Industrial Group Holds Unchanged

Trading was in moderate volume during the early dealings on the Pittsburgh Stock Exchange today, with prices holding close to the levels prevailing on the close last night. Lone Star Gas continued to lead the market in volume, but other fuels were dull.

There was a little trading in the Independent Brewing issues, with the preferred opening fractionally higher and extending the gain on subsequent sales. The common was steady around the previous price level.

Industrials were generally steady, although the rate of trading was so light that definite trend was indiscernible. Mesta Machine slipped back a half point on a small lot transaction, while Pittsburgh Forgings and Plate Glass were steady and unchanged.

WHEAT PRICES HOLD STEADY

CHICAGO, Sept. 9.—Grains took their cue early today from firmness shown by securities. Reports that the Liverpool wheat market had been weakened by United States government financed offerings were ignored. Opening ¼ cent off to ¼ up, wheat later held steady. Corn started at ⅛ decline to ⅛ advance and afterward kept near the initial range, except that September tended to sag.

The following quotations on the Chicago Board of Trade are reported by A. E. Masten & Co.:

Columbian Carbon Likely to Pay the Regular Dividend.

When directors of Columbian Carbon Company meet the first Tuesday of October they will in all likelihood declare the regular quarterly dividend of $1.25. Operations in the current quarter will show improvement over the second quarter when net profit after all deductions including depreciation and depletion was $299,231, or 55 cents a share on 537,745 shares outstanding.

It probably will be a few days before definite information is obtained as to total production of East Texas oil field due to the fact that many of the wells will fluctuate before arriving at a settled daily allowable of 225 barrels per well, according to R. D. Parker, chief supervisor of the oil and gas division of the Texas Railroad Commission. He said it is improbable that any revision of the allowance will be made before September 20 and not then if the limit fixed by the commission's order is not exceeded.

Reports are heard again of foreign selling of American securities. They are based on the fact that several of the houses which handle business from abroad were more active on the selling side in the late days of last week. Whether this supply represented orders from abroad is not definitely known. However, important English financial interests have maintained a bearish attitude toward the stock market here right along, and they might have been putting out new short lines recently.

Students who have watched the market in the past few weeks express the opinion that American Telephone has been well taken on a scale during minor reactions. There were times when liquidation came into the issue, but it was taken care of as lower prices were reached. So far as can be learned by an investigation in commission houses, there has been less odd-lot buying in Telephone in the past week. This is believed to indicate the growing tendency by the public to wait for a change in conditions before entering the market for leading stocks.

Procter & Gamble has been doing well during the period of business depression. Net sales for the year ended June 30, last, were smaller than in the preceding period, amounting to $176,157,000 compared with $192,353,000. However, the management was able to increase the profit margin to 14.4 per cent against 12.5 per cent in the 1930 period, and this resulted in earnings of $3.37 a share, contrasted with $3.34 in the preceding year. Stability of earnings and consistent growth have been factors which resulted in buying coming into the stock at times in the past.

There was a disposition in some quarters yesterday to wonder just how much of the current selling was being done by those anticipating the September tax date which is now only a week away. There was some conjecture also on whether or not the prospect for an increase in income tax rates might not be serving to induce some wealthy people to sell stocks now with the idea of establishing losses to be used against any possible profits that may be realized by the end of the year. While it was admitted that these considerations might be responsible to some extent for the selling, it was generally concluded that bulk of the offerings took the form of liquidation by tired and discouraged holders.

BLANKET ORDERS FAIR

The recent entrance of some of the retail buying organizations into the New York blanket market with some fairly substantial orders has encouraged the trade to believe that volume buying from these sources and from other retailers will develop shortly. Jobbers have been placing fair sized commitments for the last six weeks and in a few cases deliveries, particularly on all wool numbers, have been difficult to fill.

COTTON HIGHER AT OPENING

NEW YORK, Sept. 9.—Cotton opened steady today, 2 to 4 points higher in the face of relatively easy Liverpool cables.

The demand was sufficient to send prices up to 6.99 for December and 7.28 for March, or about 8 to 11 points net higher, and the market was within 3 or 4 points of the best at the end of the first half hour. Liverpool cables said that the spot sales of 25,000 bales reported in that market today included 15,000 bales of Russian cotton which according to one of the private advices, was rumored to be for export to India.

LIVERPOOL, Sept. 9.—Cotton—Spot in increased demand, prices five points lower. American strict good middling 4.39, good middling 4.04, strict middling 3.79, middling 3.64, strict low middling 3.49, low middling 3.29, strict good ordinary 3.09, good ordinary 2.79. Sales 25,000 bales including 4,000 American. Receipts, 4,000 American, 900. Futures closed steady. October 3.56, December 3.61, January 3.36, March 3.71, May 3.79, July 3.85.

A. P. I. Oil Figures Drop During Week

NEW YORK, Sept. 9.—(AP.)—Daily average gross crude oil production in the United States decreased 5,250 barrels in the week ended September 5, totaling 1,746,300 barrels, the American Petroleum Institute's weekly summary indicates. Daily average production east of California decreased 2,650 barrels to 1,243,100 barrels.

Imports of crude and refined oils at principal United States ports totaled 1,825,000 barrels against 1,195,000 barrels.

August Dividend Payments Lower

NEW YORK, Sept. 9.—Cash dividend payments made by domestic corporations in August were smaller than in any previous month of 1931, Standard Statistics Company reports. Total payments amounted to $211,543,796. Electric light and gas companies accounted for more than $51,000,000, railroads for more than $44,000,000 and food products concerns for over $4,000,000.

CAR LOADINGS SHOW GAIN

WASHINGTON, Sept. 9.—(AP.)—Revenue freight loadings for the week ending August 29 were announced by the American Railway Association as totalling 763,764 cars.

This was an increase of 15,053 cars above the preceding week and a decrease of 220,746 cars below the same week a year ago.

Miscellaneous freight loadings totaled 282,202 cars, a decrease of 102,840 below the same week of 1930; merchandise 214,627, decrease 24,695; coal 134,403, decrease 34,476; forest products 28,036, decrease 14,788; ore 34,927, decrease 20,821; coke 4,868, decrease 3,615; grain and grain products 40,453, decrease 4,307; live stock 24,243, decrease 306.

Paramount Publix Injunction Refused

NEW YORK, Sept. 9.—(AP.)—Justice Alfred Frankenthaler today declined to issue a temporary injunction restraining the Paramount Publix Corporation from repurchasing 65,000 shares of its stock at $75 a share, which it gave in June 1929, for the controlling interest of the Kunsky Theaters, Inc., of Detroit, Mich. The injunction was sought by Joseph Baker of Boston, a stockholder owning 300 shares.

Baker contended the agreement to repurchase was inequitable and unjust to the stockholders in view of the depressed condition of the theatrical business. He argued the market value of Paramount stock today is approximately $24 per share. Counsel for Paramount insisted the agreement was a binding one and the stock was worth $75 per share at the time the agreement was made.

German Dealers Hit Wheat Purchase

HAMBURG, Germany, Sept. 9.—(AP.)—The Grain Dealers' Association here sent telegrams to several members of the German cabinet today protesting against purchase by Germany of American Farm Board wheat on the ground that it would damage German prestige.

Hamburg wholesalers sent a similar telegram to Foreign Minister Julius Curtius.

National Steel to Report Profit for Quarter

By GEORGE H. SNYDER

NATIONAL STEEL CORPORATION will report a profit for the third quarter. Net will not be as large as in the first and second quarters, but officials feel that results will be satisfactory in view of the current low rate of operations.

Earnings for the full year of 1931 will cover dividend requirements of $2 a share. In the first half of the year net profit was $3,459,376 or $1.60 a share. It will be necessary for the organization to earn only 40 cents a share in the balance of the year in order to completely meet dividend payments from earnings. There appears to be no doubt about the company's ability to do this even under the adverse conditions of the present time.

National Steel was the only one of the leading companies in the industry to cover dividend requirements in the first half of this year and it probably will be the only one to cover dividends for the entire year of 1931.

Economies to Help Profits

OPERATING ECONOMIES PLACED into effect recently will tend to materially help earnings during the balance of the year. A 15 per cent reduction in salaries of all office workers was placed into effect on September 1. National was the last of the large steel companies to take this step to cut overhead costs. Other economies also are being made.

Operations at the recently completed Detroit plant have been fairly satisfactory in spite of the relative inactivity of the automobile producers. Production at this point is at 50 per cent of capacity. A considerable period of time usually is required to put new steel mills into working order but only minor difficulties have been encountered at Detroit.

Expansion Completed

NATIONAL STEEL'S POSITION is exceptionally good at present since practically all its plants are modern and the funded debt is small for a steel company. The organization's $36,500,000 expansion program was completed in July when the last unit at Detroit was put into operation.

The program included the construction of a fully integrated steel plant at Detroit in addition to modernization of older units at Weirton and the purchase of an 800-acre tract of land in the Chicago district for future expansion at that point.

This means that it will be unnecessary for National to spend any large amount of money for modernization of existing plants for many years. No definite date has been set for the construction of the Chicago plant. This probably will depend on future business conditions.

Funded Debt Small

THE LAST BALANCE SHEET showed physical properties carried at $101,891,664 after depreciation and depletion. Total assets were $157,498,532. Against this funded debt amounted to only $43,150,000 after giving effect to the sale of $40,000,000 of 5 per cent bonds early this year.

There is no preferred stock. A total of 2,156,829 shares of common stock are outstanding.

STRONG LINE GENEVA HOPE

Continued from Page Twenty-two

that should afford ample protection to the new and for a time shaky backfield.

The Genevans have been out for better than a week and a great part of the time has been spent in experimenting with the backs. The freshman material while not of excessive numerical strength boasts some promising performers. Dick Jones, who starred for South Hills High in Pittsburgh two years ago; Harold Campbell, a speedy 165-pounder; Henry Rupp of Grafton, W. Va., and Nick Garda, who starred in all sports for Beaver Falls, are being watched with considerable interest.

PIETSCH IS COMEBACK

The case of Pietsch, another former South Hills luminary, is worthy of comment. Pietsch two years ago was a slam-bang fullback. Big and fast, he gave every indication of developing into a ball toter of the first magnitude. Then an unfortunate accident which cost him the sight of one eye put him on the shelf last year. He is back again for another shot and if his injury does not handicap him too much (and apparently it is not) the first string fullback job appears to be his.

Young Jones, a sturdy 165-pounder, who is above the average in gridiron sense, has been alternating at the job with Pietsch. If Pietsch fails to click, Jones is almost certain to be in there.

Grahame, one of the most accurate passers in the section, is back at the quarterback job. Heffley, who turned in some excellent performances last year, suffered a shoulder injury the second day out and has been on the sidelines since, but he's expected back within the week. Bob Evans, Weigle, Sauer, Garda and Rupp are out in front for the other halfback assignment.

Geneva is pretty well stocked with ends. Cliff Aultman, former Kiski star, considered the greatest all-around star in Covenanter history, is a sure shot for one wing job, with Johnny Iffl and Kent Sole in line for the other. Green and Robinson, holdovers from last year, are back again and will have their hands full in staving off the challenges of freshmen of the ability of Al Stanich, Gene Falenski, Ray Park, Bob Rimbey and Bob Hart.

COOPER, M'KEE STRONG

Last year's varsity tackles, Cooper and McKee, along with the first string reserves, George Johnson and Ray Turpin, afford great line strength. At the guards, the husky, hard-charging Tom Stauffer; Will Granley, a 191-pounder; Willard Howell, who won his letter last year, and Bob Donohue, an Akron entry, assure weight and class in the center of the line.

Capt. Alured (Slim) Ransom, towering center star, who is a one-man forward pass defense, is in there at center, and unless he's hurt, has the class and ability to fight off all challenges. Ransom is one of the smartest defensive players in the territory. His passing and charging on the attack are of corresponding worth.

He'll be understudied by Edward Rodesmeyer, a holdover, and Abe Lipsky and Melvin Hudson, a 200-pounder, from the freshman ranks.

If Geneva had a ball game to play tomorrow, the starting lineup would shape up something in this fashion:

PROBABLE LINEUP

Ends, Aultman and Sole; tackles, Cooper and McKee; guards, Stauffer and Howell; center, Ransom; quarterback, Art Grahame; halfbacks, Weigle and either Heffley or Sauer, and fullback, Jones or Pietsch. In the event Grahame isn't used the diminutive but fiery Guidio Troiana, another southpaw, likely will get the call at quarterback. Aultman figures to come into the backfield to attend to the kicking.

The schedule is rugged. The season opens at Forbes Field, in Pittsburgh, the night of September 18, with the Dukes. St. Francis is here the night of September 25. The week following, in a night game here, Bucknell, which laced the Covenanters 40-6 last year, will be met. Thiel appears in a Tri-State Conference nocturnal tussle October 2. On October 17 the Genevans invade Boston for a game with Boston College. Grove City and the Covenanters stage their annual classic under the light October 24, and Franklin and Marshall is to be met at Lancaster October 31.

Waynesburg at Waynesburg, Allegheny at Meadville and Westminster at home make up the November card.

The Covenanters are not looking forward to compiling an unbeaten record, but they do expect to equal last year's fine showing. The opening game of the year with Duquesne figures to be as difficult as any on the card. The Covenanters will enter this one on the short end and with the Dukes rearing to go after their 7-0 setback of last year.

Coach Harpster plans to continue the use of the Tech system utilizing Grahame's left-handed passes and Aultman's fine boots to keep the opponents' defense spread. Geneva foes will have to build strong pass defenses and must count on stacking up against a well sinewed line.

HORSE SHOW FIELD BIG

One hundred of the district's finest horses will compete in 26 classes at the annual Pittsburgh Hunt Club horse show at the Hunt grounds in the Fox Chapel district Friday and Saturday.

Entries have been received from the Rolling Rock, Sewickley, Westmoreland and Indiana Hunts and from the Erie Saddle Club.

Gen. William D. Mitchell, former head of the United States air forces, of Middleburg, Va., will judge the hunter and jumper classes. The general maintains a noted stable of horses in the Virginia hunting country.

Maj. F. L. Hubbard, United States Cavalry, will judge the saddle horses and ponies and George R. McNary the farm horses.

LYNCH ENTERS HORSE

Dr. Ralph Lynch, of Pittsburgh, has entered his well-known bay gelding, Westmoreland Lad, in the Westmoreland hunt horse show to be held at the polo field in Greensburg Friday and Saturday, September 18 and 19.

STEEL PRICES HOLD STEADY

NEW YORK, Sept. 9.—The Iron Age in its weekly summary of the iron and steel trade tomorrow will say:

The passing of Labor Day, which marks the end of the summer vacation period, has had the usual effect of injecting renewed vigor into iron and steel sales programs. While it would be an exaggeration to say that any marked betterment in demand is expected to result from a more concerted drive for business, the industry is at least more cheerful, viewing such favorable indications as there are with satisfaction and awaiting further developments with hope.

While August was a disappointment in that it failed to give any clue as to fall business prospects, it was nevertheless reassuring in that it showed that both production and prices have struck resistance levels. Steel ingot output varied but little throughout the month and registered the smallest decline from a previous month since the inception of the current recession last April. The record since the first of September likewise suggests that bottom has been plumbed so far as production is concerned. Although adversely affected by Labor Day curtailment, present ingot output averages about 30 per cent and before the week end may again equal or possibly exceed the 31 per cent rate of a week ago. Prices have held rather evenly since the first of August.

Evidences of improved demand, although still too fragmentary to be regarded as conclusive, include a slight gain in releases from the automobile industry, the appearance of several rail inquiries, a heavier flow of public works requirements in structural steel and reinforcing bars and more active consumption by a number of miscellaneous industries, among them radio, stove and steel barrel manufacturers.

Financial Report At Keystone Club

Report of the special finance committee of the Keystone Athletic Club will be made at a membership meeting tomorrow night in the club house. Plans for the possible re-organization of the club will be presented by C. Edward Keck, J. C. M. White and John A. Beattie, chairman.

Philadelphia Co. Earnings Decline

The Philadelphia Company reports for 12 months ended July 31, 1931, gross earnings of $59,060,384, compared to gross of $63,091,878 in the same period, 1930. Net earnings, including other income, totaled $31,184,970, compared with $32,477,348 in 1930.

CENTRAL CUTS TO $4 BASIS

NEW YORK, Sept. 9.—(AP)—The New York Central Railroad today reduced the quarterly dividend from $1.50 to $1, marking the second reduction in the dividend rate this year.

A reduction from the $6 annual rate had been expected in Wall street. The $6 rate was established May 1 this year and marked a reduction from the $8 basis which had been in effect from August 1, 1927. The $8 rate was an increase from $7 effective August 1, 1923, after payments at $5 during the previous eight years.

Coincident with the dividend cut a graded reduction in salaries was also announced.

The company issued the following statement in connection with the action:

"Employes receiving over $500 and less than $1,667 per month will receive a 10 per cent reduction in salaries. Those receiving $1,667 and less than $3,350 will have their pay reduced 15 per cent per month. Those receiving $3,350 will have their salaries reduced 20 per cent per month, effective October 1, 1931."

Myron C. Taylor, chairman of the finance committee of the United States Steel Corporation, was elected a member of the executive committee of the New York Central to succeed the late George F. Baker.

TREASURY BOND ISSUE SOLD

WASHINGTON, Sept. 9.—(AP)—Oversubscription by $140,599,540 of the Treasury $800,000,000 3 per cent 20-24-year bond issue was announced by Secretary Mellon.

The response to the bond issue was unexpectedly low, and while no Treasury officials would comment, it was pointed out the interest on the bonds was ⅛ per cent less than had been anticipated by financial interests of the country.

The issue also was for a longer term of years than had been expected and it was believed the two factors combined toward making money interests chary of the issue.

At the same time the other section of the Treasury's $1,100,000,000 security issue, which was in short term certificates, was oversubscribed four times.

Wabash System's Loadings Decline

CHICAGO, Sept. 9.—Wabash Railroad handled 14,749 revenue cars in the week ended September 5, compared with 15,214 in the week preceding and 16,504 in the like week in 1930.

SANDLOT NINES BATTLE

Sandlot fans will have two championship post-season games to attend this evening. At Dormont the first game of the City League championship will get under way with Books meeting Dormont at the High School grounds. Abe Martin probably will twirl for Dormont with Joe Vitelli on the mound for Books.

At the Homewood playgrounds the third game of the Commercial-Industrial League championship will be played with Rieck-McJunkins meeting Reliance Life. Reliance won the first game at Frick Park. Last night's battle finished in a scoreless tie. Gormley will be on the mound for the Reliance team and Eddie Laboon will pitch for Riecks.

Football Rules Parley Here Friday

Members of the Pittsburgh Chapter of the Eastern Intercollegiate Football Association, in conjunction with the commissioner of officials, will hold a football rules interpretation meeting at the Keystone Athletic Club at 8:15 o'clock Friday evening.

KING—DON'T CARE WHAT YA SAYS—I SAYS THEY'S CARBOLIC ACID IN THIS DRINK
WHY CERTAINLY THERE IS
HA! SO YA ADMITS YA WAS TRYIN' TO POISING ME!!
MAN—HOW YOU TALK!!
WHY CARBOLIC ACID ISN'T POISON—SAY—DID YOU THINK CARBOLIC ACID WAS POISON?
SURE I THOUGHT IT WAS POISING
YA DID?! HA! HA! HA! HA!
I THOUGHT THEY KILLED BUGS WITH IT
YES BUT YOU'RE NOT A BUG
THEY KILL BUGS WITH PURE ALCOHOL TOO—BUT PURE ALCOHOL WOULDN'T HURT YOU WOULD IT?
I SAYS IT WOULDN'T! ARF! ARF! I SAYS IT WOULDN'T
HE THOUGHT CARBOLIC ACID WAS POISON! HAW! HAW!
HA! HA!

I DON'T KNOW WHETHER YA KNOW IT OR NOT BUT THE PRISONER AT THE JAIL IS YOUR KIDNAPPER—WHY DON'T YOU GO DOWN AND IDENTIFY HIM?
HOW COULD I IDENTIFY HIM? I WAS KEPT BLINDFOLDED WHEN I WAS DOWN THERE—WHY DON'T YOU IDENTIFY HIM?
YOU KNOW MY PART—I KIDNAPPED HIM AND GOT YOUR MONEY BACK—THAT WOULD BE A FINE STORY TO TELL A JUDGE OR JURY—YOU'VE ALWAYS SAID YOU WANTED TO MEET HIM—I'LL GIVE YOU MY WORD HE'S THE MAN AND HERE'S YOUR OPPORTUNITY
EVERYBODY THINKS MY KIDNAPPING WAS "PHONEY"—EVEN MY WIFE DOUBTS IT—IF I WENT DOWN THERE AND TORE THE JAIL DOOR OFF AND BEAT THIS GUY TO A WHISPER, I SUPPOSE I'D GO TO JAIL FOR ASSAULT AND BATTERY—I ONLY HOPE THAT JAIL IS STRONG ENOUGH TO KEEP HIM IN—I'M AFRAID TO GO OUT—AFRAID I'LL MEET HIM AND CAN'T CONTROL MYSELF..

Suspicious of Tony, Collin Questions Fanchon

CHAPTER XXIV

Jennie looked magnificent in a Russian court costume of the time of Catherine the Great. The ropes of Carstairs emeralds were looped about her neck beneath the heavy pearls and fell to her waist. There were emeralds in her ears and she wore a small tiara of emeralds and diamonds. There were great square stones on wrists and hands, green as spring, clear as water, uniquely beautiful. It had taken no tactful appeal on Fanchon's part to make her wear them.

She always wore the emeralds at the [illegible] Ball, at the opening of the opera and on one or two other occasions. Fanchon could not drag her eyes from the jewels although she had seen them before. The first time Mrs. Carstairs had shown them to her. "They must go," she said, "to Collin's wife, but I've [illegible] other jewels, dear."

The dinner table glittered with crystal, with silver and gold plate and flatware. It had been built about a square space holding a [illegible] lake banked with orchids. There was wine and excellent food and superb service, and around that table thought Tony with the feeling of an Alexander were millions of dollars in jewels alone. However, the emeralds would keep him and Fanchon for the rest of their lives. There was a place in Paris and another in Rotterdam, where broken from their settings they could be disposed of. He knew of these places. He had not served one term in a reformatory for nothing, nor had he confined his activities to the service of drug rings and gang wars alone.

RIDES WITH COLLIN

It was quite late when they went in what practically amounted to a fleet of cars to the Van Suydams. As it happened Fanchon drove with Collin. The other Romeo had been unable to make other arrangements but bided his time in silence following Collin's small French town car as it pulled away from the curb before his did, with his dark and secretive eyes.

And Collin had made his own arrangements. He and Fanchon were alone in the car save for an impassive driver divided from them by glass and steel.

"I had to get you to myself," he said, "and we aren't going directly to the Van Suydams. We are driving around the Park first. I wanted to tell you how beautiful you are . . . it would take me many years to tell you that, Evelyn, but I must content myself with a few brief minutes. I am not," he added with forced lightness, "the only one who thinks so . . . Just as I am not the only Romeo."

She said, trying to keep the conversation from dangerous ground:

"It was an amusing coincidence, Cesare's coming as he did . . . the costumes are alike, even in coloring. I suppose they came from the same costumers."

Collin turned his mask in his hands. The high collar, the dark velvet became him very well. She had never, she thought, seen him so handsome.

She thought, "I love you. And you will never know. And tonight is the end. Of everything."

Something like a little moan escaped her. He turned quickly; he asked in anxiety, "Evelyn, what is it? You are not yourself."

QUESTIONED ABOUT TONY

"I'm all right," she answered, and then, seeing a chance to establish her plan, Tony's plan, she added, "I have perhaps a slight headache."

Collin continued unheeding, "You have not been yourself since this Cesare Gilli turned up out of the blue. Who is this man, Evelyn? What is he to you? What hold has he over you?"

She replied, her heart beating rapidly, "None, Collin, don't be absurd. I've told you all about him. He is just a friend."

"A friend," he said shrewdly, "who makes you tremble when your eyes follow in fear, before whom you alternately pale and flush. Come, I will not believe it. Is there anything troubling you? Is it that he perhaps knows of that time in Hawaii? Oh, don't draw away from me, Evelyn! Tell me the truth. Is the man threatening you with the expose of what was simply an idiotic escapade? Because if so, the remedy lies in your own hands. You have but to tell him simply and at once that I and my mother are aware of the matter. Or was there something you didn't tell me . . . concerning it?"

"And if there was?" she asked, simply fighting for time.

A CLOSE GUESS

"As if that would matter! Nothing would matter. Not even if you told me you had loved another man once and been to him what . . . what you can never be to me," he groaned.

She said unsteadily, "I did love another man once. As girls love, quite unthinkingly. But I—I was nothing to him. Nothing . . . important. I swear that. I've always been my own," she said strangely. "I've never belonged to someone else."

"Was the man . . . Commander Gaines?" he asked her. "Oh," he said instantly, "don't answer . . . I have no right to ask or to know."

"He was not," she said. "I think you should know that much."

A sudden suspicion seized him. "Gilli then? With whom you broke, who has followed you, who now annoys you by his importunities? Of course, Gilli! I was blind not to have seen."

She did not answer. She could not. It was true. And yet it was untrue.

"Oh, Evelyn," Collin said with a more complete loss of self-control than she had ever witnessed in him, "I have been a blundering idiot. And I have used this man as an excuse to stay here longer . . . an excuse to be near you. I should, I realize, have gone long ago. Perhaps I should have run from you that very day in the rose garden . . . when we quarreled and when, against my will, I fell in love with you . . ." he said, trying to speak more lightly, but it was—Kismet, I suppose. "I—I fancy that perhaps my thinking you were afraid of Gilli and wanting to stay near and protect you was all romanticizing. If, as I now believe, you were once in love with him and are no longer, that would, of course, account for your attitude when with him, your reluctance. It is a situation which is not unusual and you are capable of handling it yourself. So nothing remains for me except — to go away."

Synopsis

Lovely Fanchon Meredith is wanted by the San Francisco police in connection with a murder committed by her sweetheart, "Tony." Fanchon did not know he was a gunman. She escapes by airplane under the name of "Smith." Aboard is Evelyn Howard, whom Fanchon had met on a voyage from Hawaii. Evelyn is going to New York to live with her aunt, the wealthy Mrs. Carstairs, whom she never saw. The plane crashes and Fanchon is the only survivor. To get away from Tony and the past, she goes to the Carstairs home as "Evelyn." A strong bond of affection grows between Mrs. Carstairs and her "niece." Collin Carstairs, the son, is at first antagonistic because of his "cousin's" Hawaiian escapades and her self-righteous attitude when his mother offered aid, but Fanchon's sincerity overcomes his objections. They fall in love. After a happy summer at Southampton, Fanchon makes her debut in New York. Collin, though realizing their relationship is a barrier, cannot resist professing his love. Fanchon cannot acknowledge hers without revealing her identity. A few days later a threatening note comes from Tony. She visits him and repulses his advances. Tony informs Fanchon that Evelyn is alive, but has lost her memory. He threatens to expose Fanchon unless she introduces him to Mrs. Carstairs as "Cesare Gilli." Two days later Tony calls at the Carstairs home. Fanchon introduces him as an old friend. He has a plan to steal Mrs. Carstairs' jewels, with Fanchon's aid.

DAILY SHORT STORY

The 'Fourth' Degree

(All names of characters in this story are fictitious.)

Lunch Wagon Owner Held As Murder Suspect

"Well, Chief, did you get it?"
"You bet I did, Deputy!"
"The whole third degree stuff?"
"Every bit of it!"

John Henderson, cleaning the gas plates in his lunch wagon beneath the windows of police headquarters, paused to listen. He was grinning broadly. John came from the big city and established his lunch wagon in this city of ten thousand population because a widowed sister lived there and he felt it to be up to him to support her.

Chief Marshal Barton of the police force and Deputy Wilson were in Barton's office. John Henderson heard a great deal that was said in that office. The chief and his deputy did not realize how easily Henderson could hear what was said there in warm weather when the windows were open, because Henderson's wagon roof was somewhat below the windows.

"Tell me about it, Chief," Deputy Wilson begged.

"Well, as I told you," the chief proceeded, not at all loath to tell about it, "my wife's cousin is a sergeant on the police force in the city and he frequently helps in giving the third degree to some suspect. As luck had it, I got in on one of 'em. I set over at a desk and watched and listened. It ain't hard, me and you can do it."

"I read somewhere that they socked 'em plenty," Deputy Wilson said.

"It depends. Mostly they thump th' tables, cuss 'em out and yell at 'em. They call 'em 'dam liars' and worse—they tell 'em what they'll do 'em. Mostly they scare 'em. One of those that I saw was given to a crook who drove a taxi for some gangsters. He said he didn't know the passengers were gangsters and that they wanted to be taken to an address but he'd forgot the address."

TELLS OF EXPERIENCES

"Did they make him remember, Chief?"

"They sure did. After they cussed him and called him names my wife's cousin, the sergeant, who is a giant of a man, doubled up his fist and went over to this feller. He shook his fist under his nose and he says, 'Remember that address, you've got 30 seconds to remember it in or I'll smack your nose right out through the back of your neck.'"

Chief Barton chuckled.

"Did he do it?" Deputy Wilson asked excitedly.

"He did."

"Socked him down?"

"No, th' crook remembered th' address. Then they got a slick little cuss and he wouldn't talk. They yelled at him and one big officer held a club over him but it wasn't no use. Then one of them officers says, 'Don't waste time, he don't have to talk. Hinckey has come through with it all. Hinckey didn't do it, this sneak did it and is trying to double-cross Hinckey.' Well, sir, this little crook he jumps up and says it's all lies and he tells everything."

Deputy Wilson nodded sagely.

"And we been tellin' 'em that whatever they said could be used against 'em."

"We'll get more convictions now. That's what a third degree is for—to scare confessions out of 'em," Chief Barton declared.

John Henderson smiled. He hoped he would hear some of their first attempts at giving a third degree.

ATTEMPT 'THIRD DEGREE'

Some time later Henderson heard the chief and his deputy trying their version of a "third degree" on a plain hobo, who had strayed into the city and was begging a snack at some back door.

Henderson got a big laugh out of it. All the information the chief and his deputy could extract from the hobo was his name and address, and the information that he "hit the road" every summer because it was easier than working in a hot city. He admitted that he was a plain hobo, and asked "What of it?" Finally the hobo got tired of it.

John Henderson had been in this city four years. His lunch wagon was a sort of "institution." Now and then there were little scraps and bits of trouble among his midnight customers, but nothing serious.

One night Whitey Blake, Brick Flannagan, Sue Parker, one of the little city's "underworld" damsels, and a woman unknown to Henderson, came in for hamburger and coffee.

They had all been drinking. They were rather hilarious, and between hilarity and moments of pause to sample something from a flask, they quarreled. As far as Henderson could see, the Parker woman was sore because the other woman was petting Whitey Blake in a decidedly maudlin but suggestive manner.

They left finally, skidding down the wagon steps, laughing, cursing, chattering.

Henderson heard nothing more for nearly an hour. Three late customers came in and had their eats and Henderson was getting ready to close up.

Officer Sawyer stuck his head inside at this time.

"There's a woman hurt out here. Jack, bring your flashlight and lend me a hand," he said.

Henderson's flashlight revealed the woman who had been with Sue Parker, Blake and Flannagan and hour previous. She was dead. She had evidently been stabbed. Henderson did some fast thinking, but said nothing other than that he had heard nothing outside and didn't know the dead woman.

Deputy Wilson called Henderson out of bed at eight that morning. Henderson went down to headquarters.

HENDERSON QUESTIONED

"You know about this, Henderson," Chief Barton said sharply, "come across with it."

"Sure, I held a flashlight while Patrolman Sawyer investigated," Henderson admitted.

"You know plenty more than that," Deputy Wilson yelped at him.

Henderson shook his head. "Nope, that's all."

Chief Barton turned on him, he half forced him into a chair. "The woman was croaked in your wagon and lugged out—might as well come across, Henderson!"

"What's this, your new third degree?" Henderson asked, quietly.

"And plenty—no use for you to lie—tell it straight and it will go easy with you—try to cover up anything and you'll be in plenty trouble, and not as a material witness but as an accessory."

"And that," Deputy Wilson added to the chief's threat, "makes you as guilty as the murderer."

"Sawyer found the woman near my lunch wagon. If an auto ran over a guy and killed him in front of my wagon would I be an accessory?" Henderson asked. He still spoke quietly.

"Ha! Trying to make me think an auto killed her? Sure, it ran up and stabbed her three times—look here, Henderson, you're in a helluva jam, come through clean and we'll help you. Who done it?"

"And why?" Deputy Wilson added, again speaking his part along with the chief.

"Pretty swell third degree you are trying to spring on me—but it won't work. One of your cops finds a woman dead near my wagon—I'm guilty—"

"So, you confess!" barked the chief.

"I'm guilty, according to your reckoning. All right, the body was as near to your office as to my wagon, and that juxtaposition makes you both equally guilty."

Henderson never smiled. "Proximity—nearness. Get yourself a dictionary. I know nothing about this, any more than Sawyer knows. That's all I can say."

For 20 minutes more they threatened and cursed and then Henderson turned on them.

"Listen, you cheap grafting cops—you've tried to give me a third degree. I'm going to give you a fourth degree—"

"Shut up," yelled Chief Barton, flourishing his automatic.

"I'll talk to you or to the county prosecutor and some federal officials, Barton. Remember, I'm giving you a fourth degree. Who owns the house where Sue Parker and other women carry on their ancient profession?"

"How many cases of cheap whisky have you, both of you, got stored under Tony's barber shop? What do you make Ellison of the Central House pay you for it? He has to get a dollar a drink for it—it costs you a dollar a quart after you cut it, your profit is four-fifty on every quart . . . and how about shaking down the Lily Club every week for a hundred and fifty?"

"Just a minute, Jack, use your head," Deputy Wilson cried.

"Use yours—you sap. What do you mean trying to give me a third degree when you two control the booze in this city, and also control the vice dens, and do a lot of racketeering and shaking down for protection? I haven't started my fourth degree on you—after I see the county attorney and the federal agent of this district, and the head of the vice league—"

"Be reasonable!" he cries.

"For God's sake, Jack, be reasonable," Chief Barton said, huskily.

UNSOLVED MURDER

"Were you reasonable?" Henderson demanded. "You were so damned swelled up over this third degree business, like a kid with his first bicycle, that you'd work it on your own mother for the sake of the kick it gave you. I don't know who killed this woman. I do know who was with her an hour before. If you clear up this thing it will run right into your own office and your own private bank accounts in other cities—and all I want now is to be given a free license to run my wagon, permission to put up the big signs you wouldn't let me use, and a general effort on your part to advise people to patronize my wagon—now I can go on with this fourth degree—"

"Hush, Jack—wait—this murder is going to be an unsolved mystery. What gets me is that you know so much and kept your mouth shut all the time."

Henderson's wagon trade increased. The "unfortunate" murder was never solved. And Henderson put an electric sign over his wagon—many ask what the name means, and Henderson always says, "Nothing—just something to arouse curiosity." The electric-light name of his lunch wagon is:

Judiciary Candidates

Selection of Judges Calls for Careful Consideration of the Aspirants' Fitness.

None of the public offices for which nominees are to be chosen at the primary election next Tuesday are more important than the judgeships. Seven places are to be filled on the bench of Common Pleas Court and four on the County Court bench.

There is a bewildering multiplicity of candidates for these places. With the possible but negligible exception of a few candidates of certain of the radical parties all the aspirants for the judiciary are lawyers. But it is not to be assumed on that account that all are sufficiently learned in the law to officiate satisfactorily as jurists. Some are fit, some are unfit.

It is difficult for the layman to determine whether or not a candidate for the bench, unless he has already sat as a judge, has the necessary qualifications. Short biographical sketches of the candidates were published in connection with the Bar Association's referendum, and still shorter ones have been issued by the Civic Club. Useful as they are, they are unsatisfactory because, having been written by the candidates themselves, they contain nothing but what is favorable.

It is important to the voters that they should know the unfavorable things about the candidates, too; but they have been left unsaid, even by rival candidates in their campaign speeches. In the circumstances there is little that the average voter can do to "get a line" on the qualifications of the judiciary aspirants but to consult a friendly lawyer who can be trusted to give an unprejudiced estimate.

It is obvious that every candidate for the bench should be considered on his own merits and not be supported merely because of his affiliation with some one else. On that account the joint appeal issued by the seven judges who are running on a "one for all and all for one" platform should be ignored, and the qualifications of each considered independently of the others. Judiciary slates are wrong in principle and should be smashed.

We find on the slate, however, some able men. Judge Joseph Stadtfeld's fitness for the bench is unquestionable. He has had a splendid record and has the enthusiastic support of the legal fraternity, who honored him some years ago by electing him president of the Bar Association and gave him the highest vote received by any candidate in the judiciary referendum.

One of the things in Judge Stadtfeld's favor is that he is independent of machine politics. He does not owe his appointment to the bench, as some of his colleagues do, to the Kline organization or the Armstrong organization. He has no political organization supporting him, and consequenty is free from all obligation to politicians and political machines.

It is of prime importance that the people of Allegheny County shall have independent jurists like Judge Stadtfeld on the bench, because the only hope of adequately punishing the machine gangsters for their election crimes, their malfeasance in office and their plundering of the taxpayers lies in having in the judiciary men who owe nothing to the machine and seek nothing from it.

Of an opposite type is Judge Samuel H. Gardner, who has long been identified with organization politics. It is unpleasant to criticize a judge, especially one who probably will be chosen for another term, yet the Sun-Telegraph considers it its duty to point out that Judge Gardner's record is far from satisfactory. As District Attorney he was not sufficiently zealous in the prosecution of racketeers like Al Forney, the slot machine operator, and in the prosecution of election frauds.

Charles A. Waldschmidt is another candidate of the machine politician type. Waldschmidt is City Solicitor, but he has conducted the office more as if he were Mayor Kline's personal counsel than as attorney for Pittsburgh. He has not been sufficiently alert to the city's interests. For example, he was not aware until the Sun-Telegraph called his attention to it that the taxicab companies had filed with the Public Service Commission at Harrisburg notice of intention to increase their rates, a matter in which the city was vitally interested.

There is an abundance of good judicial timber among the independent candidates. The Sun-Telegraph likes the sturdy independence of Alexander P. Lindsay. He was associated with Judge James H. Gray before the latter's elevation to the bench, and made a name for himself two years ago by his vigorous fight for Judge Richard W. Martin in the mayoralty campaign.

Thomas M. Marshall is another candidate who deserves consideration. Mr. Marshall is the youngest of a family of lawyers that have been conspicuous in the Allegheny County courts for many years. He broke the judicial slate in the Bar Association referendum, which indicates the high esteem in which he is held by his fellow attorneys.

Raymond D. Evans, assistant United States Attorney, is another candidate with a fine record. He worked his way up from a position as office boy with Reed, Smith, Shaw & Beal.

Judge Sara M. Soffel should, of course, be given another term on the bench of the County Court, and that [illegible] because she is a woman, but because her knowledge of the law, her common sense and her principles are of a very high order. Lawyers say Judge Soffel is one of the best judges that has ever sat in the County Court.

The Sun-Telegraph is for M. A. Musmanno for the County Court bench, though it will regret to see him leave the Legislature, where he has rendered such admirable service and is so badly needed. Musmanno is one of the outstanding figures in the public life of Pennsylvania; he is always to be found battling for justice and we should like to see him in an office where he would have greater outlet for his energy than he will find on the bench.

In the desire to be of public service we have offered some suggestions to citizens uncertain as to whom they shall support for the judiciary.

Voters should not cast their ballots blindly for any of the candidates.

Man's Superiority Complex

When you start out on a motor trip with a woman at the wheel you know you will GET there providing her breath holds out.

* * *

But when you start out for a strange destination with a man at the wheel it is a delightful guessing game! If you wind up anywhere within 40 miles of your objective YOU win!

* * *

This is because a man would sooner die clutching his road-map than to ASK the WAY. For some deep dark unfathomable reason a man would rather be caught stealing sheep or cutting his own hair than to lower his morale by admitting that he is on the wrong road! It would break his spirit!

* * *

A woman seldom bothers to take a road map. She hasn't any time to study one and anyhow she is too busy asking QUESTIONS! She can go farther straighter and quicker on a powder puff and the strength of her voice than a man can on seven road maps.

To a man a policeman is something to get past! but to a woman a policeman is just somebody to answer questions. She often stops and asks his "advice" about the roads even when she knows them by heart. Why WASTE a perfectly good policeman?

* * *

But a man will go out of his way rather than DEMEAN himself by admitting that a blue cap and coat give any other man the authority to TELL him anything. When it comes to "advice" he believes firmly that it is better to give than to receive—and that's his guiding principle!

* * *

Many a woman has driven half a day beside a graven image with sealed lips and a famished look on his eyes as he swept haughtily past filling stations drug stores intelligent-looking people and scores of traffic cops—only to discover that he was off the road!

* * *

YOU know how it is! He will argue about it, park the car and try to "figure it out!" turn around detour and retrace—but never, never will he give it up and INQUIRE!

* * *

Only when a man is hopelessly lost and beaten and the woman beside him is weeping for food is he reduced to that state of exhaustion and humility where he is willing to expose his ignorance and admit that he is willing to take a stranger's advice.

* * *

But if you love him never drive him to it! Never shatter a man's superiority complex by making him truckle to a traffic officer or admit that there is something that he doesn't KNOW!

NEW YORK DAY BY DAY

—By O. O. McIntyre—

NEW YORK, Sept. 9.—Anyway, the midget market is booming. Not since Barnum presented Gen. Tom Thumb has there been such a demand in the amusement world for the strange little people. Few midget actors are at liberty and circuses find such performers have increased drawing power this year.

Movie temples presenting midget acts with feature films, report them a sure fire draw. For many years midgets were offered merely as human freaks by side shows but today they are singing, dancing and portraying boisterous comedy as well as dramatic roles.

The majority of midgets come from the mountainous areas of Middle Europe, chiefly Austria and Germany. Science advances a theory that the biological reason for their slightness is due to defective thyroid glands in their parents. But science is not certain. It rarely is.

Anyway, it is discovered that sympathy, in most instances, is wasted on midgets. Few who would exchange places with normally developed men and women. Rather do they glory in their diminutiveness. Furthermore they are surprisingly healthy and happy. And invariably thrifty.

While the giant is conscious of his size the midget seldom is. He has very little timidity about appearing in public nor does he mind being stared at. Instincts productive of matrimony are minimized but when midgets marry they are often parents of fully proportioned children.

A California college fullback is the reputed son of midget parents. The midget is often testy. He does not particularly care for the term midget—although it is the name used in medical books and other treatises on the subject. He prefers to be called a Lilliputian.

* * *

I am told, too, that Lilliputians are heavy users of tobacco and that it does not affect them as the average smoker. A theatrical manager tells of a midget in one of his companies who smoked a dozen or more fiercely black cigars a day with a pipe between times. He weighs but 49 pounds.

* * *

Contrariwise, midgets are highly susceptible to the punch in alcohol and rarely touch intoxicants. Several years ago a midget suddenly appeared at the roaring corner of Forty-second and Tenth avenue and began to direct traffic. Such a crowd collected a policeman took him to the station house. He fell asleep in a chair and when awakened it developed he had had a single small glass of beer in the neighborhood—and drew a blank.

* * *

Another cloud piercer is in excavating stage in my part of town and I'd like to be away until it is finished. From two workshop windows during my time in New York I have watched various graduation of skyscraper constructions—the Woolworth Tower and the silver pinnacled Waldorf. Glancing up from my typewriter to see such gigantic endeavors makes my puny efforts doubly depressing. Often I've had to yank down the blinds to finish my chore.

* * *

I like the late Clare Briggs' facetious optimism about his daily stunt. Often he would cash in at our poker game, stretch and stifling a bored yawn sigh: "Well, I must gallop to the drawing board and show up a few of the old masters!" Sometimes I think he did.

* * *

The other day I inquired the fate of silver flasks. I had not seen one for months. Many manufacturers have written in there is still a market and one has grown extraordinarily ambitious and improved his product. Says he: "Our thermos flask absolutely removes that delicately tepid taste that comes from being carried on a warm hip!" Hotch-Potchie!

* * *

Broadway now has a Java and sinker salon for dunking de luxe on the corner north of the Astor where glittering machines once cascaded cigarets. Today drooling peepers through the oval window see machines minting luscious brown doughnuts.

* * *

"In my years on Broadway," postcards R. F., "I saw you the first time the other after midnight and you looked like a scared and innocent titmouse. And what did the cop at Forty-seventh street whisper into your ear?"

He was slipping me a few Facts of Life.

LISTEN, WORLD

—By Elsie Robinson—

They quarreled.

There was a bowl of yellow roses in the room when they quarreled.

She thought she would always remember the scent of yellow roses—

But she didn't.

In a few years, she had difficulty in even remembering the name of the man with whom she had quarreled.

Life is like that. It certainly makes a monkey of melodrama.

Life rolls along. It rolls right along over your hate and your heartbreak, your fevers and furies and frets.

Life rolls along. Which probably makes you plenty mad. So you go off, in a fit of pouts, and decide to be a cynic.

Better not waste your time. Being a cynic will buy you nothing but auto-intoxication. Life should worry whether you are a cynic or not! Life should stop because you don't want to play!

Life rolls right along. And that isn't because Life is heartless or purposeless. Life rolls right along because LIFE IS A GOING BUSINESS.

Life doesn't stop. Life can't stop. Winters may come—but spring is just ahead. Life rolls along over the winters. But Life makes use of the winters, even though it rolls right along. Life makes use of everything. Next spring's blossoms burst from last fall's ash.

Life rolls along — seemingly ruthless—making you forget your yellow roses. But presently Life will give you new yellow roses to remember—IF YOU HAVE THE COURAGE TO GO TOWARD THEM.

Life rolls along. You think you can't bear it today. A year from today you'll be bearing something new—and be the stronger from the bearing — IF YOU'LL ROLL WITH LIFE.

Life rolls along because it is a Going Business. And you were made to be part of that Going Business. You weren't made to be happy or comfortable or safe or complacent. You were made to be part of a Going Business with all its ups and downs, its harassments and humiliations. For these things are part of any Going Business. They are part of the inevitable overhead—part of the wonder and glory we pay for the great adventure of living. They are part of the assets, too—for one good humiliation is better for what ails you than a thousand hurrahs.

Life rolls along, raising a rumpus like every Going Business. Roll with Life! Get in on that rumpus! See that rumpus for what it is—part of Life's gorgeous racket. Tears today . . . laughter tomorrow . . . a little glimpse of beauty now and then . . . danger when you least expect it . . . one daggoned thing after another—

But always—LIFE!
Life rolls along—
Roll with life!

And stop expecting the universe to fold up just because you have chilblains.

WHAT DO YOU KNOW?

—By S. H. Connolly—

Match correctly:

1	Interested in nursing and hospitals.	—Harry R. Parkman.
2	Biographer of noted people	—Philip Frenau.
3	Famous as a New England poet	—John Muir.
4	American naturalist and writer	—Florence Nightingale
5	American poet of Revolutionary period.	—Robert Frost.

Fill each blank:

6 A ——— is a tax levied on goods coming into a country
7 A young lady just entering society is called a ———
8 A set of bells upon which a melody is played is a ———
9 ——— is the God of Marriage in classical mythology.
10 A young apprentice who does odd jobs in a printing office is a ———.

Do you know:

11 What is a cenotaph?
12 The expression "According to Hoyle" means what?
13 Who were the Huguenots?
14 What is Esperanto?
15 Who is John Bull?

Answers to today's test:

1 Florence Nightingale. 2 Harry R. Parkman. 3 Robert Frost. 4 John Muir. 5 Philip Frenau. 6 Tariff. 7 Debutante. 8 Carillon. 9 Hymen. 10 Printer's devil. 11 Empty tomb or sepulchral monument erected in memory of a person buried elsewhere. 12 Strictly formal, adhering to the rules of the game. 13 French Protestants of the Sixteenth or Seventeenth century. 14 Language invented by the Russian, Dr. Zamenhof, designed as a universal medium of speech. 15 An imaginary character symbolizing the English people.

Credit Threatened

Federal Reserve Banking System Faces Hazard in European Financial Panic.

By CARTER GLASS
United States Senator from Virginia.
Secretary of the Treasury Under President Wilson and Author of the Federal Reserve Act and the Federal Farm Loan Act.

NOT long ago, Ogden L. Mills, Under-Secretary of the Treasury, acting as Secretary of the Treasury in the absence of Mr. Mellon, issued a statement in New York to the effect that the international debt moratorium proposed by the President "is the only direction in which the government has either the opportunity or the authority to intervene."

Mr. Mills added:

"It is, of course, well known that the government has no control over the foreign credit policies of the Federal Reserve banks, and under a well-established and sound public policy, they have been kept free of Executive influence or interference.

"It should not be forgotten that the problems with which we are concerned today are fundamentally European problems and can best be solved through the initiative and concerted action of those who are closest to the situation."

THIS statement by the Under Secretary of the Treasury is fundamentally true to the very last degree, except that, despite the fact that there was no particle of legal sanction for such action, the State Department undertook, over a period of years, to control all foreign bank credits and recently Secretary Stimson, in utter usurpation of authority, issued an official statement to the effect that no official or agent of the Federal Reserve System "would be permitted" by the government to have any connection whatsoever with the affairs of the Bank of International Settlements.

Mr. Stimson, under the law, has no more to do with the officials or agents of the Federal Reserve System than a bootblack on the street corner.

His announcement was pure impudence and should have been instantly rebuked by the responsible heads of the banking system.

The assumption of the right to vise foreign bank credits by a clerk in the State Department under the direction of the Secretary became so dangerous and was so obvious a perversion of proper official functions as to cause the United States Senate to demand the legal authority for such action.

THE reply of the Secretary of State richly entitled that official to wear the fool's cap of the administration. It was laughable, and the Senate, by unanimous vote, pronounced it ridiculous and demanded that Mr. Stimson desist from interference with foreign bank credits and cease his impertinent attempt to manage the affairs of the Federal Reserve System.

True, Secretary Stimson paid no attention to the blistering rebuke, announcing semi-officially and irresponsibly that he would continue to violate the law; but Under Secretary Mills now states the correct attitude of the government.

Nevertheless, it is announced in press dispatches that the Federal Reserve banks are to be drawn into the European financial debacle and, without the semblance of statutory warrant, will "join other central banks" in guaranteeing tremendous credits to foreign banks.

IN SHORT, IT IS STATED THE TRUST FUNDS AND CREDIT OF THE FEDERAL RESERVE BANKING SYSTEM ARE TO BE HAZARDED IN THE MAELSTROM OF THIS EUROPEAN FINANCIAL PANIC.

SHOULD this utterly lawless thing be done it will dishonor every responsible official of the system and give color and credence to the increasingly violent attacks of ignorant demagogues who have already wickedly prejudiced this banking system with the volatile and emotional agrarians of the South and West.

Quite as amazing is the suggestion that the President of the United States, who has not and was never intended to have any authority whatsoever over Federal Reserve banking policies, definitely fixed by statute affirmatively and negatively, should coerce the Federal Reserve Board at Washington to usurp authority which it does not possess and under pretense of buying "prime commercial short time bills," thrust the United States commercial banking system into the vortex of European financial operations?

PROPONENTS of this idea, which has been widely advanced, attack Under-Secretary Mills' sensible statements of the case, arguing in this wise:

"Technically, it is true that the administration in Washington has no control over the Federal Reserve System in determining whether or not to go to the financial aid of Germany with a large credit. Actually, however, the administration is not, or at any rate need not, be as helpless as a rigid devotion to the technical details of the Reserve System set-up would imply.

"The Federal Reserve Board, composed of presidential appointees, is capable of exerting a powerful influence over the 12 regional banks. It appoints a third of their directors and also is capable of putting other types of leverage upon them. If, under such circumstances, the board were disposed to insist that certain credits be made available to Germany, and had a powerful figure in the banking world to back up its insistence, there would not be much reason to doubt that it would prevail.

"Given a New York Reserve bank, dominated by powerful figures, and the Reserve Board will tag along after it, as it did so consistently during the period of Benjamin Strong's reign in New York. Reverse the situation, and, within the limits of basic reserve requirements, New York may be following the board. It's a case where the technical details can be accommodated to the human forces working within them."

IN a word, this means that because the law was once violated outrageously by the "dominating figures" of the New York Federal Reserve Bank it should now be even more outrageously violated in a highly dangerous degree, which may—and very likely will—eventuate in incalculable disaster to the commercial credit system of the United States.

With such maladministration as has already occurred and as that now proposed, it will not be long before the stoutest defenders of the Federal Reserve System in Congress will be driven to at least tolerate the bitter criticism of its enemies.

ONCE OVERS

By J. J. Mundy

Why draw so many derogatory conclusions in regard to your neighbors and their families?

Every little thing you see suggests an unfavorable turn or twist.

If the members of the family seem to be happy and good natured when on the porch or on the lawn of their home, aren't you one of those who suspect it may be different "behind the door" inside.

Why not give people credit for sincerity?

If it be in order, in your own home, to be cross and irritable while appearing good humored and affable when the neighbors might see or hear, this is not the general rule in households.

To you, if a light is burning late at night, at the home of a neighbor, comes the picture of wife waiting up for a night hawk husband.

To hear a few loud words over there would be sufficient to concoct a story that So and So and her husband "fight like cats and dogs."

The affairs of the neighbors are really none of your business.

Your home would be happier if you paid more attention to the gentle courtesies to mother and children and kept father's ash tray in the right place.

You wouldn't have time to watch the neighbors then and spread stories.
